Session Law 2011-414 **S.B. 689**

A CURATIVE ACT OF THE GENERAL ASSEMBLY TO ASSIGN ALL AREAS INADVERTENTLY UNASSIGNED BY SESSION LAW 2011-403, AN ACT TO REALIGN THE UNITED STATES CONGRESSIONAL DISTRICTS FOLLOWING THE RETURN OF THE 2010 FEDERAL DECENNIAL CENSUS, AND TO CLARIFY THE TEXTUAL EXPLANATION OF THE PLAN FOR THE UNITED STATES CONGRESSIONAL DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly makes the following findings:

(1) On July 28, 2011, the General Assembly enacted Session Law 2011-403 to realign the United States Congressional districts following the return of the 2010 federal decennial Census.

(2) Session Law 2011-403, Rucho Lewis Congress 3, was drafted with the assistance of computer software designed to convert the map and supporting block assignment file to a textual explanation of the districts.

(3) Due to a coding error in the computer software, certain Census blocks were not assigned to any district in the textual explanation of Session Law 2011-403.

(4) G.S. 163-201(d), as enacted by Session Law 2011-403, provides for assignment of unassigned areas, and that language results in total population deviations outside of the range intended by the General Assembly in July 2011.

(5) All illustrative information, including all the map and supporting block assignment file and statistics, provided to members of the General Assembly and the public during the legislative debate in July 2011 showed those Census blocks as assigned to a district.

(6) The map and supporting block assignment file and statistics formed the basis of the General Assembly's understanding of and actual legislative intent for the districts as enacted in Session Law 2011-403.

(7) The purpose of this act is to cure Session Law 2011-403 and conform the textual explanation of the United States Congressional districting plan to the actual legislative intent as depicted by the map and supporting block assignment file and statistics reviewed by the General Assembly in July 2011.

(8) This act does not alter or amend the map and supporting block assignment file and statistics apportioning Representatives to districts that formed the basis of Session Law 2011-403.

SECTION 2. G.S. 163-201, as amended by S.L. 2011-403, reads as rewritten:

"§ **163-201. Congressional districts specified.**

(a) For purposes of nominating and electing members of the House of Representatives of the Congress of the United States in 2012 and every two years thereafter; the State of North Carolina shall be divided into 13 districts as follows:

Session Law 2011-416 **H.B. 777**

A CURATIVE ACT OF THE GENERAL ASSEMBLY TO ASSIGN ALL AREAS INADVERTENTLY UNASSIGNED BY SESSION LAW 2011-404, AN ACT TO REALIGN NORTH CAROLINA HOUSE OF REPRESENTATIVES DISTRICTS FOLLOWING THE RETURN OF THE 2010 FEDERAL DECENNIAL CENSUS, AND TO CLARIFY THE TEXTUAL EXPLANATION OF THE PLAN FOR THE NORTH CAROLINA HOUSE OF REPRESENTATIVES DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly makes the following findings:

(1) On July 28, 2011, the General Assembly enacted Session Law 2011-404 to realign the North Carolina House of Representatives districts following the return of the 2010 federal decennial Census.

(2) Session Law 2011-404, Lewis Dollar Dockham 4, was drafted with the assistance of computer software designed to convert the map and supporting block assignment file to a textual explanation of the districts.

(3) Due to a coding error in the computer software, certain Census blocks were not assigned to any district in the textual explanation of Session Law 2011-404.

(4) G.S. 120-2(d), as enacted by Session Law 2011-404, provides for assignment of unassigned areas, and that language results in districts that at times do not consist of contiguous territory.

(5) All illustrative information, including the map and supporting block assignment file and statistics, provided to members of the General Assembly and the public during the legislative debate in July 2011 showed those Census blocks as assigned to a district.

(6) The map and supporting block assignment file and statistics formed the basis of the General Assembly's understanding of and actual legislative intent for the districts as enacted in Session Law 2011-404.

(7) The purpose of this act is to cure Session Law 2011-404 and conform the textual explanation of the North Carolina House of Representatives districting plan to the actual legislative intent as depicted by the map and supporting block assignment file and statistics reviewed by the General Assembly in July 2011.

