(i) ~~Any person who became a member after June 30, 1947, and before July 1, 1955, and did not subsequently withdraw his contributions may, prior to his retirement, increase his creditable service to the extent of the period of time from the date he became a "teacher or employee" as the terms are defined in this Chapter to the date he became a member, but not exceeding three months immediately preceding membership, provided that he makes an additional contribution in one lump sum equal to five per centum (5%) of the compensation he received for the aforesaid period of time plus regular interest thereon from the date he became a member to the date of payment.~~

...

(k) Notwithstanding any other provision of this Chapter, on or before December 31, 2021, any person who withdrew his or her contributions in accordance with the provisions of

G.S. 128-27(f) or G.S. 135-5(f) or the rules and regulations of the Law-Enforcement Officers' Retirement System and who subsequently returns to service may, upon completion of five years of membership service, repay in a total lump sum any and all of the accumulated contributions previously withdrawn with interest compounded annually at the rate of six and one-half percent (6.5%) for each calendar year from the year of withdrawal to the year of repayment plus a fee to cover expense of handling which shall be determined by the Board of Trustees, and receive credit for the service forfeited at time of withdrawal. These provisions shall apply equally to retired members who had attained five years of membership service prior to retirement. The retirement allowance of a retired member who restores service under this subsection shall be increased the month following the month payment is received. The increase in the retirement allowance shall be the difference between the initial retirement allowance, under any optional allowance elected at the time of retirement, and the amount of the retirement allowance, under any optional allowance elected at the time of retirement, to which the retired member would have been entitled had the service not been previously forfeited, adjusted by any increases in the retirement accrual rate occurring between the member's date of retirement and the date of payment. The increase in the retirement allowance shall not include any adjustment for cost-of-living increases granted since the date of retirement.

Notwithstanding any provision to the contrary, on or before December 31, 2021, a law enforcement officer who was transferred from the Law Enforcement Officers' Retirement System to this Retirement System pursuant to Article 12C of Chapter 143 of the General Statutes and withdrew his or her accumulated contributions prior to January 1, 1985, in accordance with G.S. 128-27(f) or G.S. 135-5(f) for non-law enforcement service and who has five years or more of membership service standing to his or her credit may repay in a total lump sum the accumulated contributions previously withdrawn with interest compounded annually at the rate of six and one-half percent (6.5%) for each calendar year from the year of withdrawal to the year of repayment plus a fee to cover expense of handling which shall be determined by the Board of Trustees, and receive credit for the service forfeited at time of withdrawal(s). The retirement allowance of a retired member who restores service under this subsection shall be increased the month following the month payment is received. The increase in the retirement allowance shall be the difference between the initial retirement allowance, under any optional allowance elected at the time of retirement, and the amount of the retirement allowance, under any optional allowance elected at the time of retirement, to which the retired member would have been entitled had the service not been previously forfeited, adjusted by any increases in the retirement accrual rate occurring between the member's date of retirement and the date of payment. The increase in the retirement allowance shall not include any adjustment for cost-of-living increases granted since the date of retirement.

(k1) North Carolina Withdrawn Service Purchased On and After January 1, 2022. – Notwithstanding any other provision of this Chapter to the contrary, on and after January 1, 2022, any member who withdrew his or her contributions in accordance with the provisions of G.S. 127-27(f) or G.S. 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System, and who subsequently returns to service and completes five years of membership service upon that return, while in service may purchase an amount of creditable service totaling the amount of the membership service associated with the withdrawn contributions, provided that the total of the creditable service purchased under this subsection may not exceed five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance

increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

- (1) For members who completed 10 years of current membership service, and retired members who completed 10 years of current membership service prior to retirement, whose membership began on or before July 1, 1981, and who make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the monthly compensation the member earned when ~~he~~ the member first entered membership service, times the employee contribution rate at that time, times the months of service to be purchased, times two, ~~with sufficient interest added thereto~~ multiplied by a factor equivalent to the investment return assumptions determined by the Board of Trustees, compounded annually, from the initial year of membership to the year of payment so as to equal the full cost of allowing such service, plus an administrative fee to be set by the Board of Trustees.
- (2) For members who complete five years of current membership service, and retired members who complete five years of current membership service prior to retirement, and eligible members and retired members covered by subdivision (1) of this subsection, whose membership began on or before July 1, 1981, but who did not or do not make such purchase within three years after first becoming eligible, the cost shall be an amount equal to the full liability of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the System's liabilities and shall take into account the retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire on an unreduced allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the term "full liability" includes assumed postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service retirement allowance. Notwithstanding the requirement of five years of current membership service, a member whose membership began prior to the service the member desires to purchase shall be eligible to purchase creditable service under this subdivision upon returning to service as a teacher or employee upon completion of a total of five years of membership service and upon completion of one year of current membership service.

Current membership service shall mean membership service earned since the service previously rendered to any state, territory, or other governmental subdivision of the United States other than this State. Creditable service under this subsection shall be allowed only at the rate of

one year of out-of-state service for each year of membership service in this State, with a maximum allowable of 10 years of out-of-state service. Such service is limited to full-time service which would be allowable under the laws governing this System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

(l2) Notwithstanding any provision of this Chapter to the contrary, on and after January 1, 2021, any member in service with five or more years of membership service may purchase creditable service previously rendered to the federal government or to any state, territory, or other governmental subdivision of the United States other than this State by paying a total lump sum payment. The amount of creditable service purchased under this subsection may not exceed a total of five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Creditable service under this subsection shall be allowed only at the rate of one year of out-of-state service for each year of membership service in this State, with a maximum allowable of five years of out-of-state service. Such service is limited to full-time service that would be allowable under the laws governing this Retirement System. Credit will be allowed only if no benefit is allowable in another public retirement system as a result of the service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

...

(p) Credit for prior temporary State employment. – Notwithstanding any other provision of this Chapter, on or before December 31, 2021, a member may purchase service credit for temporary State employment upon completion of 10 years of membership service and subject to the condition that the member had been classified as a temporary employee for more than three years. Each employer shall certify to the Board of Trustees that an employee is eligible to purchase this service credit prior to the member making payment. Payment for the service credit shall be in a single lump sum based upon the amount the member would have contributed if he had been properly classified as a permanent employee and been a member of this retirement system.

(p1) ~~Part Time Service Credit.—~~

~~(1) Notwithstanding any other provision of this Chapter, upon completion of five years of membership service, any member may purchase service previously rendered as a part time teacher or employee of an employer as defined in G.S. 135-1(11) or G.S. 128-21(11), except for temporary or part time service rendered while a full time student in pursuit of a degree or diploma in a degree granting program. Payment shall be made in a single lump sum in an amount equal to the full actuarial cost of providing credit for the service, together with interest and an administrative fee, as determined by the Board of Trustees on the advice of the Retirement System's actuary. Notwithstanding the provisions of G.S. 135-4(b), the Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year, as based on compensation, is equivalent to one year of service in proportion to "earnable compensation", but in no case shall more than one year of service~~

~~be creditable for all service in one year. Service rendered for the regular school year in any district shall be equivalent to one year's service. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.~~

- ~~(2) Under all requirements and conditions set forth in the preceding subdivision of this subsection (p1), except for the requirement that the completion of five years of membership service be subsequent to service rendered as a part-time teacher or employee of the State, any member with five or more years of membership service standing to his credit may purchase additional membership service for service rendered as a part-time teacher or employee of the State if (i) the member terminates or has terminated employment in any capacity as a teacher or employee of the State, (ii) the purchase of the additional membership service causes the member to become eligible to commence an early or service retirement allowance, and (iii) the member immediately elects to commence retirement and become a beneficiary.~~
- ~~(3) Under all the requirements and conditions set forth in subdivision (1) of this subsection, except for the condition that part-time service rendered when a full-time student in pursuit of a degree or diploma in a degree-granting program is not eligible for purchase, any member with five or more years of membership service standing to the member's credit may purchase creditable service for service rendered as a part-time teacher or employee of the State if that service was rendered on a permanent part-time basis and required at least 20 hours of service per week.~~

