PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.

We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.

All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.

The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.

This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States.

Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.

The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

Sec. 7. Suspending laws.

All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation.

The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections.

For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections.

All elections shall be free.

Sec. 11. Property qualifications.

As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.

The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.

All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Sec. 14. Freedom of speech and press.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education.

The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. Ex post facto laws.

Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

Sec. 17. Slavery and involuntary servitude.

Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Court shall be open.

All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws.

No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of

the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants.

General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty.

Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.

Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.

In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.

No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.

In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

Sec. 26. Jury service.

No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. Bail, fines, and punishments.

Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt.

There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State.

Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. Militia and the right to bear arms.

A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. Quartering of soldiers.

No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. Exclusive emoluments.

No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. Hereditary emoluments and honors.

No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. Perpetuities and monopolies.

Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. Recurrence to fundamental principles.

A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. Other rights of the people.

The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

Sec. 37. Rights of victims of crime.

(1) Basic rights. Victims of crime, as prescribed by law, shall be entitled to the following basic rights:

(a) The right as prescribed by law to be informed of and to be present at court proceedings of the accused.

(b) The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.

(c) The right as prescribed by law to receive restitution.

(d) The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.

(e) The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.

(f) The right as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.

(g) The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.

(h) The right as prescribed by law to confer with the prosecution.

(2) No money damages; other enforcement. Nothing in this section shall be construed as creating a claim for money damages against the State, a county, a municipality, or any of the agencies, instrumentalities, or employees thereof. The General Assembly may provide for other remedies to ensure adequate enforcement of this section.

(3) No ground for relief in criminal case. The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding.

ARTICLE II
LEGISLATIVE

Section 1. Legislative power.

The legislative power of the State shall be vested in the General Assembly, which shall consist of a Senate and a House of Representatives.

Sec. 2. Number of Senators.

Sec. 3. Senate districts; apportionment of Senators.

The Senators shall be elected from districts. (1) Each Senator shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Senator represents being determined for this purpose by dividing the population of the district that he represents by the number of Senators apportioned to that district;

(2) Each senate district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a senate district;

(4) When established, the senate districts and the apportionment of Senators shall remain unaltered until the return of another decennial census of population taken by order of Congress.

Sec. 4. Number of Representatives.

The House of Representatives shall be composed of 120 Representatives, biennially chosen by ballot.

Sec. 5. Representative districts; apportionment of Representatives.

The Representatives shall be elected from districts. The General Assembly, at the first regular session convening after the return of every decennial census of population taken by order of Congress, shall revise the representative districts and the apportionment of Representatives among those districts, subject to the following requirements:

(1) Each Representative shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Representative represents being determined for this purpose by dividing the population of the district that he represents by the number of Representatives apportioned to that district;

(2) Each representative district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a representative district;

(4) When established, the representative districts and the apportionment of Representatives shall remain unaltered until the return of another decennial census of population taken by order of Congress.

Sec. 6. Qualifications for Senator.

Each Senator, at the time of his election, shall be not less than 25 years of age, shall be a qualified voter of the State, and shall have resided in the State as a citizen for two years and in the district for which he is chosen for one year immediately preceding his election.

Sec. 7. Qualifications for Representative.

Each Representative, at the time of his election, shall be a qualified voter of the State, and shall have resided in the district for which he is chosen for one year immediately preceding his election.

Sec. 8. Elections.

The election for members of the General Assembly shall be held for the respective districts in 1972 and every two years thereafter, at the places and on the day prescribed by law.

Sec. 9. Term of office.

The term of office of Senators and Representatives shall commence on the first day of January next after their election.

Sec. 10. Vacancies.

Every vacancy occurring in the membership of the General Assembly by reason of death, resignation, or other cause shall be filled in the manner prescribed by law.

Sec. 11. Sessions.

(1) Regular Sessions. The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law. Neither house shall proceed upon public business unless a majority of all of its members are actually present.

(2) Extra sessions on legislative call. The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

Sec. 12. Oath of members.

Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Sec. 13. President of the Senate.

The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

Sec. 14. Other officers of the Senate.

(1) President Pro Tempore - succession to presidency. The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of

the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) President Pro Tempore - temporary succession. During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

(3) Other officers. The Senate shall elect its other officers.

Sec. 15. Officers of the House of Representatives.

The House of Representatives shall elect its Speaker and other officers.

Sec. 16. Compensation and allowances.

The members and officers of the General Assembly shall receive for their services the compensation and allowances prescribed by law. An increase in the compensation or allowances of members shall become effective at the beginning of the next regular session of the General Assembly following the session at which it was enacted.

Sec. 17. Journals.

Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 18. Protests.

Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public or to any individual, and have the reasons of his dissent entered on the journal.

Sec. 19. Record votes.

Upon motion made in either house and seconded by one fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journal.

Sec. 20. Powers of the General Assembly.

Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

Sec. 21. Style of the acts.

The style of the acts shall be: "The General Assembly of North Carolina enacts:".

Sec. 22. Action on bills.

(1) Bills subject to veto by Governor; override of veto. Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.

(2) Amendments to Constitution of North Carolina. Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) Amendments to Constitution of the United States. Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.

(4) Joint resolutions. Every joint resolution shall be read three times in each house before it becomes effective and shall be signed by the presiding officers of both houses.

(5) Other exceptions. Every bill:

(a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;

(b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;

(c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter; or

(d) Revising the districts for the election of members of the House of Representatives of the Congress of the United States and the apportionment of Representatives among those districts and containing no other matter,

shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) Local bills. Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:

(a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or

(b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) Time for action by Governor; reconvening of session. If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

(b) Sine die

in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after

such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) Return of bills after adjournment. For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment.

Sec. 23. Revenue bills.

No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 24. Limitations on local, private, and special legislation.

(1) Prohibited subjects. The General Assembly shall not enact any local, private, or special act or resolution:

- (a) Relating to health, sanitation, and the abatement of nuisances;

- (j) Regulating labor, trade, mining, or manufacturing;
- (k) Extending the time for the levy or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability;
- (l) Giving effect to informal wills and deeds;
- (m) Granting a divorce or securing alimony in any individual case;
- (n) Altering the name of any person, or legitimating any person not born in lawful wedlock, or restoring to the rights of citizenship any person convicted of a felony.

(2) Repeals. Nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law; but the General Assembly may at any time repeal local, private, or special laws enacted by it.

(3) Prohibited acts void. Any local, private, or special act or resolution enacted in violation of the provisions of this Section shall be void.

(4) General laws. The General Assembly may enact general laws regulating the matters set out in this Section.

ARTICLE III

Section 1. Executive power.

The executive power of the State shall be vested in the Governor.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.

(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.

(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.

Sec. 4. Oath of office for Governor.

The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of governor.

Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) Clemency. The Governor may grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

(11) Reconvened sessions. The Governor shall, when required by Section 22 of Article II of this Constitution, reconvene a session of the General Assembly. At such reconvened session, the General Assembly may only consider such bills as were returned by the Governor to that reconvened session for reconsideration. Such reconvened session shall begin on a date set by the Governor, but no later than 40 days after the General Assembly adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

(b) Sine die. If the date of reconvening the session occurs after the expiration of the terms of office of the members of the General Assembly, then the members serving for the reconvened session shall be the members for the succeeding term.

Sec. 6. Duties of the Lieutenant Governor.

Sec. 7. Other elective officers.

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.

The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 9. Compensation and allowances.

The officers whose offices are established by this Article shall at stated periods receive the compensation and allowances prescribed by law, which shall not be diminished during the time for which they have been chosen.

Sec. 10. Seal of State.

There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina". All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina", and signed by the Governor.

Sec. 11. Administrative departments.

Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV
JUDICIAL

Section 1. Judicial power.

The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a co-ordinate department of the government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. General Court of Justice.

The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. Judicial powers of administrative agencies.

The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. Court for the Trial of Impeachments.

The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

Sec. 5. Appellate division.

The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

Sec. 6. Supreme Court.

(1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. Court of Appeals.

The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

Sec. 8. Retirement of Justices and Judges.

The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits for service as a Justice or Judge.

Sec. 9. Superior Courts.

(1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts.

The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District Judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The initial term of appointment for a magistrate shall be for two years and subsequent terms shall be for four years. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be

filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office, unless otherwise provided by the General Assembly.

Sec. 11. Assignment of Judges.

The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. (4) District Courts; Magistrates. The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14. Waiver of jury trial.

In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration.

The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

Sec. 16. Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.

Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. Removal of Judges, Magistrates and Clerks.

(1) Removal of Judges by the General Assembly. Any Justice or Judge of the General Court of Justice may be removed from office for mental or physical incapacity by joint resolution of two-thirds of all the members of each house of the General Assembly. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) Additional method of removal of Judges. The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) Removal of Magistrates. The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) Removal of Clerks. Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Any Clerk against whom proceedings are instituted shall receive written notice of the charges against him at least 10 days before the hearing upon the charges. Any Clerk so removed from office shall be entitled to an appeal as provided by law.

Sec. 18. District Attorney and Prosecutorial Districts.

(1) District Attorneys. The General Assembly shall, from time to time, divide the State into a convenient number of prosecutorial districts, for each of which a District Attorney shall be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.

(2) Prosecution in District Court Division. Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. Vacancies.

Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

No poll or capitation tax shall be levied by the General Assembly or by any county, city or town, or other taxing unit.

Sec. 2. State and local taxation.

(1) Power of taxation. The power of taxation shall be exercised in a just and equitable manner, for public purposes only, and shall never be surrendered, suspended, or contracted away.

(2) Classification. Only the General Assembly shall have the power to classify property for taxation, which power shall be exercised only on a State-wide basis and shall not be delegated. No class of property shall be taxed except by uniform rule, and every classification shall be made by general law uniformly applicable in every county, city and town, and other unit of local government.

(3) Exemptions. Property belonging to the State, counties, and municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries and property held for educational, scientific, literary, cultural, charitable, or religious purposes, and, to a value not exceeding $300, any personal property. The General Assembly may exempt from taxation not exceeding $1,000 in value of property held and used as the place of residence of the owner. Every exemption shall be on a State-wide basis and shall be made by general law uniformly applicable in every county, city and town, and other unit of local government. No taxing authority other than the General Assembly may grant exemptions, and the General Assembly shall not delegate the powers accorded to it by this subsection.

(4) Special tax areas. Subject to the limitations imposed by Section 4, the General Assembly may enact general laws authorizing the governing body of any county, city, or town to define territorial areas and to levy taxes within those areas, in addition to those levied throughout the county, city, or town, in order to finance, provide, or maintain services, facilities, and functions in addition to or to a greater extent than those financed, provided, or maintained for the entire county, city, or town.

(5) Purposes of property tax. The General Assembly shall not authorize any county, city or town, special district, or other unit of local government to levy taxes on property, except for purposes authorized by general law uniformly applicable throughout the State, unless the tax is approved by a majority of the qualified voters of the unit who vote thereon.

(6) Income tax. The rate of tax on incomes shall not in any case exceed ten percent, and there shall be allowed personal exemptions and deductions so that only net incomes are taxed.

(7) Contracts. The General Assembly may enact laws whereby the State, any county, city or town, and any other public corporation may contract with and appropriate money to any person, association, or corporation for the accomplishment of public purposes only.

Sec. 3. Limitations upon the increase of State debt.

(1) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to contract debts secured by a pledge of the faith and credit of the State, unless approved by a majority of the qualified voters of the State who vote thereon, except for the following purposes:

(a) to fund or refund a valid existing debt;

(b) to supply an unforeseen deficiency in the revenue;

(c) to borrow in anticipation of the collection of taxes due and payable within the current fiscal year to an amount not exceeding 50 per cent of such taxes;

(d) to suppress riots or insurrections, or to repel invasions;

(e) to meet emergencies immediately threatening the public health or safety, as conclusively determined in writing by the Governor;

(f) for any other lawful purpose, to the extent of two-thirds of the amount by which the State's outstanding indebtedness shall have been reduced during the next preceding biennium.

(2) Gift or loan of credit regulated. The General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except a corporation in which the State has a controlling interest, unless the subject is submitted to a direct vote of the people of the State, and is approved by a majority of the qualified voters who vote thereon.

(3) Definitions. A debt is incurred within the meaning of this Section when the State borrows money. A pledge of the faith and credit within the meaning of this Section is a pledge of the taxing power. A loan of credit within the meaning of this Section occurs when the State exchanges its obligations with or in any way guarantees the debts of an individual, association, or private corporation.

(4) Certain debts barred. The General Assembly shall never assume or pay any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States. Neither shall the General Assembly assume or pay any debt or bond incurred or issued

by authority of the Convention of 1868, the special session of the General Assembly of 1868, or the General Assemblies of 1868-69 and 1869-70, unless the subject is submitted to the people of the State and is approved by a majority of all the qualified voters at a referendum held for that sole purpose.

(5) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 4. Limitations upon the increase of local government debt.

(1) Regulation of borrowing and debt. The General Assembly shall enact general laws relating to the borrowing of money secured by a pledge of the faith and credit and the contracting of other debts by counties, cities and towns, special districts, and other units, authorities, and agencies of local government.

(2) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to authorize any county, city or town, special district, or other unit of local government to contract debts secured by a pledge of its faith and credit unless approved by a majority of the qualified voters of the unit who vote thereon, except for the following purposes:

(a) to fund or refund a valid existing debt;

(b) to supply an unforseen deficiency in the revenue;

(c) to borrow in anticipation of the collection of taxes due and payable within the current fiscal year to an amount not exceeding 50 per cent of such taxes;

(d) to suppress riots or insurrections;

(f) for purposes authorized by general laws uniformly applicable throughout the State, to the extent of two-thirds of the amount by which the unit's outstanding indebtedness shall have been reduced during the next preceding fiscal year.

(3) Gift or loan of credit regulated. No county, city or town, special district, or other unit of local government shall give or lend its credit in aid of any person, association, or corporation, except for public purposes as authorized by general law, and unless approved by a majority of the qualified voters of the unit who vote thereon.

(4) Certain debts barred. No county, city or town, or other unit of local government shall assume or pay any debt or the interest thereon contracted directly or indirectly in aid or support of rebellion or insurrection against the United States.

(5) Definitions. A debt is incurred within the meaning of this Section when a county, city or town, special district, or other unit, authority, or agency of local government borrows money. A pledge of faith and credit within the meaning of this Section is a pledge of the taxing power. A loan of credit within the meaning of this Section occurs when a county, city or town, special district, or other unit, authority, or agency of local government exchanges its obligations with or in any way guarantees the debts of an individual, association, or private corporation.

(6) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 5. Acts levying taxes to state objects.

Every act of the General Assembly levying a tax shall state the special object to which it is to be applied, and it shall be applied to no other purpose.

Sec. 6. Inviolability of sinking funds and retirement funds.

(1) Sinking funds. The General Assembly shall not use or authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for

which the sinking fund has been created, except that these funds may be invested as authorized by law.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

Sec. 7. Drawing public money.

(1) State treasury. No money shall be drawn from the State treasury but in consequence of appropriations made by law, and an accurate account of the receipts and expenditures of State funds shall be published annually.

(2) Local treasury. No money shall be drawn from the treasury of any county, city or town, or other unit of local government except by authority of law.

Sec. 8. Health care facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State, counties, cities or towns, and other State and local governmental entities to issue revenue bonds to finance or refinance for any such governmental entity or any nonprofit private corporation, regardless of any church or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

Sec. 9. Capital projects for industry.

Nothwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 10. Joint ownership of generation and transmission facilities.

In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

Sec. 11. Capital projects for agriculture.

Notwithstanding any other provision of the Constitution the General Assembly may enact general laws to authorize the creation of an agency to issue revenue bonds to finance the cost of capital projects consisting of agricultural facilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 12. Higher education facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State or any State entity to issue revenue bonds to finance and refinance the cost of acquiring, constructing, and financing higher education facilities to be operated to serve and benefit the public for any nonprofit private corporation, regardless of any church or religious relationship provided no cost incurred earlier than five years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from any revenues or assets of any such nonprofit private corporation pledged therefor, shall not be secured by a pledge of the full faith and credit of the State or such State entity or deemed to create an indebtedness requiring voter approval of the State or such entity, and, where the title to such facilities is vested in the State or any State entity, may be secured by an agreement which may provide for the conveyance of title to, with or without consideration, such facilities to the nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto.

Sec. 13. Seaport and airport facilities.

(1) Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to grant to the State, counties, municipalities, and other State and local

governmental entities all powers useful in connection with the development of new and existing seaports and airports, and to authorize such public bodies:

(a) to acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interest therein;

(b) to finance and refinance for public and private parties seaport and airport facilities and improvements which relate to, develop or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine, aviation and environmental facilities and improvements; and

(c) to secure any such financing or refinancing by all or any portion of their revenues, income or assets or other available monies associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, and by foreclosable liens on all or any part of their properties associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of the faith and credit of the State or any other public body in the State.

Sec. 14. Project development financing.

Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit's exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect.

ARTICLE VI
SUFFRAGE AND ELIGIBILITY TO OFFICE

Section 1. Who may vote.

Every person born in the United States and every person who has been naturalized, 18 years of age, and possessing the qualifications set out in this Article, shall be entitled to vote at any election by the people of the State, except as herein otherwise provided.

Sec. 2. Qualifications of voter.

(1) Residence period for State elections. Any person who has resided in the State of North Carolina for one year and in the precinct, ward, or other election district for 30 days next preceding an election, and possesses the other qualifications set out in this Article, shall be entitled to vote at any election held in this State. Removal from one precinct, ward, or other election district to another in this State shall not operate to deprive any person of the right to vote in the precinct, ward, or other election district from which that person has removed until 30 days after the removal.

(2) Residence period for presidential elections. The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.

(3) Disqualification of felon. No person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, shall be permitted to vote unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

Sec. 3. Registration.

Every person offering to vote shall be at the time legally registered as a voter as herein prescribed and in the manner provided by law. The General Assembly shall enact general laws governing the registration of voters.

Sec. 4. Qualification for registration.

Every person presenting himself for registration shall be able to read and write any section of the Constitution in the English language.

Sec. 5. Elections by people and General Assembly.

A contested election for any office established by Article III of this Constitution shall be determined by joint ballot of both houses of the General Assembly in the manner prescribed by law.

Sec. 6. Eligibility to elective office.

Every qualified voter in North Carolina who is 21 years of age, except as in this Constitution disqualified, shall be eligible for election by the people to office.

Sec. 7. Oath.

Before entering upon the duties of an office, a person elected or appointed to the office shall take and subscribe the following oath:

"I, _____, do solemnly swear (or affirm) that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of North Carolina not

inconsistent therewith, and that I will faithfully discharge the duties of my office as _____, so help me God."

Sec. 8. Disqualifications for office.

The following persons shall be disqualified for office:

First, any person who shall deny the being of Almighty God.

Second, with respect to any office that is filled by election by the people, any person who is not qualified to vote in an election for that office.

Third, any person who has been adjudged guilty of treason or any other felony against this State or the United States, or any person who has been adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, or any person who has been adjudged guilty of corruption or malpractice in any office, or any person who has been removed by impeachment from any office, and who has not been restored to the rights of citizenship in the manner prescribed by law.

Sec. 9. Dual office holding.

(1) Prohibitions. It is salutary that the responsibilities of self-government be widely shared among the citizens of the State and that the potential abuse of authority inherent in the holding of multiple offices by an individual be avoided. Therefore, no person who holds any office or place of trust or profit under the United States or any department thereof, or under any other state or government, shall be eligible to hold any office in this State that is filled by election by the people. No person shall hold concurrently any two offices in this State that are filled by election of the people. No person shall hold concurrently any two or more appointive offices or places of trust or profit, or any combination of elective and appointive offices or places of trust or profit, except as the General Assembly shall provide by general law.

(2) Exceptions. The provisions of this Section shall not prohibit any officer of the military forces of the State or of the United States not on active duty for an extensive period of time, any notary public, or any delegate to a Convention of the People from holding concurrently another office or place of trust or profit under this State or the United States or any department thereof.

Sec. 10. Continuation in office.

In the absence of any contrary provision, all officers in this State, whether appointed or elected, shall hold their positions until other appointments are made or, if the offices are elective, until their successors are chosen and qualified.

ARTICLE VII
LOCAL GOVERNMENT

Section 1. General Assembly to provide for local government.

The General Assembly shall provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable.