(8) This act does not alter or amend the map and supporting block assignment file and statistics apportioning Representatives to districts that formed the basis of Session Law 2011-404.

SECTION 2. G.S. 120-2, as amended by S.L. 2011-404, reads as rewritten:

"§ **120-2. House apportionment specified.**

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 13, "An Act to Enact the Balanced Budget Act of 2011."

Section 2 of Senate Bill 13, "An Act to Enact the Balanced Budget Act of 2011," was designed to grant authority to the Governor to reduce expenditures for the remainder of fiscal year 2010-11. This bill provides that the Director of the Budget shall exercise these powers with a goal of reducing recurring expenditures by at least four hundred million dollars ($400,000,000).

I have already used powers granted to me through existing statutes to reduce expenditures by at least $400,000,000 for fiscal year 2010-11. This $400,000,000 has been accounted for in my 2011-13 recommended budget presented to the General Assembly on February 17, 2011.

The remaining sections are not necessary and interfere with the State's capacity to generate jobs and retain industry.

Therefore, I veto this bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

House Bill 2, "An Act to Protect the Freedom to Choose Health Care and Health Insurance."

House Bill 2 is unenforceable because it purports to make North Carolina and its citizens exempt from the requirements of the Patient Protection and Affordable Care Act ("ACA") passed by Congress. No such exemption exists under the ACA. The Supremacy Clause of the United States Constitution provides that state legislatures cannot enact laws that are – like House Bill 2 -- contrary to federal law.

Furthermore, the enactment of House Bill 2 has no bearing on the constitutionality of the federal healthcare mandate contained in the ACA. Twenty-seven states have already filed lawsuits challenging the constitutionality of that mandate. That issue will ultimately be decided by the United States Supreme Court.

Finally, the Attorney General has identified conflicts between House Bill 2 and existing State law in a number of important areas. According to the Attorney General, House Bill 2 stands to jeopardize North Carolina's Medicaid program and potentially creates adverse impacts on the Child Health Insurance Program and State laws addressing uninsured motorist coverage and the sale of over-the-counter drugs. The Attorney General has further cautioned that additional unintended consequences resulting from House Bill 2 may come to light, pushing our State into costly and protracted litigation.

For these reasons, House Bill 2 is inconsistent with my responsibility as Governor to protect the welfare of North Carolina's citizens.

Therefore, I veto this bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

House Bill 7, "An Act To Provide That Constituent Institutions Of The North Carolina Community College System May Opt Out Of Participation In The William D. Ford Federal Direct Loan Program."

As North Carolina continues to pull out of this global economic recession, it is more important than ever that we grow and strengthen students' opportunities to get career training or a college education. As a state, I believe we should search for more pathways for students to follow towards higher education, and I understand the importance of financial aid in helping more students succeed in their goal of a college degree or career training.

So I gladly signed a law passed last year that required community colleges to participate in a federal loan program that makes it easier for students to borrow money to attend a community college. That law was necessary because only 20 of North Carolina's 58 community colleges were making federal loan programs available to their students.

The General Assembly has now reversed course, and chosen to allow community colleges to opt out from the federal financial aid program. More than 177,000 students would be denied access to the safest and least expensive method of borrowing money for college, and North Carolina would be last among the 50 states in providing access to these loans. I strongly believe House Bill 7 will harm students, deny them valuable opportunities to pursue their educations, and turn North Carolina in the wrong direction.

Therefore, I veto this bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 265, "An Act To Make Appropriations and Adjustments For The 2011-2013 Fiscal Biennium To The State Health Plan For Teachers And State Employees; And To Transfer The State Health Plan For Teachers And State Employees To The Office Of State Treasurer."

The General Assembly has attempted to reform the State Health Plan, which serves approximately 663,000 people – 160,000 of them retired workers and 181,000 of them teachers and public school employees.

But other than 60 seconds in front of a legislative committee, retired workers and teachers' groups had no opportunity to be involved in the legislative discussions about changes to their health plan that could dramatically affect their costs and their benefits.

This bill is in effect a tax on teachers, who have not received a pay raise – and have effectively seen their pay drop – for the past three years. In 2008, North Carolina ranked 25th in the nation in teachers' salaries. By 2011, we have dropped to 45th. Now is simply not the time to cut teachers' pay yet again. To do so would be a tremendous step backward for North Carolina, and we know clearly that teachers will flee the profession at a time when education is most critical to the future of this state.