(p2) Part-Time Service Credit. – Notwithstanding any other provision of this Chapter to the contrary, any member in service with five or more years of membership service may purchase service previously rendered as a part-time teacher or employee of an employer, as defined in G.S. 135-1(11) or G.S. 128-21(11), except the following service may not be purchased:

- (1) Part-time service rendered as a bus driver to a public school while a full-time high school student.
- (2) Temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a degree-granting program, unless that service was rendered on a permanent part-time basis and required at least 20 hours of service per week.

Payment for service purchased under this subsection shall be made in a single lump sum in an amount calculated by applying the ratio of actual gross compensation earned as a part-time employee to the gross compensation that would have been earned as a full-time employee to the period of service rendered in months. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

The Board of Trustees shall adopt rules regarding how much service in any year, as based on compensation, is equivalent to one year of service in proportion to earnable compensation, but

in no case shall more than one year of service be creditable for all service in one year. Service rendered for the regular school year in any district shall be equivalent to one year of service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

~~(q) Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 135-3(6), may purchase membership service credits of such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 135-8(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum.~~

(r) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

- ...
- (3) Leaves of Absence Terminating On and After January 1, 1988. – The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates ~~upon or before a return to service~~ on and after January 1, 1988, shall be due and payable to the Annuity Savings Fund within six months from ~~return to service~~ end of the leave of absence and shall be a lump sum amount equal to the employee percentage rate of contribution in effect at the time of purchase applied to the annual rate of compensation of the member immediately prior to the leave of absence. For members electing to make this payment, the member's employer which granted the leave of absence, or the member's employer upon a return to service, or both, shall make a matching lump sum payment to the Pension Accumulation Fund within six months from ~~return to service~~ the end of the leave of absence equal to the employer percentage rate of contribution in effect at the time of purchase applied to the annual rate of compensation of the member immediately prior to the leave of absence. Such purchases of creditable service are applicable only when members have membership service credits within 30 days prior to the leave of absence and within 12 months following the leave of absence and such membership service is creditable service at the time of purchase. Notwithstanding any other provision of this subdivision, the cost to a member and to a member's employer or former employer or both employers whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof that the payment is made after the six-month period.

~~Notwithstanding the requirement of this provision that a member return to service, a~~ A member who is in receipt of Workers' Compensation during the period for which he or she would have otherwise been eligible to receive short-term benefits as provided in G.S. 135-105 and who subsequently becomes a beneficiary in receipt of a benefit as provided in G.S. 135-106 may purchase creditable service for any period of employer approved leave of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. The cost to purchase such creditable service shall be as

determined above provided the amount due if not paid within six months from the beginning of the long-term disability period as determined in G.S. 135-106 shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof that the payment is made after the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence.

The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the Retirement System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative expense fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.~~

Statutes.~~

(p) ~~Part-Time Service Credit.—~~

(1) ~~Notwithstanding any other provision of this Chapter, upon completion of five years of membership service, any member may purchase service previously rendered as a part-time employee of a participating employer as defined in G.S. 128-21(11) or G.S. 135-1(11), except for temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a~~

~~degree-granting program. Payment shall be made in a single lump sum in an amount equal to the full actuarial cost of providing credit for the service, together with interest and an administrative fee, as determined by the Board of Trustees on the advice of the Retirement System's actuary. Notwithstanding the provisions of G.S. 128-26(b), the Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year, as based on compensation, is equivalent to one year of service in proportion to "earnable compensation", but in no case shall more than one year of service be creditable for all service in one year. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.~~