The General Assembly shall not incorporate as a city or town, nor shall it authorize to be incorporated as a city or town, any territory lying within one mile of the corporate limits of any other city or town having a population of 5,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within three miles of the corporate limits of any other city or town having a population of 10,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within four miles of the corporate limits of any other city or town having a population of 25,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within

Notwithstanding the foregoing limitations, the General Assembly may incorporate a city or town by an act adopted by vote of three-fifths of all the members of each house.

Sec. 2. Sheriffs.

In each county a Sheriff shall be elected by the qualified voters thereof at the same time and places as members of the General Assembly are elected and shall hold his office for a period of four years, subject to removal for cause as provided by law. No person is eligible to serve as Sheriff if that person has been convicted of a felony against this State, the United States, or another state, whether or not that person has been restored to the rights of citizenship in the manner prescribed by law. Convicted of a felony includes the entry of a plea of guilty; a verdict or finding of guilt by a jury, judge, magistrate, or other adjudicating body, tribunal, or official, either civilian or military; or a plea of no contest, nolo contendere, or the equivalent.

Sec. 3. Merged or consolidated counties.

Any unit of local government formed by the merger or consolidation of a county or counties and the cities and towns therein shall be deemed both a county and a city for the purposes of this Constitution, and may exercise any authority conferred by law on counties, or on cities and towns, or both, as the General Assembly may provide.

ARTICLE VIII

Section 1. Corporate charters.

No corporation shall be created, nor shall its charter be extended, altered, or amended by special act, except corporations for charitable, educational, penal, or reformatory purposes that are to be and remain under the patronage and control of the State; but the General Assembly shall provide by general laws for the chartering, organization, and powers of all corporations, and for the amending, extending, and forfeiture of all charters, except those above permitted by special act. All such general acts may be altered from time to time or repealed. The General Assembly may at any time by special act repeal the charter of any corporation.

Sec. 2. Corporations defined.

The term "corporation" as used in this Section shall be construed to include all associations and joint-stock companies having any of the powers and privileges of corporations not possessed by individuals or partnerships. All corporations shall have the right to sue and shall be subject to be sued in all courts, in like cases as natural persons.

(2) Local responsibility. The General Assembly may assign to units of local government such responsibility for the financial support of the free public schools as it may deem appropriate. The governing boards of units of local government with financial responsibility for public education may use local revenues to add to or supplement any public school or post-secondary school program.

Sec. 3. School attendance.

The General Assembly shall provide that every child of appropriate age and of sufficient mental and physical ability shall attend the public schools, unless educated by other means.

Sec. 4. State Board of Education.

(1) Board. The State Board of Education shall consist of the Lieutenant Governor, the Treasurer, and eleven members appointed by the Governor, subject to confirmation by the General Assembly in joint session. The General Assembly shall divide the State into eight educational districts. Of the appointive members of the Board, one shall be appointed from each of the eight educational districts and three shall be appointed from the State at large. Appointments shall be for overlapping terms of eight years. Appointments to fill vacancies shall be made by the Governor for the unexpired terms and shall not be subject to confirmation.

Sec. 5. Powers and duties of Board.

Sec. 6. State school fund.

The proceeds of all lands that have been or hereafter may be granted by the United States to this State, and not otherwise appropriated by this State or the United States; all moneys, stocks, bonds, and other property belonging to the State for purposes of public education; the net proceeds of all sales of the swamp lands belonging to the State; and all other grants, gifts, and devises that have been or hereafter may be made to the State, and not otherwise appropriated by the State or by the terms of the grant, gift, or devise, shall be paid into the State Treasury and, together with so much of the revenue of the State as may be set apart for that purpose, shall be faithfully appropriated and used exclusively for establishing and maintaining a uniform system of free public schools.

(b) The General Assembly may place in a State fund the clear proceeds of all civil penalties, forfeitures, and fines which are collected by State agencies and which belong to the public schools pursuant to subsection (a) of this section. Moneys in such State fund shall be faithfully appropriated by the General Assembly, on a per pupil basis, to the counties, to be used exclusively for maintaining free public schools.

Sec. 8. Higher education.

The General Assembly shall maintain a public system of higher education, comprising The University of North Carolina and such other institutions of higher education as the General

Assembly may deem wise. The General Assembly shall provide for the selection of trustees of The University of North Carolina and of the other institutions of higher education, in whom shall be vested all the privileges, rights, franchises, and endowments heretofore granted to or conferred upon the trustees of these institutions. AN ACT TO EXPEDITE THE ANALYSIS OF THE TAX STRUCTURE FOR UNEMPLOYMENT INSURANCE IN NORTH CAROLINA GIVEN THE SUBSTANTIAL NEGATIVE BALANCE IN THE STATE'S UNEMPLOYMENT INSURANCE TRUST FUND AND THE SUBSTANTIAL FEDERAL LOAN BALANCE OWED BY THE STATE FOR PAYMENT OF UNEMPLOYMENT INSURANCE BENEFITS.

Whereas, North Carolina's Unemployment Insurance Trust Fund balance had a deficit of $2,500,000,000, as of December 31, 2010, according to the Employment Security Commission; and

Whereas, the State owes the federal government $2,500,000,000 for loan liabilities incurred by the Employment Security Commission to continue unemployment insurance benefits payments to jobless North Carolinians during the current economic crisis; and

Whereas, the total collected by the State in unemployment insurance taxes in the 12-month period ending December 2010 amounted to $955,200,000, while the sum paid in unemployment insurance benefits for the same period totaled $1,900,000,000; and

Whereas, businesses large and small pay into the unemployment insurance system with the expectation that their contributions will be sufficient to provide assistance to their qualified former jobless employees; and

Whereas, it is in the best interest of the employers and employees of this State to have the most efficient and cost-effective unemployment insurance tax structure; and

Whereas, the current unemployment insurance tax structure no longer serves the businesses and citizens of this State in the manner required by these and future economic times; and

Whereas, major reforms regarding the unemployment insurance tax structure must be developed and implemented as soon as practicable; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly finds that the State must take swift and prudent action to address the two billion five hundred million dollars ($2,500,000,000) in debt liability for unemployment insurance benefits currently owed to the federal government and the substantial deficit in the North Carolina Unemployment Insurance Trust Fund. To that end, the Department of Commerce shall contract with an independent consulting firm specializing in unemployment insurance and employment security reform to obtain recommendations on what tax structure changes would be fair to the employers of North Carolina and how these revenues, and other financial options, might be used in servicing and liquidating the State's debt and deficits incurred to pay unemployment insurance benefits.

SECTION 2. A contract to obtain services of a consultant pursuant to this act is not subject to Article 3C of Chapter 143 of the General Statutes. The consultation contract may be funded from (i) funds available within the Employment Security Commission, including State funds and any federal funds that may be used for the purposes of this act, and (ii) non-State or nongovernmental funds, grants, and in-kind contributions specifically designated for the purpose of carrying out the analysis required by this act.

SECTION 3. The Department of Commerce shall provide the Fiscal Research Division and the Program Evaluation Division with periodic updates on the progress of the analysis. Within 45 days from the completion of the independent consultant's analysis, the Department of Commerce shall report to the Governor and to the General Assembly on the independent consultant's recommendations for reform of the State's unemployment insurance tax structure.

SECTION 4. The Employment Security Commission and the Department of Revenue shall cooperate fully with the Department of Commerce, the Fiscal Research Division,

and the Program Evaluation Division by giving all information and all data within their possession or ascertainable from their records necessary to carry out the purposes of this act.

SECTION 5. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 17th day of March, 2011.

Became law upon approval of the Governor at 2:08 p.m. on the 25th day of March, 2011.

The assessments are due quarterly in the time and manner prescribed by the Secretary. Payment of an assessment is considered delinquent if not paid within seven days of the due date. With respect to any past-due assessment, the Department may withhold the unpaid amount from Medicaid payments otherwise due or impose a late-payment penalty. The Secretary may waive a penalty for good cause shown.

(b) Allowable Cost. – An assessment paid under this Article may be included as allowable costs of a hospital for purposes of any applicable Medicaid reimbursement formula. An assessment imposed under this Article may not be added as a surtax or assessment on a patient's bill.

"§ **108A-123. Assessment amount.**

(a) Annual Calculation. – The Secretary must annually calculate the equity assessment amount and the UPL assessment amount for each hospital subject to the respective assessment. Each assessment must comply with applicable federal regulations and may be prorated for any partial year. The Secretary must notify each hospital that is assessed the amount of its UPL assessment and, if applicable, its equity assessment. The notice must include all of the following:

(1) The applicable assessment rates.

(2) The hospital costs on which the hospital's assessments are based.

(3) The elements of the calculation of the hospital's UPL.

(b) Equity Assessment. – The equity assessment consists of both inpatient and outpatient components. The equity assessment percentage rate must be calculated to produce an aggregate annual amount equal to the following:

"**§ 108A-124. Use of assessment proceeds.**

(a) Use. – The proceeds of the assessments imposed under this Article and all corresponding matching federal funds must be used to make the State annual Medicaid payment to the State and the Medicaid equity payments and UPL payments to hospitals.

(b) Quarterly Payments. – Within seven days of the due date for each quarterly assessment imposed under G.S. 108A-123, the Secretary must do the following:

(1) Transfer to the State Controller twenty-five percent (25%) of the State's annual Medicaid payment amount.

(2) Pay to each hospital that has paid its equity assessment for the respective quarter twenty-five percent (25%) of its Medicaid equity payment amount. A hospital's Medicaid equity payment amount is the sum of the hospital's Medicaid inpatient and outpatient deficits after calculating all other Medicaid payments, excluding disproportionate share hospital payments and the UPL payment remitted to the hospital under subdivision (3) of this subsection.

(3) Pay to the primary affiliated teaching hospital for the East Carolina University Brody School of Medicine, to the critical access hospitals, and to each hospital that has paid its UPL assessment for the respective quarter twenty-five percent (25%) of its UPL payment amount, as determined under subsection (c) of this section.

The aggregate UPL payments made to eligible hospitals that are not public hospitals is the sum of the UPL gaps for these hospitals. UPL payments are payable to the individual hospitals in the ratio of each hospital's Medicaid inpatient costs to the total Medicaid inpatient costs for the respective group.

(d) Refund of Assessment. – If all or any part of a payment required to be made under this section is not made to one or more hospitals when due, the Secretary must promptly refund to each such hospital the corresponding assessment proceeds collected in proportion to the amount of assessment paid by that hospital.

"**§ 108A-125. Deferral of assessment due date.**

In the event the data necessary to calculate the assessments required under G.S. 108A-123 or the payments required under G.S. 108A-124 is not available to the Secretary in time to impose the quarterly assessments for a payment year, the Secretary may defer the due date for the assessments and payments to a subsequent quarter.

"**§ 108A-126. Approval of assessment program.**

The Department must file a State plan amendment with the CMS that incorporates the assessment payments and distributions consistent with the provisions of this Article. Upon CMS approval, the Secretary may impose the initial assessment retroactive to the first day of the quarter in which the State Plan amended was filed, provided the Secretary remits the corresponding payments to hospitals required under G.S. 108A-124 for that quarter. If CMS approves only one component of the equity assessment, the Secretary may adjust the percentage rate on the approved component to produce the required aggregate Medicaid equity payment amounts under G.S. 108A-124. If CMS approves only one component of the UPL assessment, the Secretary may adjust the percentage rate on the approved component to produce the required aggregate UPL payment amounts under G.S. 108A-124. The Secretary may adopt rules as necessary to implement the assessment program under this Article.

"**§ 108A-127. Repeal.**

The authority to impose an assessment under this Article is repealed in the event that CMS determines that the assessment or payment methodologies described in this Article are

impermissible or CMS revokes approval of any portion of the State Plan amendment authorizing the payments required under G.S. 108A-124."

AN ACT ESTABLISHING THE COMMUNICATIONS REGULATORY REFORM AND INVESTMENT ACT OF 2011.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-110(f1) reads as rewritten:

"(f1) Except as provided in subsection (f2) of this section, the Commission is authorized, following notice and an opportunity for interested parties to be heard, to issue a certificate to any person applying to provide local exchange or exchange access services as a public utility as defined in G.S. 62-3(23) a.6., without regard to whether local telephone service is already being provided in the territory for which the certificate is sought, provided that the person seeking to provide the service makes a satisfactory showing to the Commission that (i) the person is fit, capable, and financially able to render such service; (ii) the service to be provided will reasonably meet the service standards that the Commission may adopt; (iii) the provision of the service will not adversely impact the availability of reasonably affordable local exchange service; (iv) the person, to the extent it may be required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and (v) the provision of the service does not otherwise adversely impact the public interest. In its application for certification, the person seeking to provide the service shall set forth with particularity the proposed geographic territory to be served and the types of local exchange and exchange access services to be provided. Except as provided in G.S. 62-133.5(f), any person receiving a certificate under this section shall, until otherwise determined by the Commission, file and maintain with the Commission a complete list of the local exchange and exchange access services to be provided and the prices charged for those services, and shall be subject to such reporting requirements as the Commission may require.

Any certificate issued by the Commission pursuant to this subsection shall not permit the provision of local exchange or exchange access service until July 1, 1996, unless the Commission shall have approved a price regulation plan pursuant to G.S. 62-133.5(a) for a local exchange company with an effective date prior to July 1, 1996. In the event a price regulation plan becomes effective prior to July 1, 1996, the Commission is authorized to permit the provision of local exchange or exchange access service by a competing local provider in the franchised area of such local exchange company.

The Commission is authorized to adopt rules it finds necessary (i) to provide for the reasonable interconnection of facilities between all providers of telecommunications services; (ii) to determine when necessary the rates for such interconnection; (iii) to provide for the reasonable unbundling of essential facilities where technically and economically feasible; (iv) to provide for the transfer of telephone numbers between providers in a manner that is technically and economically reasonable; (v) to provide for the continued development and encouragement of universally available telephone service at reasonably affordable rates; and (vi) to carry out the provisions of this subsection in a manner consistent with the public interest, which will include a consideration of whether and to what extent resale should be permitted. In adopting rules to establish an appropriate definition of universal service, the Commission shall consider evolving trends in telecommunications services and the need for consumers to have access to high-speed communications networks, the Internet, and other services to the extent that those services provide social benefits to the public at a reasonable cost.

Local exchange companies and competing local providers shall negotiate the rates for local interconnection. In the event that the parties are unable to agree within 90 days of a bona fide request for interconnection on appropriate rates for interconnection, either party may petition

the Commission for determination of the appropriate rates for interconnection. The Commission shall determine the appropriate rates for interconnection within 180 days from the filing of the petition.

Except as provided in subsections (f4) and (f5) of this section, each local exchange company shall be the universal service provider (carrier of last resort) in the area in which it is certificated to operate on July 1, 1995. Each local exchange company or telecommunications service provider with carrier of last resort responsibility may satisfy its carrier of last resort obligation by using any available technology. In continuing this State's commitment to universal service, the Commission shall, by December 31, 1996, adopt interim rules that designate the person that should be the universal service provider and to determine whether universal service should be funded through interconnection rates or through some other funding mechanism. At a time determined by the Commission to be in the public interest, the Commission shall conduct an investigation for the purpose of adopting final rules concerning the provision of universal services, and whether universal service should be funded through interconnection rates or through some other funding mechanism, and, consistent with the provisions of subsections (f4) and (f5) of this section, the person that should be the universal service provider. A local exchange company that has elected to be subject to alternative regulation under G.S. 62-133.5(l) does not have any carrier of last resort obligations.

The Commission shall make the determination required pursuant to this subsection in a manner that furthers this State's policy favoring universally available telephone service at reasonable rates."

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-536(a) is amended by adding a new subdivision to read:

"(e) Converting Private Residential Streets to Public Streets. – A city may establish a municipal service district for the purpose of converting private residential streets to public streets if the conditions of this subsection are met. The property tax levied in a municipal service district created for this purpose may be used only to pay the costs related to the transfer of ownership of the streets, evaluation of the condition of the private streets, and the design and construction costs related to improving the private streets to meet public street standards as approved by the governing board. (1) The private residential road must be nongated.

(2) The city must receive a petition signed by at least sixty percent (60%) of the lot owners of the owners' association requesting the city to establish a municipal service district for the purpose of paying the costs related to converting private residential streets to public streets. The executive board of an owners' association for which the city has received a petition under this subsection may transfer street-related common elements to the city, notwithstanding the provisions of the North Carolina Planned Community Act in Chapter 47F of the General Statutes, related articles of declaration, deed covenants, or any other similar document recorded with the Register of Deeds.

(3) The city must agree to accept the converted streets for perpetual public maintenance.

(4) The city must meet one of the following requirements:

a. Located primarily in a county that has a population of 750,000 or more according to the most recent decennial federal census, and also located in an adjacent county with a population of 250,000 or more according to the most recent decennial federal census.

Whereas, the majority of properties in the Towns of Topsail Beach and Nags Head abutting and fronting on the Atlantic Ocean have been developed; and

Whereas, during the course of many years, much of the land abutting and fronting on the Atlantic Ocean in the Towns of Topsail Beach and Nags Head and belonging to various property owners has been and is now being washed away by successive storms, tides, and winds; and

Whereas, the Town of Topsail Beach with aid from the State of North Carolina, the United States Government, and the federal agencies thereunder, and with its own funds, has made available, is making available, and will make available, from time to time, funds with which to control the erosion caused by the storms, tides, winds, and other causes; and

Whereas, the Town of Nags Head with its own funds is making available, and will make available, from time to time, funds with which to control the erosion caused by the storms, tides, winds, and other causes; and

Whereas, a means of erosion control employed by the Town of Topsail Beach has been beach nourishment projects whereby lands are raised or constructed on the ocean beach through hydraulic pumping, hauling of sand, or by other means from the waters or from other sources within the nearby or immediate area onto the seaward side of the Town of Topsail Beach; and

Whereas, a means of erosion control to be employed by the Town of Nags Head will be beach nourishment projects whereby lands are raised or constructed on the ocean beach through hydraulic pumping, hauling of sand, or by other means from the waters or from other sources within the nearby or immediate area onto the seaward side of the Town of Nags Head; and

Whereas, to that end, the Towns of Topsail Beach and Nags Head have entered into contracts and intend in the future to enter into contracts for the beach nourishment projects; and

Whereas, as a result of the beach nourishment projects, there have been made, and are now being made, constructed, or raised, new lands on the oceanfront of the Town of Topsail Beach which have, may, or will change the location of the mean high-water mark or the waters of the Atlantic Ocean along the seaward boundary of the Town of Topsail Beach; and

Whereas, as a result of the beach nourishment projects, there will be made, constructed, or raised, new lands on the oceanfront of the Town of Nags Head which may, or

will change the location of the mean high-water mark or the waters of the Atlantic Ocean along the seaward boundary of the Town of Nags Head; and

Whereas, before and after the beach nourishment projects, a question has arisen in the Town of Topsail Beach as to the effect of the projects on the littoral rights of the owners of property along the oceanfront where the new lands have been, are being, and will be raised, and the question will continue to arise unless the matter is clarified; and

Whereas, a question has arisen in the Town of Nags Head as to the effect of the projects on the littoral rights of the owners of property along the oceanfront where the new lands are being and will be raised, and the question will continue to arise unless the matter is clarified; and

Whereas, the willingness of the oceanfront property owners in the Towns of Topsail Beach and Nags Head to support and fund the beach nourishment projects will be enhanced and uncertainty will be avoided if oceanfront property owners' littoral rights, including the right of direct access from oceanfront property to the waters of the Atlantic Ocean, are preserved and clarified; and

Whereas, the Towns of Topsail Beach and Nags Head desire to resolve any ambiguity on the littoral rights and to define and provide for the littoral rights of the property owners abutting on the oceanfront as they existed prior to the beach nourishment projects; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) Where land in or immediately along the Atlantic Ocean in the Town of Topsail Beach has been raised above the mean high-water mark by publicly financed beach nourishment projects which involve hydraulic dredging or deposition of spoil materials or sand by other means, the owners of the property abutting the newly raised lands before the beach nourishment projects shall, in front of their property, possess and keep the littoral rights they possessed prior to the raising of lands by the beach nourishment projects, including direct access to and in, as if littoral owners, the waters of the Atlantic Ocean bordering on the newly raised lands.

