PUBLIC-LOCAL and PRIVATE LAWS INDEX

NORTH CAROLINA

1900-1945

EDITED AND ISSUED BY
THAD EURE
Secretary of State

STATE OF NORTH CAROLINA
DEPARTMENT OF STATE

DECEMBER 2, 1946

An available index of the most recent and generally referred to Public-Local and Private Laws of North Carolina has with increasing noticeableness been in demand by legislators, lawyers, administrators of governmental units and the public generally. For a long period of time, the Secretary of State's office has maintained a current card index of Public-Local and Private Laws for all counties, cities and towns of the State by subjects. It has proven to be invaluable and at the instance of this Department, the 1943 General Assembly authorized the publication of this information in volume form. The index presented is alphabetical by counties and alphabetical by cities and towns in their respective counties, covering enactments by subjects from 1900 through the 1945 Session of the General Assembly. General subjects are set up for each county, city or town and individual subjects are alphabetically arranged thereunder. The volume is available for sale and distribution in accordance with the provisions of Chapter 413, Session Laws of 1943.

Respectfully,

Secretary of State