- (2) ~~Under all requirements and conditions set forth in the preceding subdivision of this subsection, except for the requirement that the completion of five years of membership service be subsequent to service rendered as a part-time employee, any member with five or more years of membership service standing to his credit may purchase additional membership service for service rendered as a part-time employee of an employer as defined in G.S. 128-21(11) if (i) the member terminates or has terminated employment in any capacity as an employee, (ii) the purchase of the additional membership service causes the member to become eligible to commence an early or service retirement allowance, and (iii) the member immediately elects to commence retirement and become a beneficiary.~~

(p1) Part-Time Service Credit. – Notwithstanding any other provision of this Article to the contrary, any member in service with five or more years of membership service may purchase service previously rendered as a part-time teacher or employee of an employer, as defined in G.S. 135-1(11) or G.S. 128-21(11), except the following service may not be purchased:

- (1) Part-time service rendered as a bus driver to a public school while a full-time high school student.
- (2) Temporary or part-time service rendered while a full-time student in pursuit of a degree or diploma in a degree-granting program, unless that service was rendered on a permanent part-time basis and required at least 20 hours of service per week.

Payment for service purchased under this subsection shall be made in a single lump sum in an amount calculated by applying the ratio of actual gross compensation earned as a part-time employee to the gross compensation that would have been earned as a full-time employee to the period of service rendered in months. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

The Board of Trustees shall adopt rules regarding how much service in any year, as based on compensation, is equivalent to one year of service in proportion to earnable compensation, but in no case shall more than one year of service be creditable for all service in one year. Service rendered for the regular school year in any district shall be equivalent to one year of service.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(q) Credit at Full Cost for Probationary ~~Employment~~ Employment Purchased On or Before December 31, 2021. – Notwithstanding any other provision of this Chapter, on or before December 31, 2021, a member may purchase creditable service, prior to retirement, for employment with an employer as defined in this Article when considered to be in a probationary or employer imposed waiting period status and thereby not regularly employed, between date of employment and date of membership service with the retirement system, provided that the employer or former employer of such a member has revoked this probationary employment or waiting period policy.

Provided, the member shall purchase this service by making a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the liabilities of the retirement system, and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. In no instance shall the amount payable be less than the contributions a member would have made during the employment plus four percent (4%) interest compounded annually.

Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance.

Nothing contained in this subsection shall prevent an employer or member from paying all or a part of the cost of the probationary employment; and to the extent paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund; and to the extent paid by the member, the cost paid by the member shall be credited to the member's annuity savings account; provided, however, an employer does not discriminate against any member or group of members in its current employ in paying all or any part of the cost of the probationary employment. In the event an employer pays all or a part of the full actuarial cost, the employer may, at its option, pay such amount either in a lump sum or by increasing its "accrued liability contribution" for the remainder of its accrued liability period. In the event an employer has satisfied its accrued liability contribution, the employer may amortize its portion of the full actuarial cost over a period not to exceed 10 years. The expense of making an actuarial valuation to determine the accrued liability contribution or the additional accrued liability contribution, required to amortize the portion of the full actuarial cost paid by the employer, shall be paid by the employer in a lump sum at the time of the actuarial valuation.

(q1) Credit at Full Cost for Probationary Employment Purchased On or After January 1, 2022. – Notwithstanding any other provision of this Chapter, on and after January 1, 2022, a member in service with five or more years of service may purchase creditable service for employment with an employer as defined in this Article when considered to be in a probationary or employer-imposed waiting period status and thereby not regularly employed between date of employment and date of membership service with the retirement system. The amount of creditable service purchased under this subsection may not exceed five years.

The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement

System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(r) Credit at Full Cost for Temporary Government Employment. – Notwithstanding any other provisions of this Chapter, any member in service with five or more years of membership service may purchase creditable service for government employment when classified as a temporary employee subject to ~~the conditions that:~~ all the following conditions:

- (1) The member was employed by an employer as defined in G.S. 128-21(11) or ~~G.S. 135-1(11);~~ G.S. 135-1(11).
- (2) The member's temporary employment met all other requirements of G.S. 128-21(10), or G.S. 135-1(10) or ~~(25);~~ (25).
- (3) The member has completed five years or more of membership ~~service;~~ service.
- (4) The member ~~acquires~~ has acquired from the employer such certifications of temporary employment as are required by the Board of ~~Trustees;~~ Trustees.
- (5) ~~The member makes~~

The amount of creditable service purchased under this subsection may not exceed a total of five years. A member shall purchase this service by making a lump sum payment into the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the retirement system's liabilities, and the calculation of the amount payable shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary, plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.