SECTION 1.(b) Where land in or immediately along the Atlantic Ocean in the Town of Nags Head is raised above the mean high-water mark by publicly financed beach nourishment projects which involve hydraulic dredging or deposition of spoil materials or sand by other means, the owners of the property abutting the newly raised lands before the beach nourishment projects shall, in front of their property, possess and keep the littoral rights they possessed prior to the raising of lands by the beach nourishment projects, including direct access to and in, as if littoral owners, the waters of the Atlantic Ocean bordering on the newly raised lands.

AN ACT TO PROTECT JOBS AND INVESTMENT BY REGULATING LOCAL GOVERNMENT COMPETITION WITH PRIVATE BUSINESS.

Whereas, certain cities in the State have chosen to compete with private providers of communications services; and

Whereas, these cities have been permitted to enter into competition with private providers as a result of a decision of the North Carolina Court of Appeals rather than legislation enacted by the General Assembly; and

Whereas, the communications industry is an industry of economic growth and job creation; and

Whereas, as expressed in G.S. 66-58, known as the Umstead Act, it is against the public policy of this State for any unit, department, or agency of the State, or any division or subdivision of a unit, department, or agency of the State, to engage directly or indirectly in the sale of goods, wares, or merchandise in competition with citizens of the State; and

Whereas, to protect jobs and to promote investment, it is necessary to ensure that the State does not indirectly subsidize competition with private industry through actions by cities and to ensure that where there is competition between the private sector and the State, directly or through its subdivisions, it exists under a framework that does not discourage private investment and job creation; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) Chapter 160A of the General Statutes is amended by adding a new Article to read as follows:

"Article 16A.

"Provision of Communications Service by Cities.

"**§ 160A-340. Definitions.**

The following definitions apply in this Article:

(1) City-owned communications service provider. – A city that provides communications service using a communications network, whether directly, indirectly, or through an interlocal agreement or a joint agency.

(2) Communications network. – A wired or wireless network for the provision of communications service.

(3) Communications service. – The provision of cable, video programming, telecommunications, broadband, or high-speed Internet access service to the public, or any sector of the public, for a fee, regardless of the technology used to deliver the service. The terms "cable service," "telecommunications service," and "video programming service" have the same meanings as in G.S. 105-164.3. The following is not considered the provision of communications service:

a. The sharing of data or voice between governmental entities for internal governmental purposes.

b. The remote reading or polling of data from utility or parking meters, or the provisioning of energy demand reduction or smart grid services for an electric, water, or sewer system.

c. The provision of free services to the public or a subset thereof.

(4) High-speed Internet access service. – Internet access service with transmission speeds that are equal to or greater than the requirements for basic broadband tier 1 service as defined by the Federal Communications Commission for broadband data gathering and reporting.

(5) Interlocal agreement. – An agreement between units of local government as authorized by Part 1 of Article 20 of Chapter 160A of the General Statutes.

(6) Joint agency. – A joint agency created under Part 1 of Article 20 of Chapter 160A of the General Statutes.

"**§ 160A-340.1. City-owned communications service provider requirements.**

(a) A city-owned communications service provider shall meet all of the following requirements:

(1) Comply in its provision of communications service with all local, State, and federal laws, regulations, or other requirements applicable to the provision of the communications service if provided by a private communications service provider.

(2) In accordance with the provisions of Chapter 159 of the General Statutes, the Local Government Finance Act, establish one or more separate enterprise funds for the provision of communications service, use the enterprise funds to separately account for revenues, expenses, property, and source of investment dollars associated with the provision of communications service, and prepare and publish an independent annual report and audit in accordance with generally accepted accounting principles that reflect the fully allocated cost of providing the communications service, including all direct and indirect costs. An annual independent audit conducted under G.S. 159-34 and submitted to the Local Government Commission satisfies the audit requirement of this subdivision.

(3) Limit the provision of communications service to within the corporate limits of the city providing the communications service.

(4) Shall not, directly or indirectly, under the powers of a city, exercise power or authority in any area, including zoning or land-use regulation, or exercise power to withhold or delay the provision of monopoly utility service, to require any person, including residents of a particular development, to use or subscribe to any communications service provided by the city-owned communications service provider.

(5) Shall provide nondiscriminatory access to private communications service providers on a first-come, first-served basis to rights-of-way, poles, or conduits owned, leased, or operated by the city unless the facilities have insufficient capacity for the access and additional capacity cannot reasonably be added to the facilities. For purposes of this subdivision, the term "nondiscriminatory access" means that, at a minimum, access shall be granted on the same terms and conditions as that given to a city-owned communications service provider.

(6) Shall not air advertisements or other promotions for the city-owned communications service on a public, educational, or governmental access channel if the city requires another communications service provider to carry the channel. The city shall not use city resources that are not allocated for cost accounting purposes to the city-owned communications service to promote city-owned communications service in comparison to private services or, directly or indirectly, require city employees, officers, or contractors to purchase city services.

(7) Shall not subsidize the provision of communications service with funds from any other noncommunications service, operation, or other revenue source, including any funds or revenue generated from electric, gas, water, sewer, or garbage services.

(8) Shall not price any communications service below the cost of providing the service, including any direct or indirect subsidies received by the city-owned communications service provider and allocation of costs associated with any shared use of buildings, equipment, vehicles, and personnel with other city departments. The city shall, in calculating the costs of providing the communications service, impute (i) the cost of the capital component that is equivalent to the cost of capital available to private communications service providers in the same locality and (ii) an amount equal to all taxes, including property taxes, licenses, fees, and other assessments that would apply to a private communications service provider, including federal, State, and local taxes; rights-of-way, franchise, consent, or administrative fees; and pole attachment fees. In calculating the costs of the service the city may amortize the capital assets of the communications system over the useful life of the

assets in accordance with generally accepted principles of governmental accounting.

(9) The city shall annually remit to the general fund of the city an amount equivalent to all taxes or fees a private communications service provider would be required to pay the city or county in which the city is located, including any applicable tax refunds received by the city-owned communications service provider because of its government status and a sum equal to the amount of property tax that would have been due if the city-owned communications service provider were a private communications service provider.

(b) A city-owned communications service provider shall not be required to obtain voter approval under G.S. 160A-321 prior to the sale or discontinuance of the city's communications network.

"§ **160A-340.2. Exemptions.**

(a) The provisions of G.S. 160A-340.1, 160A-340.4, 160A-340.5, and 160A-340.6 do not apply to the purchase, lease, construction, or operation of facilities by a city to provide communications service within the city's corporate limits for the city's internal governmental purposes, including the sharing of data or voice between governmental entities for internal governmental purposes, or within the corporate limits of another unit of local government that is a party with the city to an interlocal agreement under Part 1 of Article 20 of Chapter 160A of the General Statutes for the provision of internal government services.

(b) The provisions of G.S. 160A-340.1, 160A-340.4, and 160A-340.5 do not apply to the provision of communications service in an unserved area. A city seeking to provide communications service in an unserved area shall petition the North Carolina Utilities Commission for a determination that an area is unserved. The petition shall identify with specificity the geographic area for which the designation is sought. Any private communications service provider, or any other interested party, may, within a time established by order of the Commission, which time shall be no fewer than 30 days, file with the Commission an objection to the designation on the grounds that one or more areas designated in the petition is not an unserved area or that the city is not otherwise eligible to provide the service. For purposes of this subsection, the term "unserved area" means a census block, as designated by the most recent census of the U.S. Census Bureau, in which at least fifty percent (50%) of households either have no access to high-speed Internet service or have access to high-speed Internet service only from a satellite provider. A city may petition the Commission to serve multiple contiguous unserved areas in the same proceeding.

(c) The provisions of G.S. 160A-340.1, 160A-340.3, 160A-340.4, 160A-340.5, and 160A-340.6 do not apply to a city or joint agency providing communications service as of January 1, 2011, provided the city or joint agency limits the provision of communications service to any one or more of the following:

(1) Persons within the corporate limits of the city providing the communications service. For the purposes of this subsection, corporate limits shall mean the corporate limits of the city as of April 1, 2011, or as expanded through annexation.

(2) Existing customers of the communications service as of April 1, 2011. Service to a customer outside the service area of the city or joint agency who is also a public entity must comply with the open bidding procedures of G.S. 143-129.8 upon the expiration or termination of the existing service contract.

(3) The following service areas:

a. For the joint agency operated by the cities of Davidson and Mooresville, the service area is the combined areas of the city of Cornelius; the town of Troutman; the town of Huntersville; the unincorporated areas of Mecklenburg County north of a line

beginning at Highway 16 along the west boundary of the county, extending eastward along Highway 16, continuing east along Interstate 485, and continuing eastward to the eastern boundary of the county along Eastfield Road; and the unincorporated areas of Iredell County south of Interstate 40, excluding Statesville and the extraterritorial jurisdiction of Statesville.

b. For the city of Salisbury, the service area is the municipalities of Salisbury, Spencer, East Spencer, Granite Quarry, Rockwell, Faith, Cleveland, China Grove, Landis and the corridors between those cities. The service area also includes the economic development sites, public safety facilities, governmental facilities, and educational schools and colleges located outside the municipalities and the corridors between the municipalities and these sites, facilities, schools, and colleges. The corridors between Salisbury and these municipalities and these sites, facilities, schools, and colleges includes only the area necessary to provide service to these municipalities and these sites, facilities, schools, and colleges and shall not be wider than 300 feet. The elected bodies of Spencer, East Spencer, Granite Quarry, Rockwell, Faith, Cleveland, China Grove, and Landis shall vote to approve the service extension into each respective municipality before Salisbury can provide service to that municipality. The Rowan County Board of County Commissioners shall vote to approve service extension to any governmental economic development site, governmental facility, school, or college owned by Rowan County. The Rowan Salisbury School Board shall also vote to approve service extension to schools.

c. For the city of Wilson, the service area is the county limits of Wilson County, including the incorporated areas within the County.

d. For all other cities or joint agencies offering communications service, the service area is the area designated in the map filed as part of the initial notice of franchise with the Secretary of State as of January 1, 2011.

(d) The exemptions provided in this section do not exempt a city or joint agency from laws and rules of general applicability to governmental services, including nondiscriminatory obligations.

(e) In the event a city subject to the exemption set forth in subsection (c) of this section provides communications service to a customer outside the limits set forth in that subsection, the city shall have 30 days from the date of notice or discovery to cease providing service to the customer without loss of the exemption.

"**§ 160A-340.3. Notice; public hearing.**

A city or joint agency that proposes to provide communications service shall hold not fewer than two public hearings, which shall be held not less than 30 days apart, for the purpose of gathering information and comment. Notice of the hearings shall be published at least once a week for four consecutive weeks in the predominant newspaper of general circulation in the area in which the city is located. The notice shall also be provided to the North Carolina Utilities Commission, which shall post the notice on its Web site, and to all companies that have requested service of the notices from the city clerk. The city shall deposit the notice in the U.S. mail to companies that have requested notice at least 45 days prior to the hearing subject to the notice. Private communications service providers shall be permitted to participate fully in the public hearings by presenting testimony and documentation relevant to their service offerings and the city's plans. Any feasibility study, business plan, or public survey conducted or prepared by the city in connection with the proposed communications service project is a public record as defined by G.S. 132-1 and shall be made available to the public prior to the

public hearings required by this section. This section does not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto.

"§ **160A-340.4. Financing.**

(a) A city or joint agency subject to the provisions of G.S. 160A-340.1 shall not enter into a contract under G.S. 160A-19 or G.S. 160A-20 to purchase or to finance the purchase of property for use in a communications network or to finance the construction of fixtures or improvements for use in a communications network unless it complies with subsection (b) of this section. The provisions of this section shall not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto.

(b) A city shall not incur debt for the purpose of constructing a communications system without first holding a special election under G.S. 163-287 on the question of whether the city may provide communications service. If a majority of the votes cast in the special election are for the city providing communications service, the city may incur the debt for the service. If a majority of the votes cast in the special election are against the city providing communications service, the city shall not incur the debt. However, nothing in this section shall prohibit a city from revising its plan to offer communications service and calling another special election on the question prior to providing or offering to provide the service. A special election required under Chapter 159 of the General Statutes as a condition to the issuance of bonds shall satisfy the requirements of this section.

"§ **160A-340.5. Taxes; payments in lieu of taxes.**

(a) A communications network owned or operated by a city or joint agency shall be exempt from property taxes. However, each city possessing an ownership share of a communications network and a joint agency owning a communications network shall, in lieu of property taxes, pay to any county authorized to levy property taxes the amount which would be assessed as taxes on real and personal property if the communications network were otherwise subject to valuation and assessment. Any payments in lieu of taxes shall be due and shall bear interest, if unpaid, as in the case of taxes on other property.

(b) A city-owned communications service provider shall pay to the State, on an annual basis, an amount in lieu of taxes that would otherwise be due the State if the communications service was provided by a private communications service provider, including State income, franchise, vehicle, motor fuel, and other similar taxes. The amount of the payment in lieu of taxes shall be set annually by the Department of Revenue and shall approximate the taxes that would be due if the communications service was undertaken by a private communications service provider. A city-owned communications service provider must provide information requested by the Secretary of Revenue necessary for calculation of the assessment. The Department must inform each city-owned communications service provider of the amount of the assessment by January 1 of each year. The assessment is due by March 15 of each year. If the assessment is unpaid, the State may withhold the amount due, including interest on late payments, from distributions otherwise due the city under G.S. 105-164.44I.

"**§ 135.48.36: Reserved for future codification purposes.**

"§ **135-48.37. Liability of third person; right of subrogation; right of first recovery.**

(a) The Plan shall have the right of subrogation upon all of the Plan member's right to recover from a liable third party for payment made under the Plan, for all medical expenses, including provider, hospital, surgical, or prescription drug expenses, to the extent those payments are related to an injury caused by a liable third party. The Plan member shall do nothing to prejudice these rights. The Plan has the right to first recovery on any amounts so recovered, whether by the Plan or the Plan member, and whether recovered by litigation, arbitration, mediation, settlement, or otherwise. Notwithstanding any other provision of law to the contrary, the recovery limitation set forth in G.S. 28A-18-2 shall not apply to the Plan's right of subrogation of Plan members.

(b) If the Plan is precluded from exercising its right of subrogation, it may exercise its rights of recovery ~~pursuant to G.S. 135-40.13(g).~~ against any third party who was overpaid. If the Plan recovers damages from a liable third party in excess of the claims paid, any excess will be paid to the member, less a proportionate share of the costs of collection.

(c) In the event a Plan member recovers any amounts from a liable third party to which the Plan is entitled under this section, the Plan may recover the amounts directly from the Plan member. The Plan has a lien, for not more than the value of claims paid related to the liability of the third party, on any damages subsequently recovered against the liable third party. If the Plan member fails to pursue the remedy against a liable third party, the Plan is subrogated to the rights of the Plan member and is entitled to enforce liability in the Plan's own name or in the name of the Plan member for the amount paid by the Plan.

(d) In no event shall the Plan's lien exceed fifty percent (50%) of the total damages recovered by the Plan member, exclusive of the Plan member's reasonable costs of collection as determined by the Plan in the Plan's sole discretion. The decision by the Plan as to the reasonable cost of collection is conclusive and is not a "final agency decision" for purposes of a contested case under Chapter 150B of the General Statutes. Notice of the Plan's lien or right to recovery shall be presumed when a Plan member is represented by an attorney, and the attorney shall disburse proceeds pursuant to this section.

"§ **135-48.38. Persons eligible for Medicare; optional participation in other Medicare products.**

(a) Benefits payable for covered expenses under this Plan ~~in G.S. 135-45.6 through G.S. 135-45.10~~ will be reduced by any benefits payable for the same covered expenses under Medicare, so that Medicare will be the primary carrier except where compliance with federal law specifies otherwise.

(b) For those participants eligible for Medicare, the Plan will be administered on a "carve out" basis. The provisions of the Plan are applied to the charges not paid by Medicare (Parts A & B). In other words, those charges not paid by Medicare would be subject to the deductible and coinsurance of the Plan just as if the charges not paid by Medicare were the total bill.

(c) For those individuals eligible for Part A (at no cost to them), benefits under this program will be reduced by the amounts to which the covered individuals would be entitled to under Parts A and B of Medicare, even if they choose not to enroll for Part B.

(d) Notwithstanding the foregoing provisions of this section or any other provisions of the Plan, the ~~Executive Administrator and Board of Trustees~~ State Treasurer may enter into negotiations with the Centers for Medicare and Medicaid Services, U.S. Department of Health and Human Services, in order to secure a more favorable coordination of the Plan's benefits with those provided by Medicare, including but not limited to, measures by which the Plan would provide Medicare benefits for all of its Medicare-eligible members in return for adequate payments from the federal government in providing such benefits. Should such negotiations result in an agreement favorable to the Plan and its Medicare-eligible members, the ~~Executive Administrator and Board of Trustees~~ State Treasurer may, after consultation with the ~~Committee on Employee Hospital and Medical Benefits,~~ Board of Trustees, implement such an agreement which shall supersede all other provisions of the Plan to the contrary related to its payment of claims for Medicare-eligible members.

(e) Notwithstanding subsections (a), (b), and (c) of this section, ~~the Plan may offer an optional Medicare Advantage plan to a Medicare eligible Plan member. A Medicare Advantage plan offered by the Plan shall be an insured product offered through a private insurance carrier authorized by the Centers for Medicare and Medicaid Services to offer Medicare Advantage plans. A Medicare Advantage plan offered by the Plan shall not be a self-funded benefit plan underwritten by the State of North Carolina. Prescription drug benefits shall not be included in the benefits offered under a Medicare Advantage insurance product but shall continue to be provided by the Plan as authorized under G.S. 135-45.6. An eligible Plan member may choose to enroll in a Medicare Advantage plan in lieu of any other benefit coverage plan offered under the Plan to Medicare eligible Plan members. A Medicare eligible Plan member must be enrolled in Medicare Part B to participate in an optional Medicare Advantage plan. A non-Medicare eligible dependent of a Medicare Advantage eligible Plan member may enroll on a fully contributory basis in benefit plans offered under the Plan to non-Medicare eligible Plan~~

~~members. If an enrolled Plan member decides not to re-enroll in an optional Medicare Advantage plan during the Plan's annual enrollment period, the Plan member may at that time re-enroll in other benefit coverage offered by the Plan in accordance with the provisions of subsections (a), (b), and (c) of this section.~~ the State Treasurer may contract for coverage in lieu of current Plan medical and prescription drug benefits for Medicare retirees or to supplement Medicare benefits and may, after consultation with the Board of Trustees, implement such an agreement, which shall supersede all other provisions of the Plan to the contrary related to its payment of claims for Medicare-eligible members.

Benefits payable under this subdivision are contingent upon compliance with the following conditions and will, in no instance, be paid under this subdivision without compliance with each of the following conditions:

(6) The ~~Executive Administrator and Board of Trustees of the~~ Plan shall provide for a waiver of premiums involving minimum lengths of stay in a nursing home or an assisted living facility. In addition, the Executive Administrator and Board of Trustees shall allow coverage to be reinstated upon failure to pay premiums, provided certain grace periods are not exceeded and retroactive premium payments are made.

(7) Limitations and Exclusions to Long-Term Care Benefits. – The benefits provided by this section are for the purpose of meeting the requirements for assistance from the loss of functional capacity associated with a chronic illness, disease, or disabling injury for extended periods of time; and are, in

no way, intended to duplicate the benefits provided for acute and other medical care provided by Medicare or Part 3 of this Article. A loss of functional capacity can occur from: (i) an illness, disease, or disabling injury resulting in a physical incapacity to perform the activities of daily living; or (ii) an irreversible organic mental impairment resulting in a mental incapacity. Session Law 2011-87 **S.B. 200**

AN ACT TO AUTHORIZE ALAMANCE COUNTY AND ORANGE COUNTY TO RECOMMEND THE LOCATION OF NINE PERCENT OF THE COMMON BOUNDARY BETWEEN ALAMANCE COUNTY AND ORANGE COUNTY SUBSEQUENT TO THE 2010/2011 RESURVEY OF THE HISTORIC ORANGE COUNTY/ALAMANCE COUNTY BOUNDARY LINE AS DESCRIBED IN THE 1849 SURVEY ESTABLISHING ALAMANCE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. The historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections within and among Alamance County, Orange County, and the Town of Mebane, North Carolina. Pursuant to G.S. 153A-18(a) entitled "Uncertain or Disputed Boundary," both county boards of commissioners passed resolutions (Alamance County, December 17, 2007, and Orange County, January 18, 2008) to request that North Carolina Geodetic Survey (NCGS) perform a preliminary resurvey and present a proposed map for consideration by both counties.

SECTION 2. The Alamance County Board of Commissioners agreed, by vote on April 21, 2008, and the Orange County Board of Commissioners on May 20, 2008, to approve authorizing NCGS to conduct the preliminary survey and the placing of monuments by NCGS consistent with their research to form a boundary baseline. On July 8, 2010, the North Carolina General Assembly enacted S.L. 2010-61, which enabled Alamance County and Orange County to transition properties between the two counties for the purpose of recommending to the North Carolina General Assembly a mutually agreed upon boundary line between the two counties.

SECTION 3. Following an extended process pursuant to the terms of S.L. 2010-61, Alamance County and Orange County have agreed upon and have recommended the General Assembly, through a separate local act, establish and adopt ninety-one percent (91%) of the boundary line separating Alamance County and Orange County.

SECTION 4. The Alamance County and Orange County Boards of Commissioners require further time to determine the most appropriate location of the final nine percent (9%) of the boundary line separating Alamance County and Orange County in order to make a final recommendation to the General Assembly. The Alamance County Board of Commissioners at its regular meeting December 6, 2010, and the Orange County Board of Commissioners at its regular meeting December 14, 2010, mutually agreed upon ninety-one percent (91%) of the boundary line. The remaining nine percent (9%) portion of the boundary line not described and approved by the county commissioners at their respective meetings December 6, 2010, and December 14, 2010, shall be resurveyed as set out in Section 5(b) of this act.

SECTION 5.(a) The Alamance County and Orange County Boards of Commissioners may review the remaining nine percent (9%) of the boundary separating the two counties and shall determine, in their discretion, the most appropriate location for a boundary line separating the two counties along the remaining nine percent (9%) of the boundary area. The Boards of Commissioners shall make the determination of the most appropriate location for a boundary line on or before October 31, 2011.

SECTION 5.(b) Alamance County and Orange County shall cause areas within the nine percent (9%) of the boundary area to be surveyed for purposes of locating a boundary line. The counties shall not be responsible for the costs of such surveys where owners of property located within the remaining nine percent (9%) of the boundary area request their property, or any portion thereof, be located within a specific county. All such surveys shall be completed by January 31, 2012. A lien in the form of a tax lien under Chapter 105 of the General Statutes may be placed on an owner's property to recover the costs of any surveys for which the counties have advanced funds, and said lien may be enforced under the laws available for the collection of taxes. A lien for this purpose may also be placed on any property involved in a transition in whole or in part from one county to the other pursuant to S.L. 2010-61 or any other local act regarding the establishment of the Alamance County/Orange County boundary line.

SECTION 5.(c) The Alamance County and Orange County Boards of Commissioners shall, prior to the reconvening of the 2011 Regular Session of the General Assembly in 2012, submit a recommendation in the form of a local bill for the location of a final boundary line along the remaining nine percent (9%) of the area separating the two counties.

SECTION 5.(d) All owners of property within the remaining nine percent (9%) of the boundary area shall be notified in writing via first class United States mail not less than 30 days prior to a public hearing being conducted.

SECTION 5.(e) Any such owners of property shall have the right to address the Alamance County and Orange County Boards of Commissioners regarding the status of their property located within the nine percent (9%) area, as that status relates to the Alamance County/Orange County boundary, at any public regularly scheduled meeting at which public comment is traditionally accepted.

SECTION 6. The establishment of a county boundary line is, pursuant to Section 1 of Article VII of the North Carolina Constitution, the responsibility of the North Carolina General Assembly. Further, it is vital to the State of North Carolina and all affected local governments that county boundary lines be fixed and any uncertainty as to the location of county boundary lines be resolved. For this reason and in the interest of justice, neither Alamance County nor Orange County, nor any agent, employee, or appointed or elected official, shall be liable to any individual, group, organization, for-profit or not-for-profit business entity of any kind, of governmental entity or agency of any type or kind for any damages, costs, fees, or fines, and no court action shall be maintained against said counties, agents, employees, or officials for any recommendation, act, failure to act, or conduct related to S.L. 2010-61, any pending local bill which subsequently becomes law related to the location of the Alamance County/Orange County Boundary Line, this act, or the adoption of a fixed boundary line separating the two counties. Effective upon this act becoming law, Alamance County and Orange County, their officials, employees, and agents are released from all liability for any claims made, and no court action shall be maintained against said counties, officials, employees, and agents for any act or failure to act pursuant to the terms of this act or S.L. 2010-61, and no further relief shall be granted or cause of action sustained except as provided herein.

SECTION 7. Pending the establishment of a final boundary line separating Alamance County and Orange County, the two counties shall maintain, in the nine percent (9%) boundary area, the currently recognized boundary line for all governmental purposes, including, but not limited to, taxation, elections, emergency services, zoning, and education.

SECTION 8. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 25th day of May, 2011.

Became law on the date it was ratified.

Session Law 2011-88 **S.B. 201**

AN ACT TO ESTABLISH THE COMMON BOUNDARY BETWEEN ALAMANCE COUNTY AND ORANGE COUNTY SUBSEQUENT TO THE 2010/2011 RESURVEYS OF THE TRANSITIONED PROPERTIES, AS AUTHORIZED BY THE NORTH CAROLINA GENERAL ASSEMBLY BY SESSION LAW 2010-61 ENABLING THE CHANGES IN THE HISTORIC ORANGE COUNTY/ALAMANCE COUNTY BOUNDARY LINE AS DESCRIBED IN THE 1849 SURVEY ESTABLISHING ALAMANCE COUNTY, AND TO AMEND SOME SECTIONS OF SESSION LAW 2010-61.

The General Assembly of North Carolina enacts:

SECTION 1. The historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections within and among Alamance County, Orange County, and the Town of Mebane, North Carolina. Pursuant to G.S. 153A-18, entitled "Uncertain or Disputed Boundary," both county commissions passed resolutions (Alamance

County, December 17, 2007, and Orange County, January 18, 2008) to request that North Carolina Geodetic Survey (NCGS) perform a preliminary resurvey and present a proposed map for consideration by both counties.

SECTION 2. The Alamance County Board of Commissioners agreed by vote on April 21, 2008, and Orange County on May 20, 2008, to approve authorizing NCGS to conduct the preliminary survey and the placing of monuments by NCGS consistent with their research to form a boundary baseline. On July 8, 2010, the North Carolina General Assembly enacted S.L. 2010-61, which enabled Alamance County and Orange County to transition properties between the two counties for the purpose of recommending to the North Carolina General Assembly a mutually agreed upon boundary line between the two counties.

SECTION 3. Section 3 of S.L. 2010-61 reads as rewritten:

"**SECTION 3.** In the 160 years since the initial survey of the Alamance County/Orange County boundary line, Alamance and Orange Counties have entered into multiple taxing agreements that have resulted in properties being taxed in one county by the adjoining county. Other situations have arisen in which children of one county attend school in the adjoining county and voters in one county have voted in the adjoining county. The General Assembly recognizes the difficulties in addressing these issues and authorizes Alamance County and Orange County to maintain the current taxing, elections, education, and any other recognized government functions in place until July 1, ~~2011.~~ 2012."

SECTION 4. Section 4 of S.L. 2010-61 reads as rewritten:

"**SECTION 4.(a)** ~~On and after July 1, 2011, all papers, documents, and instruments required or permitted to be filed or registered that involve residents and property located in areas affected by the resurvey of the boundary line that previously may have been recorded in the adjoining counties shall be recorded in the county to which the property has been annexed.~~ Except as otherwise provided in this act, on and after January 1, 2012, all papers, documents, and instruments required or permitted to be filed or registered, involving residents and property in areas affected by the resurvey of the boundary line, that previously may have been recorded in the adjoining counties shall be recorded in the county to which the property has been reassigned by this act.

"**SECTION 4.(b)** All public records related to residents and property located in areas affected by the resurvey of the boundary line that were filed or recorded prior to July 1, 2011, in the adjoining counties shall remain in those respective adjoining counties where filed or recorded, and such records shall be valid public records as to the property and persons involved, even though they are recorded in an adjoining county which is a county where the property is no longer located as evidenced by the 2008 North Carolina Geodetic Survey and the subsequent partial resurvey pursuant to Section 7 of this act.

"~~**SECTION 4.(c)** On and after July 1, 2011, all real and personal property located in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation on January 1, 2011, shall be subject to ad valorem taxes in the county to which the property is annexed for the fiscal year beginning July 1, 2011, to the same extent as it would have been had it been correctly recognized by the tax departments of each county on January 1, 2011, except as hereinafter provided with respect to classified registered motor vehicles. On July 1, 2011, the tax administrators of the adjoining counties shall transfer to the respective county tax assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line, except classified motor vehicles that were registered in the adjoining counties prior to July 1, 2011. For the fiscal year that begins July 1, 2011, all real and personal property located in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation in that area on January 1, 2011, shall be assessed and taxed as follows:~~

~~(1) The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2011, and June 30, 2011, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The~~

~~taxes on all classified registered motor vehicles registered after June 30, 2011, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been annexed.~~

~~(2)~~ ~~The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by the county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2011. All such taxes shall be assessed and collected by the appropriate county tax department.~~

~~(3)~~ ~~For the interim time period between the annexation of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property annexed into their respective county by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:~~

~~a.~~ ~~The values established by the adjoining counties' tax administrators on all real property formerly taxed in their respective county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and the appropriate county median ratio, as established by the Sales Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2012. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued according to the regularly scheduled revaluation period for each county.~~

~~b.~~ ~~The values established by the adjoining counties' tax administrators on all real property formerly taxed in their respective county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.~~

~~(4)~~ ~~Beginning January 1, 2012, all property in areas affected by the resurvey of the boundary line that is subject to ad valorem taxation shall be listed, assessed, and taxed by the appropriate county tax administrator in the same manner as is prescribed by law for all other property located within each county.~~

~~(5)~~ ~~The final tax values of property subject to ad valorem taxation in areas affected by the resurvey of the boundary line as of January 1, 2011, shall be determined by the adjoining county tax administrator. Appeals to the North Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for their costs and expenses, including attorneys' fees, incurred in connection with such appeals.~~

~~(6)~~ ~~Any unpaid taxes or tax liens for the fiscal year ending June 30, 2011, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including (i) the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375 and (ii) the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County tax administrators shall supply one another with a list of unpaid taxes as of July 1, 2011. Any such taxes~~

~~collected by either county shall be promptly paid to the appropriate adjoining county, including accrued interest. The provisions of G.S. 105-352(d) shall not apply to: those areas in an adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line that shall forthwith be properly listed and taxed in the county to which they have been annexed; and those areas within each county that were in the past improperly listed and taxed by the adjoining county due to uncertainty as to the exact location of the true historic Alamance County/Orange County boundary line. Under the discovery process, each county may waive any interest and penalties accrued for tax years 2006-2011 in its sole discretion.~~

"**SECTION 4.(c)** On and after January 1, 2012, all real and personal property in areas affected by the resurvey of the boundary line which was subject to ad valorem taxation on January 1, 2012, shall be subject to ad valorem taxes in the county to which the property is reassigned for the fiscal year beginning July 1, 2012, to the same extent as it would have been had it been correctly recognized by the tax departments of each county on March 1, 2012, except as hereinafter provided with respect to classified registered motor vehicles. On July 1, 2011, the adjoining county tax administrators shall transfer to the respective county tax assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line except classified motor vehicles which were registered in the adjoining counties prior to July 1, 2011. For the fiscal year which begins July 1, 2011, all real and personal property in areas affected by the resurvey of the boundary line which was subject to ad valorem taxation in that area on January 1, 2012, shall be assessed and taxed as follows:

(1) The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2011, and March 1, 2012, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The taxes on all classified registered motor vehicles registered after March 1, 2012, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been reassigned.

(2) The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by each county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2012. All such taxes shall be assessed and collected by the appropriate county tax department.

(3) For the interim time period between the reassignment of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property reassigned into their respective counties by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:

a. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and the appropriate county median ratio, as established by the Sales Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2009. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued

according to the regularly scheduled revaluation period for each county.

b. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

(4) Beginning January 1, 2013, all property in areas affected by the resurvey of the boundary line which is subject to ad valorem taxation, shall be listed, assessed, and taxed by the appropriate county tax administrator in the same manner as is prescribed by law for all other property located within each county.

Appeals to the North Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for their costs and expenses, including attorneys' fees, incurred in connection with such appeals.

(6) Any unpaid taxes or tax liens for the fiscal year ending June 30, 2012, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375 and the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County Tax Administrators shall supply one another with a list of unpaid taxes for properties in areas of the boundary line affected by the resurveys for the tax year 2011 on or before July 1, 2012. Any such taxes collected by either county shall be promptly paid to the appropriate adjoining county, including accrued interest. The provisions of G.S. 105-352(d) shall not apply to (i) those areas in the adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line that shall forthwith be properly listed and taxed in the county to which they have been reassigned by this act and (ii) those areas within each county that were in the past improperly listed and taxed by the adjoining counties due to uncertainty as to the exact location of the true historic Alamance County/Orange County boundary line.

"**SECTION 4.(d)** No cause of action, including criminal actions, involving persons or property located in areas affected by the resurvey of the boundary line that is pending on July 1, ~~2011,~~ 2012, shall be abated, and such actions shall continue in the appropriate adjoining county. "**SECTION 4.(e)** The board of elections of each adjoining county shall, effective July 1, ~~2011,~~ 2012, transfer the voter registration records pertaining to persons residing in areas affected by the resurvey of the boundary line and located in either county to the adjoining county's board of elections, and thereafter the registered voters so transferred shall be validly registered to vote in that adjoining county.

"**SECTION 4.(f)** The Jury Commission of each adjoining county shall revise its jury lists to add to or eliminate therefrom those persons subject to jury duty who reside in areas affected by the resurvey of the boundary line, said revised jury lists to be effective July 1, ~~2011.~~2012.

"**SECTION 4.(g)** The areas affected by the resurvey of the boundary line and located in each county shall be transferred into the appropriate superior court district, district court district, and prosecutorial district. The areas affected by the resurvey of the boundary line shall remain in the same congressional district, the same State House of Representatives district, and the same State Senate district.

"**SECTION 4.(h)** Any cause of action relating to taxation as it is currently exercised by the counties along or near the Alamance County/Orange County boundary, or any other cause of action related in any way to the Alamance County/Orange County boundary or properties affected by changes in the boundary, is stayed, and no new cause of action relating to these matters shall be commenced until ratification of the official line by the North Carolina General Assembly. All such claims for relief must be made in writing to the county from which the affected property was transitioned on or before February 28, 2012. Should a claim for relief pursuant to this section not be made by February 28, 2012, such claim is waived, and no further relief shall be granted pursuant to this or any other act. Alamance County and Orange County shall not grant refunds or releases pursuant to this section for any claims made after February 28, 2012, and are released from all liability, and no court action shall be maintained for any such claims made for any act or failure to act pursuant to this section.

SECTION 1. Smart Card Pilot Program. – There is established under the Department of Health and Human Services the North Carolina Smart Card Pilot Program. The pilot program shall be administered by the Provider and Recipient Services Unit of the Division of Medical Assistance. The Department shall determine the scope of the pilot program and may enter into an agreement with a third-party vendor for the purpose of developing and executing the pilot program in accordance with this act. The pilot program shall be initiated for a six- to 12-month period. The pilot program shall involve enrollment, distribution, and use of smart cards by designated recipients as replacements for currently used Medicaid assistance cards.

SECTION 2.(a) The pilot program shall be designed to do all of the following:

(1) Authenticate recipients at the onset and completion of each point of transaction in order to prevent card sharing and other forms of fraud.
(2) Deny ineligible persons at the point of transaction.
(3) Authenticate providers at the point of transaction to prevent phantom billing and other forms of provider fraud.
(4) Secure and protect the personal identity and information of recipients.
(5) Reduce the total amount of medical assistance expenditures by reducing the average cost per recipient.

SECTION 2.(b) The pilot program may include all of the following:

(1) A secure Web-based information system for recording and reporting authenticated transactions.
(2) A secure Web-based information system that interfaces with the appropriate State databases to determine eligibility of recipients.
(3) A system that gathers analytical information to be provided to data-mining companies in order to assist in data-mining processes.
(4) A smart card with the ability to store multiple recipients' information on one card.

(5) No requirement for preenrollment of recipients.

(6) An image of the recipient stored on both the smart card and database.

SECTION 2.(c) In implementing the pilot program, the Department may do the following:

(1) Incorporate additional or alternative methods of authentication of recipients.

(2) Enter and store billing codes, deductible amounts, and bill confirmations.

(3) Allow electronic prescribing services and prescription database integration and tracking in order to prevent medical error through information sharing and to reduce pharmaceutical abuse and lower health care costs.

(4) Implement quick-pay incentives for providers when electronic prescribing services, electronic health records, electronic patient records, or computerized patient records used by providers automatically synchronize with recipients' smart cards and electronically submit a claim.

(5) Allow the program, including, but not limited to, smart cards, fingerprint scanners, and card readers, to be adapted for use by other State programs administered by the Department in order to reduce costs associated with the necessity of multiple cards per recipient.

SECTION 2.(d) The pilot program shall be considered a success if it meets the minimum criteria defined by this act and reduces the average monthly cost of recipients within the pilot program area to recover the cost of the smart card program. In the event that the pilot program does not meet the minimum criteria to be considered a success, the Department may extend and revise the pilot program as necessary and reevaluate the results. In order to evaluate the average monthly cost of recipients within the pilot program and develop the strategy necessary to target the highest rate of savings to the State plan, four sample sets of figures shall be analyzed for the pilot program, including the following:

(1) Establishment of base figures. – Gather claims data for a first sample set, which shall include all claims for the recipients within the pilot program area and the average cost per recipient by provider type and county from at least the prior year for the exact time period for all areas in the pilot program.

(2) Adjusted base figures for increase or decrease in cost of services. – In order to evaluate increases or decreases in the cost of services, a second sample set shall be gathered and adjusted to the base figures of the first sample set. The second sample set of claims data shall represent a rural area and an urban area not participating in the pilot program, with as close as possible demographics as the population of recipients in the pilot program areas, including specific data relating to sex, age, race, and ethnicity, county similarities, number of providers, and the average cost per recipient. This sample set shall be analyzed against the prior year's figures and compared to current year figures for the same time frame and area to determine an increase or decrease in cost of services. This sample set shall not have any major changes from the prior year to the current year that would change the comparison, such as the introduction of managed care in the area. The increase or decrease in cost per recipient from this sampling set shall be factored into the data set determined pursuant to subdivision (1) of this subsection to derive at an adjusted base figure or average cost per recipient per month.

(3) Comparison of base figures to current figures. – A third sample set of data shall be gathered reflecting the claims data of the recipients and the average cost per recipient on a monthly basis during the pilot program by provider type. A comparison of the adjusted base figures arrived at by the prior sampling set with the actual figures from this third sample set shall be made to determine how much the State saved by provider type. Recipients leaving the pilot program area to avoid fraud detection will be noted, thus the third

sample set will be adjusted by claims derived outside of the pilot program area.

(4) Recipient surveying. – A fourth sample set of data shall be obtained by sampling two percent (2%) of Medicaid recipients in the pilot program area and shall be surveyed prior to the start of the pilot program to acknowledge services used, frequency of services used, and satisfaction of services used. This survey shall be taken again at the completion of the pilot program to rate the level of satisfaction of the pilot program.

SECTION 2.(e) The pilot program shall not be expanded unless the Department's data indicates that the program can be expanded through program savings. During the pilot program, the Department may consider the feasibility of expanding the pilot program, including the need to develop rules and policies related to the following:

(1) The handling of lost, forgotten, or stolen cards.

(2) Enrolling all recipients, regardless of age, for participation in the program.

(3) Distributing and activating smart cards for designated recipients.

SECTION 2.(f) The Department shall work with the Division of Motor Vehicles to ensure that State data, such as drivers license photos and other identification data, is leveraged to reduce program cost.

SECTION 3. Reports. – By June 30, 2012, the Department shall submit a detailed written report on the implementation and success of the smart card pilot program to the Governor, to the Speaker of the House of Representatives, to the President Pro Tempore of the Senate, to the Chairs of the Senate and House of Representatives Appropriations Committees, and to the Fiscal Research Division.

SECTION 4. Compliance. – This act shall be construed consistent with the federal Social Security Act, and any provision of this article found to be in conflict with the federal Social Security Act shall be deemed to be void and of no effect. If before implementing any provision of this act, the Department determines that a waiver or authorization from a federal agency is necessary for implementation of that provision, the Department shall request the waiver or authorization as soon as practicable.