(s) Credit at Full Cost for Employment Not Otherwise Creditable. – Notwithstanding any other provisions of this Chapter, any member in service with five or more years of membership service may purchase creditable service for any employment as an employee, as defined in

~~G.S. 128-21(10), of a local government employer not creditable in any other retirement system or plan, upon completion of five years of membership service by making a lump sum payment into the Annuity Savings Fund. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the retirement system's liabilities, and the calculation of the amount payable shall take into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance plan, provided that the employer is, at the time of purchase, a participating employer in the Retirement System but was not a participating employer in the Retirement System at the time the service was rendered by the member. The amount of creditable service purchased under this subsection may not exceed a total of five years. A member shall purchase this service by making a lump sum payment into the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board.~~

~~Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account.~~

SECTION 1.(c) G.S. 135-1.1(b) reads as rewritten:

"(b) Notwithstanding any other provision of this Chapter, any State board or agency charged with the duty of administering any law relating to the examination and licensing of persons to practice a profession, trade, or occupation, and who is subject to the provisions of the State Budget Act, Chapter 143C of the General Statutes, may make an irrevocable election by appropriate resolution of the board, on or before October 1, 2000, to become an employer in the Teachers' and State Employees' Retirement System. Retirement System coverage shall be conditioned on the board's payment of all of the employer's contributions or matching funds from funds of the board and on the board's collecting from its employees the employees' contributions, at such rates as may be fixed by law and by the rules of the Board of Trustees of the Retirement System, under G.S. 135-8, the Current Operations Appropriations Act, or any other applicable law, all of such funds to be paid to the Retirement System and placed in the appropriate funds. Any person who ~~is~~ was an employee of the board on the date the board makes an irrevocable election to participate in the Retirement System may purchase creditable service for periods of employment with the board prior to the election by making a lump sum payment equal to the full cost of the service credits calculated on the basis of the assumptions used for the purposes of the actuarial valuation of the system's liabilities, and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which a member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subdivision that provide for

SECTION 1.(e) G.S. 135-56 is amended by adding a new subsection to read:

"(b1) On and after January 1, 2022, when membership ceases as a result of a member's withdrawal of his or her accumulated contributions, the prior service and previous membership service of the member shall no longer be creditable service. If a member whose creditable service has been cancelled in accordance with this subsection subsequently returns to membership service and completes five years of membership service upon that return, then the member may purchase an amount of creditable service corresponding to the total of the membership service associated with the withdrawn contributions, provided that the total amount of creditable service purchased under this subsection may not exceed five years. The member shall purchase this service by paying a lump sum amount to the Annuity Savings Fund equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees upon the advice of the consulting actuary. The increases as set by the Board of Trustees upon the advice of the consulting actuary shall also include an administrative fee to be set by the Board.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. To the extent that the purchase is paid by the member, the cost paid by the member shall be credited to the member's annuity savings account."

SECTION 1.(f) G.S. 120-4.15 reads as rewritten:

(b) On and after January 1, 2022, repayment of contributions withdrawn from the Legislative Retirement Fund and System shall be in an amount equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees of the Teachers' and State Employees' Retirement System upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board of Trustees of the Teachers' and State Employees' Retirement System.