SECTION 5. Prosecutions. – All federal and State laws regulating the privacy of personal health information, including the Health Insurance Portability and Accountability Act of 1998 (HIPAA) and the Health Information Technology for Economic and Clinical Health (HITECH) Act shall apply. If, in connection with the pilot program, the Department has reason to believe medical assistance fraud has been committed, the Department shall refer such matters to the Attorney General for prosecution, as appropriate. Prosecutions can involve both criminal and civil penalties allowable under law, up to a felony criminal conviction.

SECTION 6. Contracts. – Sections 4 and 5 of this act shall apply to all contracts made by the Department in regard to this pilot program. All compliance and prosecution provisions in this act shall be incorporated into all contracts, subcontracts, and any other contractual documents created between the Department and a third-party vendor. All contracting parties will be subject to all applicable federal and State laws and will be subject to prosecution if there is any violation of federal or State laws with regard to privacy of personal health information. The Department, if acting in good faith, shall not be held responsible for any action of any contractor or subcontractor in the event that that contractor or subcontractor violates any federal or State laws regarding the protection of personal health information.

The General Assembly of North Carolina enacts:

SECTION 1. Section 24 of Chapter 677 of the 1947 Session Laws, as amended by S.L. 2008-41 and S.L. 2010-62, reads as rewritten:

"SEC. 24. Violations, Penalty, Abatement, and Notice of Lis Pendens. – Any person, firm or corporation who may violate any of the provisions of the zoning ordinance of the City of Winston-Salem, North Carolina, within the one mile area surrounding the corporate limits of the City of Winston-Salem, or within the three mile area surrounding such city limits if the board of county commissioners shall have approved such zoning provisions, shall, upon conviction, be fined not more than five hundred dollars ($500) or imprisoned not more than

thirty (30) days; any person, firm or corporation who shall continue to violate or shall permit any land, structure or building to continue to exist or to be used in violation of the zoning ordinance of the City of Winston-Salem, pursuant to the authority given by this Act, or who shall cause, permit or continue to exist any occupancy or use of any land, structure or building in violation of any of said ordinances, resolutions, regulations or restrictions for as long as five days after notice of such violation, issued by the Building Inspector or Administrative Officer of the City of Winston-Salem, or his designee, and served upon him by any police officer of the City of Winston-Salem or by any police officer of Forsyth County, or by personal service, by registered or certified mail in conjunction with regular mail and posting, shall be guilty of a separate offense for each day he permits such violation to continue after the expiration of five days from such notice, and shall be punished as above set forth. If the regular mail is not returned within 10 days of its mailing, and the certified or registered mail is returned refused or unclaimed, service by regular mail shall be deemed sufficient. If regular mail is used, a notice of the violation shall be posted in a conspicuous place on the premises in violation.

Pursuant to this section, the Building Inspector or Administrative Officer or that person's designee is authorized to summarily abate any violation that continues to exist after the expiration of the notice period provided by this section. The expense of the action shall be paid by the person in default. If the expense is not paid, it is a lien on the land or premises where the abatement action occurred. A lien established pursuant to this section shall have the same priority and be collected as unpaid ad valorem taxes. The expense of the action is also a lien on any other real property owned by the person in default within the city limits or within one mile of the city limits, except for the person's primary residence. This secondary lien established pursuant to this section is inferior to all prior liens and shall be collected as a money judgment. This section does not apply if the person in default can show that the violation was created solely by the actions of another.

Furthermore, the Building Inspector or Administrative Officer or that person's designee is authorized to provide, upon the issuance of a notice of violation, for the filing of a notice of lis pendens in the office of the Clerk of Superior Court of Forsyth County. When a notice of lis pendens and a copy of the notice of violation are filed with the Clerk of Superior Court, it shall be indexed and cross-indexed in accordance with the indexing procedures of G.S. 1-117. From the date and time of indexing, the notice of violation shall be binding upon the successors and assigns of the owner or owners of the premises in violation. A copy of the notice of lis pendens shall be served upon the owner or owners of the premises in violation at the time of filing in accordance with the procedure for serving the notice of violation set forth herein. The notice of lis pendens shall remain in full force and effect until cancelled. The Building Inspector or Administrative Officer or that person's designee may authorize the cancellation of the notice of lis pendens upon compliance with the notice of violation, and receipt of such cancellation, the Clerk of Superior Court shall cancel the notice of lis pendens.

The Building Inspector or Administrative Officer, or that person's designee, may notify a chronic violator of the City's zoning ordinance that, if the violator's property is found to be in violation of the zoning ordinance, the City shall, without further notice in the calendar year in which notice (hereinafter 'chronic violator notice') is given, take action to remedy the violation, and the expense of the action shall become a lien upon the property and shall be collected as unpaid taxes. The chronic violator notice shall be served by registered or certified mail in conjunction with regular mail and posting. If regular mail is not returned in 10 days, and the registered or certified mail is returned refused or unclaimed, service by regular mail shall be deemed sufficient. A 'chronic violator' is a person who owns property whereupon, during the 18-month period prior to the issuance of the chronic violator notice, the City took remedial action at least three times under the City's zoning ordinance."

UNEMPLOYMENT INSURANCE/IMPLEMENT THREE-YEAR LOOK BACK

SECTION 6.16.(a) G.S. 96-12.01(a1)(4)c. is amended by adding a new sub-sub-subdivision to read:

"3. This section applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:
   I. The average rate of (i) insured unemployment, not seasonally adjusted, equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in all of the preceding three calendar years and equaled or exceeded five percent (5%) or (ii) total unemployment, seasonally adjusted, as determined by

the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds six and one-half percent (6.5%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subsection, equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 6.16.(b) G.S. 96-12.01(a1)(4)e. reads as rewritten:

"(4) There is an "on indicator" for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that for the period consisting of such week and the immediate preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this Chapter:

…

e. Total extended benefit amount.

1. The total extended benefit amount payment to any eligible individual with respect to the applicable benefit year shall be the least of the following amounts:

I. Fifty percent (50%) of the total amount of regular benefits which were payable to the individual under this Chapter in the individual's applicable benefit year; or

II. Thirteen times the individual's weekly benefit amount that was payable to the individual under this Chapter for a week of total unemployment in the applicable benefit year.

2. I. Effective with respect to weeks beginning in a high unemployment period, sub-subdivision e.1. of this subdivision shall be applied by substituting:

A. "Eighty percent (80%)" for "fifty percent (50%)" in sub-subdivision e.1.I., and

B. "Twenty" for "thirteen" in sub-subdivision e.1.II.

II. For purposes of sub-subdivision 2.I., the term "high unemployment period" means any period during which an extended benefit period would be in effect if sub-subdivision c. of this subdivision were applied by substituting "eight percent (8%)" for six and one-half percent (6.5%)".

3. This subdivision applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:

I. The average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent

three months for which data for all states are published before the close of the week equals or exceeds eight percent (8%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subdivision equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 6.16.(c) The intent of this section is to allow extended benefits to be paid as provided under the federal Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 so long as the payment of the benefits does not hinder the State's ability to reduce the debt it owes the federal government to pay unemployment benefits. It is not the intent of this section to pay for the extended benefits with contributions paid by employers under Chapter 96 of the General Statutes or with contributions paid by employers under the federal payroll tax that would otherwise be used to pay down the amount borrowed from the federal government by the State to pay unemployment benefits. Nothing in this section obligates the State to pay extended benefits provided by this section with contributions payable under Chapter 96 of the General Statutes or with any other State funds. This section is null and void if the payment of the benefits would divert federal payroll tax revenue payable by North Carolina employers that would otherwise be used to pay down the amount borrowed from the federal government by the State to pay unemployment benefits.

SECTION 6.16.(d) This section becomes effective April 16, 2011, and expires January 1, 2012.

State agency requirements shall be incorporated into any enterprise agreement signed by the State Chief Information Officer or his or her representative. Enterprise projects shall not exceed the participating State agencies' ability to financially support the contracts.

SECTION 6A.2.(c) The State Chief Information Officer shall not enter into any information technology contracts without obtaining written agreements from participating State agencies regarding the apportionment of the contract cost. State agencies agreeing to participate in a contract shall:

(1) Ensure that sufficient funds are budgeted to support their agreed shares of enterprise agreements throughout the life of the contract or project.

(2) Transfer the agreed-upon funds to the Information Technology Internal Service Fund in sufficient time for the Office of Information Technology Services to meet vendor contract requirements.

The State Chief Information Officer shall ensure that enterprise project and contract costs are allocated to participating agencies in an equitable manner.

SECTION 6A.2.(d) Agency Projects. – Prior to initiation, any information technology project, or any segment of a multipart project, costing more than two hundred fifty thousand dollars ($250,000) shall be included in the agency's most recent information technology plan and shall be approved by the General Assembly.

SECTION 6A.2.(e) Three-Year Contracts. – Notwithstanding the cash management provisions of G.S. 147-86.11, the Office of Information Technology Services may procure information technology goods and services for periods of up to a total of three years where the terms of the procurement contract require payment of all, or a portion, of the contract price at the beginning of the contract agreement. All of the following conditions shall be met before payment for these agreements may be disbursed:

(1) Any advance payment can be accomplished within the Information Technology Internal Service Fund budget.

(2) The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.

(3) The procurement complies in all other aspects with applicable statutes and rules.

(4) The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the Information Technology Internal Service Fund rate calculations before the Office of State Budget and Management annually approves proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates. The Office of Information Technology

Services shall submit a quarterly written report to the Office of State Budget and Management on any State agency budget impacts resulting from multiyear contracts. Under no circumstances shall multiyear contracts result in rate increases for participating agencies. The Office of Information Technology Services shall submit a quarterly written report of any authorizations granted under this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division of the North Carolina General Assembly.

SECTION 6A.2.(f) Information Technology Hosting. – State agencies developing and implementing information technology projects/applications shall use the State infrastructure to host their projects. An exception to this requirement may be granted only if approved by both the State Chief Information Officer on the basis of technology requirements and by the Office of State Budget and Management based on cost savings, subject to consultation with the Joint Legislative Commission on Governmental Operations and a report to the Joint Legislative Oversight Committee on Information Technology.

Projects/applications currently hosted outside the State infrastructure shall be returned to State infrastructure not later than the end of any current contract.

By October 1, 2011, the State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology regarding projects currently hosted outside State infrastructure and a schedule to return those projects to State infrastructure.

SECTION 6A.2.(g) Service Level Agreements. – Service level agreements developed with supported State agencies shall include metrics for the Office of Information Technology Services as well as the supported agencies. When the Office of Information Technology Services or an agency fails to meet metrics established by the service level agreement, a report shall be provided to the Office of State Budget and Management and the Fiscal Research Division of the General Assembly within 10 days, detailing the shortfall and providing a corrective action plan with a time line.

SECTION 6A.2.(h) The Office of Information Technology Services shall assist State agencies in identifying the least expensive source and best value for the purchase of IT goods and services and shall ensure that agencies receive every available discount when purchasing IT goods and services. When the best value and the least expensive sources are different, the Office of Information Technology Services shall report to the Office of State Budget and Management and the Fiscal Research Division on why the least expensive vendor was not the best value.

SECTION 6A.2.(i) Agency Billing and Payments. – The State CIO shall ensure that bills from the Office of Information Technology Services are easily understood and fully transparent. If a State agency fails to pay its IT Internal Service Fund bills within 30 days of receipt, the Office of State Budget and Management may transfer funds from the agency to cover the cost of the bill from that agency to the IT Internal Service Fund.

COORDINATION OF INFORMATION TECHNOLOGY REQUIREMENTS AND GEOGRAPHIC INFORMATION SYSTEM REQUIREMENTS

SECTION 6A.3. The State Chief Information Officer, through the Enterprise Project Management Office, shall develop a plan and adopt measures to avoid the duplication of information technology capabilities and resources across State agencies. When multiple agencies require the same or substantially similar information technology capability, the State Chief Information Officer shall designate one State agency as the lead to coordinate support and to manage that capability for all State agencies requiring the capability, with the State Chief Information Officer maintaining oversight of the effort. Further, the Enterprise Project Management Office shall:

(1) Review all ongoing and future technology projects to determine whether the capabilities required for each project, or the specific requirements comprising a component within a project, already exist in a planned, ongoing, or completed information technology project developed by another

State agency. Information Technology Procurement shall work to develop contracts for information technology projects to allow the addition of other agencies' requirements within the terms of the existing contract.

(2) Identify existing projects that can best support a particular requirement for multiple agencies and work to transition agencies to those projects.

(3) When State agencies request approval for new projects, determine if the information technology project has transferable applicability to current or future capabilities required by another State agency.

(4) Upon identifying an existing information technology capability needed by a State agency, assist that agency in determining how best to access existing projects.

(5) Implement the State Chief Information Officer's plan to reduce duplication.

(6) Deny approval for new projects that duplicate existing capabilities within State agencies.

(7) Provide quarterly reports to the Fiscal Research Division of the General Assembly on progress toward eliminating duplication. The report shall include a list of duplicate projects across State agencies, both ongoing and legacy, and shall document explicit efforts to reduce the duplication. It shall specifically address progress during the quarter for which the report is being submitted. It shall also include a list of projects denied approval because of duplication, with a description of the measures taken to access an existing project with the same capabilities.

All State agencies shall coordinate any Geographic Information System (GIS) initiatives through the Center for Geographic Information and Analysis (CGIA) to ensure that they are not duplicating an existing function. The CGIA shall monitor and approve all new GIS-related information technology projects and expansion budget requests. By January 1 of each year, the CGIA shall make a written report to the Joint Legislative Oversight Committee on Information Technology and to the Fiscal Research Division of the General Assembly on the results of these efforts.

CRIMINAL JUSTICE LAW ENFORCEMENT AUTOMATED DATA SERVICES (CJLEADS)

SECTION 6A.4.(a) The Office of the State Controller, in cooperation with the State Chief Information Officer, shall:

(1) Continue the implementation of the Criminal Justice Data Integration Pilot Program, which is now known as the Criminal Justice Law Enforcement Automated Data Services (CJLEADS), expanding it throughout the State of North Carolina;

(2) Review plans to transition CJLEADS to the Department of Justice, determining if that is still the best course of action, and identifying an alternative, if required;

(3) By October 1, 2011, provide a recommendation to the Joint Legislative Oversight Committee on Information Technology on the best alternative for managing and hosting CJLEADS, along with a time line for the transition; and

(4) Provide quarterly reports on the status of the Program to the Joint Legislative Oversight Committee on Information Technology beginning October 1, 2011.

SECTION 6A.4.(b) The Office of the State Controller shall administer CJLEADS with the assistance of a Leadership Council consisting of:

(1) The Attorney General;

(2) The Director of the Administrative Office of the Courts;

(3) The Secretary of the Department of Correction;

(4) The Secretary of Crime Control and Public Safety;

(8) The President of the North Carolina Sheriffs' Association, Inc.;
(9) A representative of the Federal Bureau of Investigation, who shall be a nonvoting member;
(10) The State Controller; and
(11) The State Chief Information Officer.

SECTION 6A.4.(c) Data that is not classified as a public record under G.S. 132-1 shall not be considered a public record when incorporated into the CJLEADS database.

SECTION 6A.4.(d) To maintain the confidentiality requirements attached to the information provided to CJLEADS by the various State and local agencies, each source agency providing data for CJLEADS shall be the sole custodian of the data for the purpose of any request for inspection or copies thereof under Chapter 132 of the General Statutes. CJLEADS shall only allow access to data from the source agencies in accordance with rules adopted by the respective source agencies.

SECTION 6A.4.(e) Agencies shall use existing resources to provide required support for CJLEADS.

SECTION 6A.4.(f) Section 6.10 of S.L. 2010-31 is repealed.

CONTINUING PILOT PROGRAM TO ALLOW PUBLIC-PRIVATE PARTNERSHIPS TO MEET DEPARTMENT OF REVENUE TECHNOLOGY NEEDS

SECTION 6A.5.(a) To speed the implementation of the Tax Information Management System (TIMS) and the additional components of the Planning and Design Project (PDP) through June 30, 2015, the Secretary of the Department of Revenue may enter into public-private arrangements where (i) the funding of the project under the arrangement comes from revenue generated by the project and (ii) the project is related to the implementation of TIMS and additional components of the PDP. As used in this section, the "additional components of the PDP" are Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer Relationship Management, Enterprise Case Management, and E-Services. All such arrangements shall terminate June 30, 2015.

Work under a public-private arrangement may be contracted by requests for proposals, modifications to existing contracts, and purchases using existing contract vehicles.

The Secretary of Revenue shall establish a measurement process to determine the increased revenue attributable to the public-private arrangements. To accomplish this, the Secretary shall consult subject matter experts outside the Department of Revenue, both within State government and from private industry. The measurement process shall include:

(1) Calculation of a revenue baseline against which the increased revenue attributable to the project is measured;
(2) Periodic evaluation to determine if the baseline needs to be modified based on significant measurable changes in the economic environment; and
(3) Monthly calculation of increased revenue attributable to contracts executed under this program.

Of funds generated from collections above the baseline established by subdivision (1) of this subsection, in both the General Fund, Highway Funds, and the State portion of the Unauthorized Substance Tax collections of the Special Revenue Fund, up to forty-five million five hundred thousand dollars ($45,500,000) may be authorized by the Office of State Budget and Management for the purchases related to the implementation of TIMS and the additional components of the PDP, including payment for services from non-State entities. The Department of Revenue may retain an additional six million six hundred forty-six thousand five hundred fifty-seven dollars ($6,646,557) from benefits generated for the General Fund since the

beginning of the public-private partnership. These funds shall be used as payment of internal costs for the fiscal biennium, and such funds are hereby appropriated for this purpose.

If the Department of Revenue finds that it cannot generate additional benefits totaling forty-five million five hundred thousand dollars ($45,500,000) through June 30, 2015, or that total costs exceed the total available appropriations and earned benefits, then the Department shall do all of the following: (i) immediately notify the Chairs of the House of Representatives and Senate Appropriations Committees and the Fiscal Research Division, (ii) identify any obligations to vendors, (iii) identify options for meeting obligations to vendors, and (iv) provide costs associated with each option. The Department shall ensure that this notification is made in sufficient time to allow the General Assembly to properly evaluate the options presented.

SECTION 6A.5.(b) Notwithstanding G.S. 114-2.3, the Department of Revenue shall engage the services of private counsel with the pertinent information technology and computer law expertise to review requests for proposals, and to negotiate and review contracts associated with TIMS and the additional components of the Planning and Design Project (PDP) (Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer Relationship Management, Enterprise Case Management, and E-Services).

SECTION 6A.5.(c) There is established within the Department of Revenue the Oversight Committee for reviewing and approving the benefits measurement methodology and calculation process. The Oversight Committee shall review and approve in writing all contracts, including change orders, amendments to contracts, and addendums to contracts, before they are executed under this section. This shall include (i) details of each public-private contract, (ii) the benefits from each contract, and (iii) a comprehensive forecast of the benefits of using public-private agreements to implement TIMS and the additional PDP components, including the measurement process established for the Secretary of Revenue. The Oversight Committee shall approve all of the fund transfers for this project. Within five days of entering into a contract, the Department shall provide copies of each contract and all associated information to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

The members of the Committee shall include the following:

(1) The State Budget Director;
(2) The Secretary of the Department of Revenue;
(3) The State Chief Information Officer;
(4) Two persons appointed by the Governor;
(5) One member of the general public having expertise in information technology appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives; and
(6) One member of the general public having expertise in economic and revenue forecasting appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate.

The State Budget Director shall serve as chair of the Committee. The Committee shall set its meeting schedule and adopt its rules of operation by majority vote. A majority of the members constitutes a quorum. Vacancies shall be filled by the appointing authority. Administrative support staff shall be provided by the Department of Revenue. Members of the Committee shall receive reimbursements for subsistence and travel expenses as provided by Chapter 138 of the General Statutes. The Committee shall terminate on June 30, 2015.

The Department shall provide copies of the minutes of each meeting and all associated information to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

SECTION 6A.5.(d) Beginning August 1, 2011, and quarterly thereafter, the Department of Revenue shall submit detailed written reports to the Chairs of the House of

Representatives and Senate Committees on Appropriations, to the Joint Legislative Oversight Committee on Information Technology, and to the Fiscal Research Division of the Legislative Services Office. The report shall include (i) details of each public-private contract, (ii) the benefits from each contract, (iii) a comprehensive forecast of the benefits of using public-private agreements to implement TIMS and the additional PDP components, including cost savings and the acceleration of the project time line, (iv) and any issues associated with the operation of the public-private partnership.

SECTION 6A.5.(e) In addition to the oversight provided by the Oversight Committee established in subsection (c) of this section, the TIMS project shall be subject to existing Information Technology project oversight legislation and the TIMS project management shall comply with all statutory requirements and other requirements established by the State Chief Information Officer and the Office of State Budget and Management for information technology projects. The State Chief Information Officer and the Office of State Budget and Management shall immediately report any failure to do so to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

SECTION 6A.5.(f) Section 6.20 of S.L. 2009-451, as rewritten by Section 2.3 of S.L. 2010-123, is repealed.

INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT REQUIREMENTS

SECTION 6A.6.(a) Effective for the 2011-2013 fiscal biennium, and notwithstanding any provision of law to the contrary:

(1) No contract for information technology personal services, or providing personnel to perform information technology functions, may be established or renewed without the express written approval of the Statewide Information Technology Procurement Office.

(2) Before any State agency, department, or institution may renew a contract position for information technology personnel, the State agency must report to the Statewide Information Technology Procurement Office, the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, and to the Fiscal Research Division. The report shall explain:

Contract positions subject to this section shall be reviewed and approved by the Statewide Information Technology Procurement Office and shall be entered into the project portfolio management tool.

The Statewide Information Technology Procurement Office shall determine the market rate for the type of contract required, as well as to determine the comparable cost for a State employee. Agencies may not exceed the market rate determined by the Statewide Information Technology Procurement Office. After the Statewide Information Technology Procurement Office provides cost data, the Office of State Budget and Management must approve funding for the position.

SECTION 6A.6.(b) Whenever a State agency, department, or institution determines that only a contractor can fill a position and the position is required to perform an ongoing function within the agency, the head of the State agency must develop and implement a plan to hire or train a qualified State employee to fill the position within 12 months. Within 60 days of hiring the contractor, this plan shall be forwarded to the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, and the Fiscal Research Division.

SECTION 6A.6.(c) Beginning August 1, 2011, and monthly thereafter, each State agency, department, and institution employing information technology personal services contractors, or contract personnel performing information technology functions, shall provide a detailed report on those contracts to the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division of the General Assembly.    g. The purchase order number for the position.
   h. Whether the position can be converted to a State employee position. This determination will be certified by the State Information Technology Purchasing Office.
   i. When the agency anticipates converting the position to a State employee.

(2) The total annual cost for information technology contractors and the total annual salary and benefits cost for filling the contract positions with State employees.

(3) A determination of whether the information technology functions performed by the contractor can be performed by State employees.

(4) All information required by this subsection related to information technology contractors regardless of the contracting source.

SECTION 6A.6.(d) Each State agency shall provide a detailed explanation of any differences between the agency report required by subsection (b) of this section and the Information Technology Expenditures Report published annually by the Office of the State Controller. This report of differences shall be due 30 days after the publication of the Office of the State Controller's report and shall be submitted to the Office of State Budget and Management, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Information Technology.

SECTION 6A.6.(e) This section does not apply to The University of North Carolina and its constituent institutions.

Information technology infrastructure includes personal computers, hosting and network environments, the help desk, call centers, and information technology security. Applications include enterprise software, on-demand software, and customized software. At a minimum, the consolidation plan shall include the following:

(1) Defined targets and priorities with a detailed time line for the implementation of consolidation.
(2) The costs of consolidation by fiscal year and by agency.
(3) The anticipated savings to result from consolidation and a time line for actual achievement of those savings.
(4) Technical, policy, or other issues associated with achieving a timely and effective consolidation.
(5) A process to transfer all information technology hardware and software funding to the Office of the State CIO.
(6) Creation of a project management organization to manage all information technology projects.
(7) Review of agency, Office of Information Technology Services, and Office of the State CIO to identify redundant personnel positions.

When setting consolidation targets, the State CIO shall give high priority to infrastructure issues that pose significant risk to agency operations or data, that provide opportunities for immediate cost savings, and where a statewide approach would minimize disruption of services. In carrying out the consolidation, the Office of Information Technology Services shall utilize the authority set out in G.S. 147-33.83.

SECTION 6A.7.(b) Beginning July 1, 2011, the State CIO shall plan and implement an enterprise level grants management system. Similar systems currently under development may be suspended by the State CIO with funding reprogrammed to support development of the enterprise level grants management system.

In coordination with the State CIO, the Department of Health and Human Services shall develop a plan to implement a single case management system throughout that Department, beginning in the 2012-2013 fiscal year, and shall report to the Joint Legislative Oversight Committee on Information Technology by February 1, 2012, on its initiatives to implement the system. The report shall include a detailed time line for completion and an explanation of the costs associated with case management consolidation.

Legislative Oversight Committee on Information Technology, and the Fiscal Research Division relating to State information technology consolidation.

ITS/INTERNAL SERVICE FUND RATE ESTABLISHMENT/CASH MANAGEMENT

SECTION 6A.8.(a) For each year of the 2011-2013 fiscal biennium, receipts for the Information Technology Internal Service Fund shall not exceed one hundred ninety million dollars ($190,000,000), excluding a 60-day balance for contingencies. Rates established by the Office of State Budget and Management (OSBM) to support the IT Internal Service Fund shall be based on this required fund limit. Established rates shall be adjusted within 30 days in the event the fund exceeds the prescribed limit. In the event that an increase in receipts for the IT Internal Service Fund is required, the Office of Information Technology Services may implement the increase after consultation with the Joint Legislative Commission on Governmental Operations.

SECTION 6A.8.(b) Rates shall be set to support a specific service for which an agency is being charged. Overhead charges to agencies must be consistently applied and must not exceed industry standards. Rate increases shall require approval of the OSBM. Rate reductions shall be immediately implemented following notification of the OSBM.

SECTION 6A.8.(c) Beginning October 1, 2011, the State Chief Information Officer shall submit a quarterly report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on collections for, expenditures from, and the balance of the IT Internal Service Fund. The report shall include all expenditures made from the fund to support the Office of Information Technology Services and the activities of the State Chief Information Officer.

INFORMATION TECHNOLOGY PRIVATIZATION

SECTION 6A.9.(a) Any privatization of any grouping of information technology services, or "towers," identified in the Infrastructure Study and Assessment (INSA) shall require prior approval from the General Assembly. Funding to support any outsourcing of any of these towers shall be specifically appropriated by the General Assembly for that purpose, to include any use of Information Technology Internal Service Fund receipts.

SECTION 6A.9.(b) Before privatizing any major information technology function during the 2011-2013 fiscal biennium, the State Chief Information Officer shall do all of the following:

f. Any security issues associated with outsourcing each application impacted by the outsourcing, with a detailed plan to mitigate those issues.
g. A list of State employees to be terminated with information on their job description and how long they have been employed by the State, a schedule of when the terminations are to occur, the cost of terminating each employee, and plans to assist each terminated employee.

The State Chief Information Officer shall consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative

Oversight Committee on Information Technology on the completed plan prior to any implementation of privatization.

(2) Have a detailed plan in place, to include associated costs and sources of funding, to return the function to State control in the event privatization fails to provide anticipated cost-savings or required service levels.

(3) Privatize only those individual functions where verifiable market data shows that privatization will result in cost-savings to the State and there is no data identifying alternatives that generate greater savings, ensuring that agencies receive at a minimum the same level of service and functionality as the level prior to privatization.

(4) Document and certify any anticipated savings resulting from privatization by individual function.

(5) Ensure full disclosure of any privatization decisions that combine multiple services or towers into a single contract, including the costs associated with each specific service or tower included in the contract.

(6) Ensure that any changes are made across the entire executive branch.

(7) Consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative Oversight Committee on Information Technology regarding the plan for funding any requirements formerly covered by the receipts from the privatized function.

(2) Immediately notify the Joint Legislative Commission on Governmental Operations of any outsourcing effort that does not meet projected savings or required service levels for two quarters in a row or during any two quarters of a fiscal year, and develop a corrective action plan.

(3) Terminate any contract where privatization fails to achieve projected savings or meet service levels over a period of 12 months.

c. Detailed information on the anticipated cost of ownership of the portal and any services proposed for implementation during the

period, to include the amount of any payments received by vendors supporting the project.

(2) Deposited in the General Fund, or in the Highway Fund for fees collected from the Department of Transportation.

The portal shall not increase fees or impose a new fee for services already provided online or through any automated means.

SECTION 6A.10.(d) Participation by State agencies in the portal shall be voluntary.

SECTION 6A.10.(e) There shall be a convenient, free alternative for any online service provided.

CLASS SIZE REDUCTION FOR GRADES 1-3

SECTION 7.1B. The General Assembly finds that educational research has shown that small classes of 15 or fewer students result in marked improvement in learning in grades 1-3, as measured by standardized tests in reading and mathematics, that the advantages gained from being in small classes have been shown to have a lasting benefit into the later years of students' lives, and that these studies have shown that small classes have a particularly beneficial effect on the academic achievement of children from disadvantaged backgrounds. The General Assembly further finds that larger class sizes allow less time to develop relationships with students, colleagues, and parents, and prevent the implementation of new and more dynamic and individualized teaching strategies and techniques. Therefore, it is the intent of the General Assembly to reduce class size in grades 1 through 3 to a class size allotment not exceeding 1:15 as funds become available.

FUNDS FOR CHILDREN WITH DISABILITIES

SECTION 7.2. The State Board of Education shall allocate additional funds for children with disabilities on the basis of three thousand five hundred eighty-five dollars and eighty-eight cents ($3,585.88) per child. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of its 2011-2012 allocated average daily membership in the local school administrative unit. The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

FUNDS FOR ACADEMICALLY GIFTED CHILDREN

SECTION 7.3. The State Board of Education shall allocate additional funds for academically or intellectually gifted children on the basis of one thousand one hundred ninety-two dollars and ninety cents ($1,192.90) per child for fiscal year 2011-2012 and one thousand one hundred ninety-two dollars and ninety cents ($1,192.90) per child for fiscal year 2012-2013. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2011-2012 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

USE OF SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

instructional supplies and equipment, staff development, and textbooks and (ii) for salary supplements for instructional personnel and instructional support personnel. Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II in grades 4 and 7.

(5) "Average daily membership" means average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.

(6) "County-adjusted property tax base" shall be computed as follows:
   a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county.
   b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies.
   c. Add to the resulting amount the following:
      1. Present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2.

b. Compute the percentage that the anticipated total county revenue availability per student is of the anticipated State average revenue availability per student and weight the resulting percentage by a factor of four-tenths.
c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth.
d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

(9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.

(10) "Effective State average tax rate" means the average of effective county tax rates for all counties.

(11) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(12) "Per capita income" means the average for the most recent three years for which data are available of the per capita income according to the most recent report of the United States Department of Commerce, Bureau of Economic Analysis, including any reported modifications for prior years as outlined in the most recent report.

If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.4.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.4.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current

expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.4.(e) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.4.(f) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.4.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2011-2013 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if the following apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.4.(h) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties have supplanted funds.

SECTION 7.4.(i) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each

year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

(2) Provide intensive in-school and/or after-school remediation;
(3) Purchase diagnostic software and progress-monitoring tools; and
(4) Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.8.(b) Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on (i) the local school administrative unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

(1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:19.9.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

SECTION 7.8.(c) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if the following apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

No later than January 15, 2012, the Department shall report to the Joint Legislative Education Oversight Committee of the General Assembly the residential school it has decided to close and the Department's plan for consolidating the programs with those at the two remaining schools. The Department shall base its choice of the residential school to be closed on the following considerations:

SECTION 7.27. Notwithstanding G.S. 143C-6-4(b)(3), the Department of Public Instruction may realign receipts among the following General Fund purpose codes on a recurring basis through the budget certification process for the sole purpose of correctly aligning the certified budget with the appropriate purpose or programs as defined in G.S. 143C-1-1(d)(23): 1000, 1100, 1300, 1330, 1430, 1500, 1600, 1640, and 1660.

INCREASE NUMBER OF INSTRUCTIONAL DAYS

SECTION 7.29.(a) G.S. 115C-84.2 reads as rewritten:

"§ **115C-84.2. School calendar.**

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) **(See notes)** A minimum of ~~180~~ 185 days and ~~1,000~~ 1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the ~~180~~185 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board

policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.

(2) A minimum of 10 annual vacation leave days.

(3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.

~~(4) Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall schedule one of these days at the beginning of the school year and one at the end of each academic quarter.~~

(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance.

If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a local board of education a waiver to use up to five of the instructional days required by subdivision (1) of this subsection as teacher workdays. For each instructional day waived, the State Board shall waive an equivalent number of instructional hours.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least ~~seven~~ two days scheduled under ~~subdivisions (4) and~~ subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in ~~subdivisions (4) and~~ subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(b) Limitations. – The following limitations apply when developing the school calendar:

(1) The total number of teacher workdays for teachers employed for a 10 month term shall not exceed 195 days.

(2) The calendar shall include at least 42 consecutive days when teacher attendance is not required unless: (i) the school is a year-round school; or (ii) the teacher is employed for a term in excess of 10 months. At the request of the local board of education or of the principal of a school, a teacher may

elect to work on one of the 42 days when teacher attendance is not required in lieu of another scheduled workday.

(3) School shall not be held on Sundays.

(4) Veterans Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

(c) Emergency Conditions. – During any period of emergency in any section of the State where emergency conditions make it necessary, the State Board of Education may order general, and if necessary, extended recesses or adjournment of the public schools.

(d) Opening and Closing Dates. – Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, and the closing date for students shall not be after June 10. On a showing of good cause, the State Board of Education may waive this requirement to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means either that:

(1) Schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations; or

(2) Schools in any local school administrative unit in a county have been closed for all or part of eight days per year during any four of the last 10 years because of severe weather conditions. For purposes of this subdivision, a school shall be deemed to be closed for part of a day if it is closed for two or more hours.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

(e) Nothing in this section prohibits a local board of education from offering supplemental or additional educational programs or activities outside the calendar adopted under this section."

SECTION 7.29.(b) G.S. 115C-238.29F(d)(1) reads as rewritten:

"(1) The school shall provide instruction each year for at least ~~180~~185 days. If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a charter school a waiver to use up to five of these instructional days as teacher workdays."

TESTING PROGRAM

SECTION 7.30.(a) G.S. 115C-174.11 reads as rewritten:

"§ **115C-174.11. Components of the testing program.**

(a) Assessment Instruments for First and Second Grades. – The State Board of Education shall adopt and provide to the local school administrative units developmentally appropriate individualized assessment instruments consistent with the Basic Education Program for the first and second grades, rather than standardized tests. Local school administrative units may use these assessment instruments provided to them by the State Board for first and second grade students, and shall not use standardized tests except as required as a condition of receiving federal grants.

(b) Repealed by Session Laws 2009-451, s. 7.20(c), effective July 1, 2009.

(c) Annual Testing Program.

(1) The State Board of Education shall adopt the tests for grades three through 12 that are required by federal law or as a condition of a federal grant. These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies for grades nine through 12. Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade.

(2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states.

(3) The State Board of Education shall continue to participate in the development of the Common Core State Standards in conjunction with the consortium of other states, review all national assessments developed by both multistate consortia, and implement the assessments that the State Board deems most appropriate to assess student achievement on the Common Core State Standards.

(4) To the extent funds are made available, the State Board shall plan for and require the administration of the ACT test for all students in the eleventh grade unless the student has already taken a comparable test and scored at or above a level set by the State Board.

(d) Except as provided in ~~subdivision (2) of~~ subsection (c) of this section, the State Board of Education shall not require the public schools to administer any standardized tests except for those required by federal law or as a condition of a federal grant.

The State Board of Education shall adopt and provide to local school administrative units all tests required by federal law or as a condition of a federal grant."

SECTION 7.30.(b) Article 10A of Chapter 115C of the General Statutes is amended by adding two new Parts to read:

"Part 4. Student Diagnostic Tests.

"**§ 115C-174.20. Tools for student learning.**

To the extent funds are made available for this purpose, the State Board shall plan for and require the administration of diagnostic tests in the eighth and tenth grades that align to the ACT test in order to help diagnose student learning and provide for students an indication of whether they are on track to be remediation-free at a community college or university.

"Part 5. Career Readiness.

"**§ 115C-174.25. WorkKeys.**

To the extent funds are made available for this purpose, the State Board shall plan for and require local school administrative units to make available the appropriate WorkKeys tests for all students who complete the second level of vocational/career courses."

SECTION 7.30.(c) This section applies beginning with the 2011-2012 school year.

In determining the appropriate weighting, the State Board of Community Colleges shall weigh curriculum courses in high-cost areas such as health care, technical education, and lab-based science courses more heavily than other curriculum courses. The State Board of Community Colleges shall also weigh continuing education courses that lead to a third-party credential or certification and courses providing an industry-designed curriculum more heavily than other occupational extension courses.

AUTHORIZE BOARD OF GOVERNORS TO PERMIT NORTH CAROLINA STATE UNIVERSITY TO SELF-PERFORM ENERGY CONSERVATION MEASURES AND TO AUTHORIZE ENERGY SAVINGS REALIZED BY NORTH CAROLINA STATE UNIVERSITY TO BE USED AS A SOURCE OF REPAYMENT FOR CERTAIN DEBTS

SECTION 9.6D.(a) Article 3B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.17L. Board of Governors may authorize energy conservation measures at constituent institutions.**

(a) Authority. – Notwithstanding the provisions of this Part to the contrary, the Board of Governors of The University of North Carolina may authorize any constituent institution listed in subsection (e) of this section to implement an energy conservation measure without entering into a guaranteed energy savings contract if both of the following conditions are met:

(1) The Board of Governors finds that the energy savings resulting from the implementation of the energy conservation measure shall, according to the energy savings analysis received pursuant to G.S. 143-64.17M(a), equal or exceed the total cost of implementing the measure. If the proposed implementation will be financed with debt, then the energy savings analysis must project sufficient energy savings to pay the debt service on any bonds to be issued. As used in this subdivision, the term 'total cost' shall have the same meaning as it does in G.S. 143-64.17B(d).

(2) The energy conservation measure is for an existing building or utility system.

(b) Scope of Authority. – In implementing an energy conservation measure pursuant to subsection (a) of this section, the Board of Governors may undertake or authorize any constituent institution listed in subsection (e) of this section to undertake any action that (i) could be required of a qualified provider under a guaranteed energy savings contract or (ii) is otherwise permissible under this Part.

(c) Projects Consisting of Multiple Energy Conservation Measures. – The Board of Governors may authorize the implementation of multiple energy conservation measures simultaneously as part of a single project. When doing so, the findings required by subsection (a) of this section may be made with respect to the project as a whole and need not be made with respect to individual energy conservation measures. Similarly, the analyses required by G.S. 143-64.17M may be conducted for the project as a whole instead of for individual energy conservation measures.

(d) Continuing Applicability of Part to Contracts. – If the Board of Governors or a constituent institution implements an energy conservation measure through a guaranteed energy savings contract, that contract shall accord in all respects with the requirements of this Part.

(e) The Board of Governors may authorize North Carolina State University to implement an energy conservation measure without entering into a guaranteed energy savings contract pursuant to this section."

SECTION 9.6D.(b) Article 3B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.17M. Energy savings analysis required prior to implementation; post-implementation analyses required.**

(a) Energy Savings Analysis Required Prior to Implementation. – Prior to implementing an energy conservation measure pursuant to G.S. 143-64.17L, an energy savings analysis shall be performed to validate the economic assumptions that purportedly support the implementation of the measure. This analysis shall be performed by a third party selected by the constituent institution and shall include an energy consumption analysis to develop a baseline of previous costs of all utilities' energy consumption for the institution on the assumption that the energy conservation measure was not undertaken. The completed analysis shall be submitted to The University of North Carolina General Administration and to the State Energy Office.

(b) Post-Implementation Analyses Required. – A constituent institution that implements an energy conservation measure pursuant to G.S. 143-64.17L shall retain a third party to perform an annual measurement and verification of energy savings resulting from the energy conservation measure as compared to the baseline of previous costs set forth in the energy savings analysis required by subsection (a) of this section. The third party shall annually provide a reconciliation statement based upon the results of a preagreed upon measurement, monitoring, and verification protocol which shall disclose any shortfall or surplus between the estimated energy usage and operational savings set forth in the energy savings analysis required by subsection (a) of this section and actual, not stipulated, energy usage and operational savings incurred during a given year.