Subject to the requirements of this subsection, an employer may pay all or part of the cost of a service purchase of a member in service. To the extent that the purchase is paid by the employer, the cost paid by the employer shall be credited to the pension accumulation fund. SECTION 1.(g) G.S. 120-4.16(a) reads as rewritten:

All such repayments and purchases not made within two years after the member becomes eligible shall equal the full ~~actuarial cost of the additional service credit as defined in G.S. 135-4(m)~~ liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees of the Teachers' and State Employees' Retirement System upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board of Trustees of the Teachers' and State Employees' Retirement System."

SECTION 1.(h) G.S. 126-8.5(a) reads as rewritten:

"(a) When the Director of the Budget determines that the closing of a State institution or a reduction in force will accomplish economies in the State Budget, ~~he~~ the Director of the Budget shall pay either a discontinued service retirement allowance or severance wages to any affected State employee, provided reemployment is not available. As used in this section, "economies in the State Budget" means economies resulting from elimination of a job and its responsibilities or from a lack of funds to support the job. In determining whether to pay a discontinued service retirement allowance or severance wages, the Director of the Budget shall consider the recommendation of the department head involved and any recommendation of the Director of the Office of State Human Resources. Severance wages shall not be paid to an employee who chooses a discontinued service retirement. Severance wages shall not be subject to employer or employee retirement contributions. Severance wages shall be paid according to the policies adopted by the State Human Resources Commission.

In cases where a discontinued service retirement allowance is approved, the employing agency shall make a lump sum payment to the Administrator of the State Retirement Systems equal to the actuarial present value of the additional liabilities imposed upon the System, to be determined by the System's consulting actuary, as a result of the discontinued service retirement, plus an administrative fee to be determined by the ~~Administrator~~ Administrator, plus an amount to be deposited in the Retiree Health Benefit Fund. The amount to be deposited in the Retiree Health Benefit Fund shall be calculated by multiplying the number of years between the employee's date of discontinued service retirement and the employee's earliest unreduced retirement date under G.S. 135-5 by the most recent employer contribution rate to the Retiree Health Benefit Fund and then, if the employee is or would be eligible for retiree medical coverage under the State Health Plan for Teachers and State Employees, multiplying that figure by the salary used in the discontinued salary retirement calculation.

The salary used to determine severance wages under this section is the last annual salary except that if the employee was promoted within the previous 12 months, the last annual salary is that annual salary prior to the promotion. If the annual salary prior to the promotion is used, it shall be adjusted to account for any across-the-board legislative salary increases. Excluded from any calculation are any benefits such as, but not limited to, overtime pay, shift pay, holiday premium, or longevity pay. The salary used to determine the discontinued retirement allowance under this section is the same as the average final compensation under G.S. 135-1(5)."

SECTION 1.(j) G.S. 128-24(1a) reads as rewritten:

"(1a) ~~Should any member in any period of eight consecutive years after becoming a member be absent from service more than seven years, or should he withdraw his accumulated contributions or should he become a beneficiary or die, he shall thereupon cease to be a member; provided that on and after July 1, 1971, a A member shall cease to be a member only if ~~he~~ the member withdraws his or her accumulated contributions, or becomes a beneficiary, or dies."~~

In the event that an employer fails to submit payment of any required contributions or payments to the Retirement Systems Division, other than the one percent (1%) payment provided for in the first paragraph of this subdivision, within 90 days after the date set by the Board of Trustees, the Board shall notify the State Treasurer of its intent to collect the delinquent contributions and other payments due to the Retirement Systems Division and request an interception of State appropriations due to the participating employer.

~~Upon such~~ Except as provided in this subdivision, upon notification by the Board of Trustees to the State Treasurer and the Office of State Budget and Management as to the default of the employer, the Office of State Budget and Management shall withhold from any State appropriation due to that

The Board may waive one penalty per employer every five years if the Board finds that the employer has consistently demonstrated good-faith efforts to comply with the set deadline. If within 90 days after request therefor by the Board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer shall not have been received by the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the Board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer, or the municipality or county of which such employer is an integral part, from any funds of the State or any funds collected by the State shall be withheld from such employer until notice from the Board to the State Treasurer that such employer is no longer in default.