If a reconciliation statement reveals a shortfall in energy savings for a particular year, the constituent institution shall be responsible for and shall pay the shortfall. However, the institution shall not be held responsible for losses due to natural disasters or other emergencies. Any surplus shall be retained by the institution and may be used in the same manner as any other energy savings."

"(b) It is the intent of the General Assembly that appropriations to the Board of Governors on behalf of a constituent institution not be reduced as a result of the institution's realization of energy savings. Instead, the General Assembly intends that the amount of appropriations be determined as if no energy savings had been realized. The Director of the Budget shall not decrease the recommended continuation budget requirements for utilities for constituent institutions by the amount of energy savings realized from implementing energy conservation measures, including savings achieved through a guaranteed energy savings contract."

SECTION 9.6D.(d) G.S. 143-64.17F(b) reads as rewritten:

"(b) The Department of Administration, in consultation with the Department of Commerce through the State Energy Office, shall adopt rules for: (i) agency evaluation of guaranteed energy savings contracts; (ii) establishing time periods for consideration of guaranteed energy savings contracts by the Office of State Budget and Management, the Office of the State Treasurer, and the Council of State, and (iii) setting measurements and verification criteria, including review, audit, and precertification. In compiling the information, the State Energy Office shall include information on the energy savings expected to be realized from a contract or implementation and shall evaluate whether expected savings have in fact been realized."

In connection with the request, the State governmental unit shall provide to the State Treasurer any information the State Treasurer requests in order to evaluate the request. In the event that the State Treasurer determines that financing efficiencies will be realized through the combining of financing contracts, then the State Treasurer is authorized to execute and deliver, for and on behalf of the State of North Carolina, subject to the terms and conditions set forth in this Article, a financing contract for the purpose of financing the cost of the multiple energy conservation measures."

SECTION 9.6D.(h) G.S. 116D-22(3) reads as rewritten:

CHILD CARE SUBSIDY RATES

SECTION 10.1.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 10.1.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%.

SECTION 10.1.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by Section 10.7(g) of this act.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by Section 10.7(g) of this act.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.1.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.1.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 10.1.(h) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. The mandatory thirty percent (30%) Smart Start subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

(2) No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

SECTION 10.2.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including Smart Start funds, within a county.

SECTION 10.2.(c) Notwithstanding subsection (a) of this section, the Department of Health and Human Services shall allocate up to twenty million dollars ($20,000,000) in federal block grant funds and State funds appropriated for fiscal years 2011-2012 and 2012-2013 for child care services. These funds shall be allocated to prevent termination of child care services. Funds appropriated for specific purposes, including targeted market rate adjustments given in the past, may also be allocated by the Department separately from the allocation formula described in subsection (a) of this section.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.3. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).

The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that

allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 10.7.(g) The Division of Child Development and Early Education (DCDEE) shall adopt policies that improve the quality of childcare for subsidized children. The DCDEE shall phase in a new policy in which child care subsidies will be paid, to the extent possible, for child care in the higher quality centers and homes only. The DCDEE shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of three-, four-, and five-star-rated facilities, the DCDEE shall establish a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The DCDEE may allow exemptions in counties where there is an inadequate number of three-, four-, and five-star-rated facilities for nonstar-rated programs, such as religious programs.

SECTION 10.7.(h) The Division of Child Development and Early Education shall implement a parent co-payment requirement for prekindergarten classrooms the same as what is required of parents subject to regular child care subsidy payments. All at-risk children and age-eligible children of military personnel as described in subsection (g) of this section are exempt from the co-payment requirements of this subsection.

Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%.

SECTION 10.7.(i) All prekindergarten classrooms regulated pursuant to this section shall be required to participate in the Subsidized Early Education for Kids (SEEK) accounting system to streamline the payment function for these classrooms with a goal of eliminating duplicative systems and streamlining the accounting and payment processes among the subsidy reimbursement systems. Prekindergarten funds transferred may be used to add these programs to SEEK.

SECTION 10.7.(j) Based on market analysis and within funds available, the Division of Child Development and Early Education shall establish reimbursement rates based on newly increased requirements of four- and five-star-rated facilities and the higher teacher standards within the prekindergarten class rooms, specifically More At Four teacher standards, when establishing the rates of reimbursements. Additionally, the prekindergarten curriculum day shall cover six and one-half to 10 hours daily and no less than 10 months per year. The public classrooms will have a one-year transition period to become licensed through the Division of Child Development and may continue to operate prekindergarten, formerly "More At Four," classrooms during the 2011-2012 fiscal year.

MENTAL HEALTH CHANGES

SECTION 10.8.(a) For the purpose of mitigating cash flow problems that many nonsingle-stream local management entities (LMEs) experience at the beginning of each fiscal year, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall adjust the timing and method by which allocations of service dollars are distributed to each nonsingle-stream LME. To this end, the allocations shall be adjusted such that at the beginning of the fiscal year the Department shall distribute not less than one-twelfth of the LME's continuation allocation and subtract the amount of the adjusted distribution from the LME's total reimbursements for the fiscal year.

SECTION 10.8.(b) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars ($29,121,644) for the 2011-2012 fiscal year and the sum of twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars

($29,121,644) for the 2012-2013 fiscal year shall be allocated for the purchase of local inpatient psychiatric beds or bed days. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LMEs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days. These beds or bed days shall be distributed across the State in LME catchment areas and according to need as determined by the Department. The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Utilization Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2012, the Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on a uniform system for beds or bed days purchased (i) with local funds, (ii) from existing State appropriations, (iii) under the Hospital Utilization Pilot, and (iv) purchased using funds appropriated under this subsection.

SECTION 10.8.(c) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for mobile crisis teams, the sum of five million seven hundred thousand dollars ($5,700,000) shall be distributed to LMEs to support 30 mobile crisis teams. The new mobile crisis units shall be distributed over the State according to need as determined by the Department.

SECTION 10.8.(d) The Department of Health and Human Services may create a midyear process by which it can reallocate State service dollars away from LMEs that do not appear to be on track to spend the LMEs' full appropriation and toward LMEs that appear able to spend the additional funds.

JOHNSTON COUNTY LME ADMINISTRATIVE FUNDING

SECTION 10.8A. Notwithstanding G.S. 122C-115(a1), the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall not further reduce the allocation of administrative funding to the Johnston County Area Mental Health, Developmental Disabilities, and Substance Abuse Authority for the 2011-2012 fiscal year as a consequence of the total population of the catchment area served.

MH/DD/SAS HEALTH CARE INFORMATION SYSTEM PROJECT

SECTION 10.9. Of the funds appropriated to the Department of Health and Human Services for the 2011-2013 fiscal biennium, the Department may use a portion of these funds to continue to develop and implement a health care information system for State institutions operated by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. G.S. 143C-6-5 does not apply to this section.

LME FUNDS FOR SUBSTANCE ABUSE SERVICES

SECTION 10.10.(a) Consistent with G.S. 122C-2, the General Assembly strongly encourages Local Management Entities (LMEs) to use a portion of the funds appropriated for substance abuse treatment services to support prevention and education activities.

SECTION 10.10.(b) An LME may use up to one percent (1%) of funds allocated to it for substance abuse treatment services to provide nominal incentives for consumers who achieve specified treatment benchmarks, in accordance with the federal substance abuse and mental health services administration best practice model entitled Contingency Management.

SECTION 10.10.(c) In providing treatment and services for adult offenders and increasing the number of Treatment Accountability for Safer Communities (TASC) case managers, local management entities shall consult with TASC to improve offender access to substance abuse treatment and match evidence-based interventions to individual needs at each stage of substance abuse treatment. Special emphasis should be placed on intermediate punishment offenders, community punishment offenders at risk for revocation, and Department of Correction releasees who have completed substance abuse treatment while in custody.

In addition to the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, to provide substance abuse services for adult offenders and to increase the number of TASC case managers, the Department shall allocate up to three hundred thousand dollars ($300,000) to TASC. These funds shall be allocated to TASC before funds are allocated to LMEs for mental health services, substance abuse services, and crisis services.

SECTION 10.10.(d) In providing drug treatment court services, LMEs shall consult with the local drug treatment court team and shall select a treatment provider that meets all provider qualification requirements and the drug treatment court's needs. A single treatment provider may be chosen for non-Medicaid-eligible participants only. A single provider may be chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in a single group. During the 52-week drug treatment court program, participants shall receive an array of treatment and aftercare services that meets the participant's level of need, including step-down services that support continued recovery.

MH/DD/SAS COMMUNITY SERVICE FUNDS

SECTION 10.11.(a) The Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (as used in this section "the Division") is directed to reduce the Community Service Fund by twenty million dollars ($20,000,000).

SECTION 10.11.(b) The Division is directed, through consultation with LME representatives and stakeholders, to develop a set of standardized covered benefits for recipients of LME Service Funds that shall become the only services paid for by community service funds through LMEs. These services shall be best practices for developmental disabilities, mental illness, and substance abuse.

SECTION 10.11.(c) Effective January 1, 2012, the Division shall implement a co-payment for all mental health, developmental disabilities, and substance abuse services based upon the Medicaid co-payment rates.

SECTION 10.11.(d) The Division is directed to reduce the Community Service Fund by twenty-five million dollars ($25,000,000) for the 2011-2012 fiscal year based on available fund balance reported by the LMEs' 2010 fiscal audit and estimated unspent reserves held by counties of single county LMEs. The Division shall review the designation of reserved

or designated fund balance accounts to determine whether accounts may be moved to unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance available for purchase of services. The Division is directed to allocate the reduction among LMEs based on unreserved, undesignated fund balance totals, as of June 30, 2010. This includes an estimate of unspent reserves held by counties of single county LMEs or as necessary to fairly achieve budget reductions in this act for this purpose giving consideration of the LME's unrestricted fund balance and the LME's ability to supplement funding of services without impairing its fiscal stability. LMEs are directed to spend their unreserved, undesignated fund balance on services, commensurate with the reduction directed by the Division pursuant to this subsection.

SECTION 10.11.(e) Quarterly reports shall be submitted to the Division by LMEs to ensure expenditures from fund balance occur at the level required by this law. Additionally, the Division shall review the designation of reserved or designated fund balance accounts to determine whether accounts may be moved to unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance available for purchase of services. If categories of funds are moved into the unreserved/undesignated categories, the affected LMEs are encouraged to spend these funds to minimize their share of the twenty million dollars ($20,000,000) in reductions to services as required in subsection (a) of this section.

SECTION 10.11.(f) The Department of Health and Human Services shall report to the House and Senate Appropriations Subcommittees by December 12, 2011, on the status of implementing this section.

CONSOLIDATION OF FORENSIC HEALTH CARE AT DOROTHEA DIX COMPLEX

SECTION 10.12. The Department of Health and Human Services, Division of State Operated Facilities, shall issue a Request for Proposal for the consolidation of forensic hospital care. The operation shall initially be located at the Dorothea Dix complex. The Secretary of Health and Human Services is authorized to proceed with contracting with a private entity if the Secretary can justify savings through the contract. The Secretary shall compare the Department's total cost to provide forensic care to proposals received and determine whether it is cost-effective to contract for this service. The Secretary may only proceed if the Secretary determines the Department will save money and ensure appropriate safety and quality of care for patients.

The Secretary shall report to the Joint Appropriations Subcommittee for Health and Human Services by October 30, 2011, with cost detail and savings identified from the proposals.

TRANSITION OF UTILIZATION MANAGEMENT OF COMMUNITY-BASED SERVICES TO LOCAL MANAGEMENT ENTITIES

SECTION 10.13. The Department of Health and Human Services shall collaborate with LMEs to enhance their administrative capabilities to assume utilization management responsibilities for the provision of community-based mental health, developmental disabilities, and substance abuse services. The Department may, with approval of the Office of State Budget and Management, use funds available to implement this section.

The Department and the pharmaceutical and therapeutics committee shall consider all therapeutic classes of prescription drugs for inclusion on the preferred drug list, except medications for treatment of human immunodeficiency virus or acquired immune deficiency syndrome shall not be subject to consideration for inclusion on the preferred drug list.

The Department shall maintain an updated preferred drug list in electronic format and shall make the list available to the public on the Department's Internet Web site.

The Department shall (i) enter into a multistate purchasing pool; (ii) negotiate directly with manufacturers or labelers; (iii) contract with a pharmacy benefit manager for negotiated discounts or rebates for all prescription drugs under the medical assistance program; or (iv) effectuate any combination of these options in order to achieve the lowest available price for such drugs under such program.

Individuals appointed to the Review Panel, except for the Division's Director of Pharmacy, shall serve only a two-year term.

After the Department, in consultation with the PAG P&T Committee, publishes a proposed policy or procedure related to the Medicaid PDL, the Review Panel shall hold an open meeting to review the recommended policy or procedure along with any written public comments received as a result of the posting. The Review Panel shall provide an opportunity for public comment at the meeting. After the conclusion of the meeting, the Review Panel shall submit policy recommendations about the proposed Medicaid PDL policy or procedure to the Secretary.

The Department may establish a Preferred Drug List for the North Carolina Health Choice for Children program and pursue negotiated discounts or rebates for all prescription drugs under the program in order to achieve the lowest available price for such drugs under such program. The Department may procure a sole source contract with an outside entity or contractor to conduct negotiations for these discounts or rebates. 3. DMA or its designee shall determine and authorize the amount of service to be provided on a "needs basis," as determined by its review and findings of each recipient's degree of functional disability and level of unmet needs for hands-on personal assistance in the five qualifying ADLs.

e. Take all appropriate actions to manage the cost, quality, program compliance, and utilization of services provided under the IHCC and IHCA programs, including, but not limited to:

   2. DMA shall ensure that individuals who qualify for the IHCC and IHCA programs shall not experience a lapse in service and, if necessary, shall be admitted on the basis of their current provider assessment when an independent reassessment has not yet been performed and the current assessment documents that the medical necessity requirements for the IHCC or IHCA program, as applicable, have been met.
   3. Prior to the implementation date of the new IHCC and IHCA programs, all recipients in the PCS and PCS-Plus programs shall be notified pursuant to 42 C.F.R. § 431.220(b) and discharged, and the Department shall no longer provide services under the PCS and PCS-Plus programs, which shall terminate. (4) Community Support Team. – Authorization for a Community Support Team shall be based upon medical necessity as defined by the Department and shall not exceed 18 hours per week.

(5) MH residential. – The Department of Health and Human Services shall restructure the Medicaid child mental health, developmental disabilities, and substance abuse residential services to ensure that total expenditures are within budgeted levels. All restructuring activities shall be in compliance with federal and State law or rule. The Divisions of Medical Assistance and Mental Health, Developmental Disabilities, and Substance Abuse Services shall establish a team inclusive of providers, LMEs, and other stakeholders to assure effective transition of recipients to appropriate treatment options. The restructuring shall address all of the following:
   a. Submission of the therapeutic family service definition to CMS.
   b. The Department shall reexamine the entrance and continued stay criteria for all residential services. The revised criteria shall promote least restrictive services in the home prior to residential placement. During treatment, there must be inclusion in community activities and parent or legal guardian participation in treatment.
   c. Require all existing residential providers or agencies to be nationally accredited within one year of enactment of this act. Any providers enrolled after the enactment of this act shall be subject to existing

(2) Eliminate or reduce the level or duration of optional Medicaid services.

SECTION 10.47.(e) The Department of Health and Human Services, in collaboration with Community Care of North Carolina and Local Management Entities (LMEs) shall ensure the effective integration of behavioral health and physical health services for Medicaid recipients. The prohibition shall not restrict the Department from issuing licenses to certified home health agencies as defined in G.S. 131E-176(12) that intend to offer in-home aide services or to agencies that need a new license for an existing home care agency being acquired. The Secretary may at any time license a new home care agency in any area of the State if access to care becomes an issue during the time frame set forth above. Companion and Sitter services are exempt from this restriction.

(6) The number and percentage, by race, of children who received IFPS compared to the ratio of their distribution in the general population involved with Child Protective Services.

SECTION 10.50.(c) The Department shall establish a performance-based funding protocol and shall only provide funding to those programs and entities providing the required information specified in subsection (b) of this section. The amount of funding shall be based on the individual performance of each program.

TANF BENEFIT IMPLEMENTATION

SECTION 10.55.(a) The General Assembly approves the plan titled "North Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012," prepared by the Department of Health and Human Services and presented to the General Assembly. The North Carolina Temporary Assistance for Needy Families State Plan covers the period October 1, 2010, through September 30, 2012. The Department shall submit the State Plan, as revised in accordance with subsection (b) of this section, to the United States Department of Health and Human Services, as amended by this act or any other act of the 2011 General Assembly.

SECTION 10.55.(b) The counties approved as Electing Counties in the North Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012, as approved by this section are Beaufort, Caldwell, Catawba, Lenoir, Lincoln, Macon, and Wilson.

SECTION 10.55.(c) Counties that submitted the letter of intent to remain as an Electing County or to be redesignated as an Electing County and the accompanying county plan for fiscal year 2011 through 2012, pursuant to G.S. 108A-27(e), shall operate under the Electing County budget requirements effective July 1, 2009. For programmatic purposes, all counties referred to in this subsection shall remain under their current county designation through September 30, 2012.

SECTION 10.55.(d) For the 2011-2012 fiscal year, Electing Counties shall be held harmless to their Work First Family Assistance allocations for the 2010-2011 fiscal year, provided that remaining funds allocated for Work First Family Assistance and Work First Diversion Assistance are sufficient for payments made by the Department on behalf of Standard Counties pursuant to G.S. 108A-27.11(b).

SECTION 10.55.(e) In the event that departmental projections of Work First Family Assistance and Work First Diversion Assistance for the 2011-2012 fiscal year indicate that remaining funds are insufficient for Work First Family Assistance and Work First Diversion Assistance payments to be made on behalf of Standard Counties, the Department is authorized to deallocate funds, of those allocated to Electing Counties for Work First Family Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by the Office of State Budget and Management. If the Department adjusts the allocation set forth in subsection (d) of this section, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

PAYMENTS FOR LIEAP/CIP

SECTION 10.56.(a) Part 1 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"**§ 108A-25.4. Use of payments under the Low-Income Energy Assistance Program and Crisis Intervention Program.**

(a) The Low-Income Energy Assistance Program Plan developed by the Department of Health and Human Services (Department) and submitted to the U.S. Department of Health and Human Services shall focus the annual energy assistance payments on the elderly population age 60 and above with income up to one hundred thirty percent (130%) of the federal poverty level and disabled persons receiving services through the Division of Aging and Adult Services. The energy assistance payment shall be paid directly to the service provider by the county department of social services. The Plan for Crisis Intervention Program (CIP) shall provide assistance for vulnerable populations who meet income eligibility criteria established by the Department. The CIP payment shall be paid directly to the service provider by the county department of social services and shall not exceed six hundred dollars ($600.00) per household in a fiscal year.

(b) The Department shall submit the Plan for each program to the U.S. Department of Health and Human Services no later than September 1 of each year and implement the Plan no later than October 1 of each year."

SECTION 10.56.(b) Beginning September 1, 2011, on or before September 1 of each year and for a period of three years thereafter, the Department of Health and Human Services shall submit a copy of the Plan to the House Appropriations Subcommittee on Health and Human Services and Senate Appropriations Committee on Health and Human Services.

NON-MEDICAID REIMBURSEMENT CHANGES

SECTION 10.58.(a) Providers of medical services under the various State programs, other than Medicaid, offering medical care to citizens of the State shall be reimbursed at rates no higher than those under the North Carolina Medical Assistance Program.

The Department of Health and Human Services may reimburse hospitals at the full prospective per diem rates without regard to the Medical Assistance Program's annual limits on hospital days. When the Medical Assistance Program's per diem rates for inpatient services and its interim rates for outpatient services are used to reimburse providers in non-Medicaid medical service programs, retroactive adjustments to claims already paid shall not be required.

Notwithstanding the provisions of this section, the Department of Health and Human Services may negotiate with providers of medical services under the various

Department of Health and Human Services programs, other than Medicaid, for rates as close as possible to Medicaid rates for the following purposes: contracts or agreements for medical services and purchases of medical equipment and other medical supplies. These negotiated rates are allowable only to meet the medical needs of its non-Medicaid eligible patients, residents, and clients who require such services that cannot be provided when limited to the Medicaid rate.

Maximum net family annual income eligibility standards for services in these programs shall be as follows:

DSB Medical Eye Care	125% FPL
DSB Independent Living <55	125% FPL
DSB Independent Living 55>	200% FPL
DSB Vocational Rehabilitation	125% FPL
DVR Independent Living	125% FPL
DVR Vocational Rehabilitation	125% FPL

The Department of Health and Human Services shall contract at, or as close as possible to, Medicaid rates for medical services provided to residents of State facilities of the Department.

SECTION 10.58.(b) Subject to the prior approval of the Office of State Budget and Management, the Secretary shall reduce provider rates for services rendered for the Medical Eye Care, Independent Living, and Vocational Rehabilitation programs within the Division of Services for the Blind, and Independent Living and Vocational Rehabilitation programs within the Division of Vocational Rehabilitation to accomplish the reduction in funds for this purpose enacted in this act.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.59.(a) The maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars ($1,182) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

SECTION 10.59.(b) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.59.(c) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of

income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.59.(d) The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.

SECTION 13.25.(o) Chapter 106 of the General Statutes is amended by adding a new Article to read:

"Article 71.

"Acquisition and Control of State Forests and State Recreational Forests.

"**§ 106-840. Policy and plan to be inaugurated by Department of Agriculture and Consumer Services.**

(a) In this Article, unless the context requires otherwise, "Department" means the Department of Agriculture and Consumer Services and "Commissioner" means Commissioner of Agriculture.

(b) For purposes of this Chapter, "State recreational forest " means a forest managed primarily for natural resource preservation, scenic enjoyment, and recreational purposes.

(c) The Department shall inaugurate the following policy and plan looking to the cooperation with private and public forest owners in this State insofar as funds may be available through legislative appropriation, gifts of money or land, or such cooperation with landowners and public agencies as may be available:

(1) The extension of the forest fire prevention organization to all counties in the State needing such protection.

(2) To cooperate with federal and other public agencies in the restoration of forest growth on land unwisely cleared and subsequently neglected.

(3) To furnish trained and experienced experts in forest management, to inspect private forestlands and to advise with forest landowners with a view to the general observance of recognized and practical rules of growing, cutting, and marketing timber. The services of such trained experts of the Department must naturally be restricted to those landowners who agree to carry out so far as possible the recommendations of said Department.

(4) To prepare and distribute printed and other material for the use of teachers and club leaders and to provide instruction to schools and clubs and other groups of citizens in order to train the younger generation in the principles of wise use of our forest resources.

(5) To acquire small areas of suitable land in the different regions of the State on which to establish small, model forests which shall be developed and used by the said Department as State demonstration forests for experiment and demonstration in forest management.

"**§ 106-841. Growing of timber on unused State lands authorized.**

The Department of Administration may allocate to the Department, for management as a State forest, any vacant and unappropriated lands, any marshlands or swamplands, and any other lands title to which is vested in the State or in any State agency or institution, where such lands are not being otherwise used and are not suitable for cultivation. Lands under the supervision of the Wildlife Resources Commission and designated and in use as wildlife management areas, refuges, or fishing access areas and lands used as research stations shall not be subject to the provisions of this section. The Department shall plant timber-producing trees on all lands allocated to it for that purpose by the Department of Administration. The Commissioner may contract with the appropriate prison authorities for the furnishing, upon such conditions as may be agreed upon from time to time between such prison authorities and the Commissioner, of prison labor for use in the planting, cutting, and removal of timber from State forests which are under the management of the Department.

"**§ 106-842. Use of lands acquired by counties through tax foreclosures as demonstration forests.**

The boards of county commissioners of the various counties of North Carolina are herewith authorized to turn over to the said Department title to such tax-delinquent lands as may have

been acquired by said counties under tax sale and as in the judgment of the Commissioner may be suitable for the purposes named in subdivision (5) of subsection (b) of G.S. 106-840.

"§ **106-843. Procedure for acquisition of delinquent tax lands from counties.**

In the carrying out of the provisions of G.S. 106-842, the several boards of county commissioners shall furnish forthwith on written request of the Department a complete list of all properties acquired by the county under tax sale and which have remained unredeemed for a period of two years or more. On receipt of this list, the Commissioner shall have the lands examined and, if any one or more of these properties is in the Commissioner's judgment suitable for the purposes set forth in G.S. 106-842, request shall be made to the county commissioners for the acquisition of such land by the Department at a price not to exceed the actual amount of taxes due without penalties. On receipt of this request, the county commissioners shall make permanent transfer of such tract or tracts of land to the Department through fee-simple deed or other legal transfer, said deed to be approved by the Attorney General of North Carolina, and shall then receive payment from the Department as above outlined.

"§ **106-844. Purchase of lands for use as demonstration forests.**

Where no suitable tax-delinquent lands are available and, in the judgment of the Department, the establishment of a demonstration forest is advisable, the Department may purchase sufficient land for the establishment of such a demonstration forest at a fair and agreed-upon price, the deed for such land to be subject to approval of the Attorney General, but nothing in G.S. 106-840 to G.S. 106-845 shall allow the Department to acquire land under the right of eminent domain.

"§ **106-845. Forest management appropriation.**

Necessary funds for carrying out the provisions of G.S. 106-840 and G.S. 106-842 to G.S. 106-845 shall be set up in the regular budget as an item entitled "forest management."

"§ **106-846. Power to acquire lands as State forests; donations or leases by United States; leases for recreational purposes.**

(a) The Governor may, upon recommendation of the Department, accept gifts of land to the State to be held, protected, and administered by the Department as State forests, and to be used so as to demonstrate the practical utility of timber culture and water conservation, and as refuges for game. The gifts of land must be absolute except in cases where the mineral interest on the land has previously been sold. The Department may purchase lands in the name of the State, suitable chiefly for the production of timber, as State forests, for experimental, demonstration, educational, and protection purposes, using for these purposes any special appropriations or funds available. The Department may acquire by condemnation under the provisions of Chapter 40A of the General Statutes areas of land in different sections of the State that may in the opinion of the Department be necessary for the purpose of establishing or developing State forests and other areas and developments essential to the effective operation of the State forestry activities under its charge. Condemnation proceedings shall be instituted and prosecuted in the name of the State, and any property so acquired shall be administered, developed, and used for experiment and demonstration in forest management, for public recreation, and for other purposes authorized or required by law. Before any action or proceeding under this section can be exercised, the approval of the Governor and Council of State shall be obtained and filed with the clerk of the superior court in the county or counties where the property is located. The Attorney General shall ensure that all deeds to the State for land acquired under this section are properly executed before the gift is accepted or payment of the purchase money is made.

(b) The Department may accept as gifts to the State any forest and submarginal farmland acquired by the federal government that is suitable for the purpose of creating and maintaining State forests or enter into longtime leases with the federal government for the areas and administer them with funds secured from their administration in the best interest of longtime public use, supplemented by any appropriations made by the General Assembly. The Department may segregate revenue derived from State hunting and fishing licenses, use

permits, and concessions, and other proper revenue secured through the administration of State forests, to be deposited in the State treasury to the credit of the Department to be used for the administration of these areas.

The Department shall make reasonable rules governing the use by the public of State forests under its charge. These rules shall be posted in conspicuous places on and adjacent to the properties of the State and at the courthouse of the county or counties in which the properties are located. A violation of these rules is punishable as a Class 3 misdemeanor.

(b) The Department may construct, operate, and maintain within the State forests and other areas under its charge suitable public service facilities and conveniences, and may charge and collect reasonable fees for the use of these facilities and conveniences. The Department may also charge and collect reasonable fees for hunting privileges on State forests and fishing privileges in State forests, provided that these privileges shall be extended only to holders of State hunting and fishing licenses who comply with all State game and fish laws.

The percentage of the sales placed in the Fund shall not exceed ten percent (10%). At the beginning of each fiscal year, the Commissioner shall select the percentage for the upcoming fiscal year depending upon the anticipated costs of tree cones and seeds which the Department must purchase. (c) A warning ticket may not be issued if the offender has previously been charged with, or issued a warning ticket for, the same or a similar offense within the preceding three years. A list of persons who have been issued warning tickets under this section within the preceding three years shall be maintained and periodically updated by the ~~Secretary.~~Commissioner.

"§ **106-871. Cooperation between counties and State in forest protection and development.**

The board of county commissioners of any county is hereby authorized and empowered to cooperate with the Department in the protection, reforestation, and promotion of forest management of their own forests within their respective counties, and to appropriate and pay out of the funds under their control such amount as is provided in ~~G.S. 113-54.~~G.S. 106-863.

"§ **106-872. Instructions on forest preservation and development.**

(a) It shall be the duty of all district, county, township rangers, and all deputy rangers provided for in this Chapter to distribute in all of the public schools and high schools of the county in which they are serving as such fire rangers all such tracts, books, periodicals and other literature that may, from time to time, be sent out to such rangers by the State and federal forestry agencies touching or dealing with forest preservation, development, and forest management.

(b) It shall be the duty of the various rangers herein mentioned under the direction of the ~~Secretary,~~Commissioner, and the duty of the teachers of the various schools, both public and high schools, to keep posted at some conspicuous place in the various classrooms of the school buildings such appropriate bulletins and posters as may be sent out from the forestry agencies herein named for that purpose and keep the same constantly before their pupils; and said teachers and rangers shall prepare lectures or talks to be made to the pupils of the various schools on the subject of forest fires, their origin and their destructive effect on the plant life and tree life of the forests of the State, the development and scientific management of the forests of the State, and shall be prepared to give practical instruction to their pupils from time to time and as often as they shall find it possible so to do.

"§ **106-873. Authority of Governor to close forests and woodlands to hunting, fishing and trapping.**

During periods of protracted drought or when other hazardous fire conditions threaten forest and water resources and appear to require extraordinary precautions, the Governor of the State, upon the joint recommendation of the ~~Secretary~~ Commissioner and the Executive Director of the North Carolina Wildlife Resources Commission, may by official proclamation:

(1) Close any or all of the woodlands and inland waters of the State to hunting, fishing and trapping for the period of the emergency.

"Article 75.

"Regulation of Open Fires.

"§ **106-900. Purpose and findings.**

The purpose of this Article is to regulate certain open burning in order to protect the public from the hazards of forest fires and air pollution and to adapt such regulation to the needs and circumstances of the different areas of North Carolina. The General Assembly finds that open

burning in proximity to woodlands must be regulated in all counties to protect against forest fires and air pollution. The General Assembly further finds that in certain counties a high percentage of the land area contains organic soils or forest types which may pose greater problems of forest fire and air pollution controls, and that in counties in which a great amount of land-clearing operations is taking place on these organic soils or these forest types, additional control of open burning is required. The counties subject to the need for additional control are classified as high hazard counties for purpose of this Article.

"§ **106-901. Definitions.**

As used in this Article:

(1) "Department" means the Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.

(2) "Forest ranger" means the county forest ranger or deputy forest ranger designated under ~~G.S. 113-52.~~G.S. 106-861.

(b) It is unlawful for any person to willfully start or cause to be started any fire in any woodland under the protection of the Department or within 500 feet of any such woodland without first having obtained a permit from the Department. Permits for starting fires may be obtained from forest rangers or other agents authorized by the county forest ranger to issue such permits in the county in which the fire is to be started. Such permits shall be issued by the ranger or other agent unless permits for the area in question have been prohibited or cancelled in accordance with ~~G.S. 113-60.25 or 113-60.27.~~G.S. 106-904 or G.S. 106-906.

(c) It is unlawful for any person to willfully burn any debris, stumps, brush or other flammable materials resulting from ground clearing activities and involving more than five contiguous acres, regardless of the proximity of the burning to woodland and on which such materials are placed in piles or windrows without first having obtained a special permit from the Department. Areas less than five acres in size will require a regular permit in accordance with ~~G.S. 113-60.23(b).~~G.S. 106-902(b).

(1) Prevailing winds at the time of ignition must be away from any city, town, development, major highway, or other populated area, the ambient air of which may be significantly affected by smoke, fly ash, or other air contaminates from the burning.

(3) The amount of dirt or organic soil on or in the material to be burned must be minimized and the material arranged in a way suitable to facilitate rapid burning.

(4) Burning may not be initiated when it is determined by a forest ranger, based on information supplied by a competent authority that stagnant air conditions or inversions exist or that such conditions may occur during the duration of the burn.

(5) Heavy oils, asphaltic material, or items containing natural or synthetic rubber may not be used to ignite the material to be burned or to promote the burning of such material.

(6) Initial burning may be commenced only between the hours of 9:00 A.M. and 3:00 P.M. and no combustible material may be added to the fire between 3:00 P.M. on one day and 9:00 A.M. on the following day, except that when favorable meteorological conditions exist, any forest ranger authorized to issue the permit may authorize in writing a deviation from the restrictions.

"§ **106-903. Open burning in non-high hazard counties; permits required; standards.**

(a) The provisions of this section apply only to the counties not designated as high hazard counties in ~~G.S. 113-60.23(a).~~G.S. 106-902(a).

During periods of hazardous forest fire conditions or during air pollution episodes declared pursuant to Article 21B of Chapter 143 of the General Statutes, the ~~secretary~~ Commissioner is authorized to prohibit all open burning regardless of whether a permit is required under ~~G.S. 113-60.23 or 113-60.24.~~G.S. 106-902 or G.S. 106-903. The ~~secretary~~ Commissioner shall issue a press release containing relevant details of the prohibition to news media serving the area affected.

"§ **106-905. Permit conditions.**

Permits issued under this Article shall be issued in the name of the person undertaking the burning and shall specify the specific area in which the burning is to occur, the type and amount of material to be burned, the duration of the permit, and such other factors as are necessary to identify the burning which is allowed under the permit.

"§ **106-906. Permit suspension and cancellation.**

Upon a determination that hazardous forest fire conditions exist the ~~secretary~~ Commissioner is authorized to cancel any permit issued under this Article and suspend the issuance of any new permits. Upon a determination by the Environmental Management Commission or its agent that open burning permitted under this Article is causing significant contravention of ambient air quality standards or that an air pollution episode exists pursuant to Article 21B of Chapter 143 of the General Statutes, the ~~secretary~~ Commissioner shall cancel any permits issued under authority of this Article and shall suspend the issuance of any new permits.

In the event that the person responsible does not immediately undertake efforts to extinguish the fire or take such other action as directed by the forest ranger, the Department may enter the property and take reasonable steps to extinguish or control the fire and the person responsible for setting the fire shall reimburse the Department for the expenses incurred by the Department. A showing that a fire is associated with land-clearing activities is prima facie evidence that the person undertaking the land clearing is responsible for setting the fire or causing the fire to be set.

(b) If a fire requiring a permit under ~~G.S. 113-60.23(c)~~G.S. 106-902(c) is set without a permit and a forest ranger authorized to issue such permits determines that a permit would not have been issued for the fire at the time it was set, the person responsible for setting the fire or

causing the fire to be set shall immediately take such action as the forest ranger directs to extinguish or control the fire. In the event the person responsible does not immediately undertake efforts to extinguish the fire or take such other action as directed by the forest ranger, the Department may enter the property and take reasonable steps to extinguish or control the fire and the person responsible for setting the fire shall reimburse the Department for the expenses incurred by the Department. A showing that a fire is associated with land-clearing activities is prima facie evidence that the person undertaking the land clearing is responsible for setting the fire or causing the fire to be set.

(c) If a fire is set in accordance with a permit but the burning is taking place contrary to the conditions of the permit, any forest ranger with authority to issue permits in the area in question may order the permittee in writing to undertake the steps necessary to comply with the conditions of his permit. If the permittee is not making a reasonable effort to comply with the order, the forest ranger may enter the property and take reasonable steps to extinguish or control the fire and the permittee shall reimburse the Department for the expenses incurred by the Department.

"§ **106-909. Effect on other laws.**

This Article shall not be construed as affecting or abridging the lawful authority of local governments to pass ordinances relating to open burning within their boundaries. Nothing in this Article shall relieve any person from compliance with the provisions of Article 21B of Chapter 143 of the General Statutes and regulations adopted thereunder. In the event that permits are required for open burning associated with land clearing under the authority of Article 21B of Chapter 143 of the General Statutes, the authority to issue such permits shall be delegated to forest rangers who are authorized to issue permits under ~~G.S. 113-60.23(c).~~G.S. 106-902(c).

"§ **106-910. Exempt fires; no permit fees.**

(a) This Article shall not apply to any fires started, or caused to be started, within 100 feet of an occupied dwelling house if such fire shall be confined (i) within an enclosure from which burning material may not escape or (ii) within a protected area upon which a watch is being maintained and which is provided with adequate fire protection equipment.

"North Carolina Prescribed Burning Act.

"§ **106-920. Legislative findings.**

The General Assembly finds that prescribed burning of forestlands is a management tool that is beneficial to North Carolina's public safety, forest and wildlife resources, environment, and economy. The General Assembly finds that the following are benefits that result from prescribed burning of forestlands:

(1) Prescribed burning reduces the naturally occurring buildup of vegetative fuels on forestlands, thereby reducing the risk and severity of wildfires and lessening the loss of life and property.

(2) The State's ever-increasing population is resulting in urban development directly adjacent to fire-prone forestlands, referred to as a woodland-urban interface area. The use of prescribed burning in these woodland-urban interface areas substantially reduces the risk of wildfires that cause damage.

(3) Many of North Carolina's natural ecosystems require periodic fire for their survival. Prescribed burning is essential to the perpetuation, restoration, and management of many plant and animal communities. Prescribed burning benefits game, nongame, and endangered wildlife species by increasing the growth and yield of plants that provide forage and an area for escape and brooding and that satisfy other habitat needs.

(4) Forestlands are economic, biological, and aesthetic resources of statewide significance. In addition to reducing the frequency and severity of wildfires, prescribed burning of forestlands helps to prepare sites for replanting and natural seeding, to control insects and diseases, and to increase productivity.

(5) Prescribed burning enhances the resources on public use lands, such as State and national forests, wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife, recreation, and other purposes.

As North Carolina's population grows, pressures resulting from liability issues and smoke complaints discourage or limit prescribed burning so that these numerous benefits to forestlands often are not attainable. By recognizing the benefits of prescribed burning and by

adopting requirements governing prescribed burning, the General Assembly helps to educate the public, avoid misunderstandings, and reduce complaints about this valuable management tool.

"§ **106-921. Definitions.**

As used in this Article:

(1) "Certified prescribed burner" means an individual who has successfully completed a certification program approved by the Division of Forest Resources of the Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.

(2) "Prescribed burning" means the planned and controlled application of fire to naturally occurring vegetative fuels under safe weather and safe environmental and other conditions, while following appropriate precautionary measures that will confine the fire to a predetermined area and accomplish the intended management objectives.

(3) "Prescription" means a written plan prepared by a certified prescribed burner for starting, controlling, and extinguishing a prescribed burning.

"**106-922. Immunity from liability.**

"Forest Development Act.

"§ **106-955. Title.**

This Article shall be known as the "Forest Development Act."

"§ **106-956. Statement of purpose.**

(a) The General Assembly finds that:

(1) It is in the public interest of the State to encourage the development of the State's forest resources and the protection and improvement of the forest environment.

(3) Regeneration of potentially productive forest land is a high-priority problem requiring prompt attention and action. Private forest land will become more important to meet the needs of the State's population.

(4) Growing demands on forests and related land resources cannot be met by intensive management of public and industrial forest lands alone.

(b) The purpose of this Article is to direct the ~~Secretary~~ Commissioner of Agriculture to implement a forest development program to:

(1) Provide financial assistance to eligible landowners to increase the productivity of the privately owned forests of the State through the application of forest renewal practices and other practices that improve tree growth and overall forest health.

(2) Insure that forest operations in the State are conducted in a manner designed to protect the soil, air, and water resources, including but not limited to streams, lakes and estuaries through actions of landowners on lands for which assistance is sought under provisions in this Article.

(3) Implement a program of voluntary landowner participation through the use of a forest development fund to meet the above goals.

(c) It is the intent of the General Assembly that in implementing the program under this Article, the ~~Secretary~~ Commissioner will cause it to be coordinated with other related programs in such a manner as to encourage the utilization of private agencies, firms and individuals furnishing services and materials needed in the application of practices included in the forest development program.

In each case, approved practices will be determined by the needs of the individual forest stand. These practices shall include existing practices and such practices as are developed in the future to insure both maximum forest productivity and environmental protection.