I believe there must be a way to bring these groups to the table and to negotiate a solution.

I ask the General Assembly for another, more inclusive version of this bill back on my desk without delay. I support the General Assembly's reform efforts -- moving the Plan to the Treasurer's Office, where it will receive greater scrutiny and oversight, is something I support wholeheartedly. But I simply cannot sign a bill that harms our teachers and retirees without ever giving them a significant voice in the discussion.

Therefore, I veto this bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

House Bill 200, "An Act To Spur The Creation Of Private Sector Jobs; Reorganize And Reform State Government; Make Base Budget Appropriations For Current Operations Of State Departments And Institutions; And To Enact Budget Related Amendments."

For generations, we North Carolina have distinguished ourselves from other southern states as a place of opportunity, and a place that understands the value of investing in our people.

Education has been our hallmark – the one area that set us apart from our neighbors and propelled our economic success.

From the high chair to the rocking chair, every North Carolinian has been given the opportunity for a quality education -- from early childhood, K-12, community colleges and through our colleges and universities. This is the commitment we have made to our people because, quite simply, it's what we believe in.

We have lived our values – until now.

Now, for the first time, we have a legislature that is turning its back on our schools, our children, our longstanding investments in education and our future economic prospects.

Under this budget:

- We will overlook many of our most at-risk pre-school children by slashing Smart Start and More at Four, leaving these kids behind before they've even started Kindergarten;
- Classrooms will be underfunded in K-12, forcing local school districts to lay off thousands of teachers and teaching assistants who will then be added to the unemployment rolls; and
- In our community colleges and universities, programs will be shut down, tuition may be raised, career training and college degrees will be further out of reach, there will be fewer class offerings and students will take longer to graduate.

LOCATION: 116 WEST JONES STREET • RALEIGH, NC • TELEPHONE: (919) 733-5811
WWW.GOVERNOR.STATE.NC.US

This budget will result in generational damage. It tears at the very fibers that make North Carolina strong – not only our schools, but also our communities, our environment, our public safety system and our ability to care for those who need us most.

- Our most vulnerable and sick will see medical and mental health services cut or eliminated;
- Families will have fewer resources as they care for their elderly, their disabled or their mentally ill;
- The natural environmental treasures that we cherish and that draw so many visitors to North Carolina will be at risk of permanent damage or destruction;
- Historical sites that attract tourists and stimulate economic activity by commemorating our rich cultural heritage will be closed;
- Our ability to prepare for and recover from disasters such as tornados and hurricanes may be hampered; and
- These cuts would be devastating when we have a more than active hurricane season predicted.
- Fewer law enforcement officers will patrol our streets and supervise convicted felons, while victims will be forced to wait longer for justice.

In the days since the General Assembly's budget reached my desk, I've traveled the state listening to parents and grandparents, teachers and superintendents, business people, community leaders and law enforcement officials. I saw worry in their eyes;

I heard frustration in their voices. These are people who, like me, are proud to call North Carolina home because of what we believe in as a people; because of our legacy of smart choices and planning for the future. They spoke to me not as Democrats or Republicans, Tea Partiers or Independents. They came to me as North Carolinians, and they asked me to stand up for what is right for our children and grandchildren, for what moves North Carolina forward, not backward.

They know that much of damage that this budget seeks to do is simply unnecessary. By extending less than a penny of the sales tax, North Carolina can avoid severe cuts to our schools and other crucial programs.

These cuts were made by the legislature in this budget by choice. They chose to risk our children's futures -- for less than a penny.

For weeks I have cautioned legislative leaders of the damage this budget will cause. Yes, these difficult economic times demand that we tighten our belt, make cuts and face up to hard choices.

The budget I submitted to the General Assembly in February did just that -- but it also invested in our future. We cannot move North Carolina forward without both balance and reason. This budget provides neither.

As I've reviewed the General Assembly's plan for how North Carolina should run the next two years, I've found is ideologically driven budget that rips at our classrooms and campuses, our environment and quality of life, our services for the needy and ill, and the safety of our streets and communities.

What message does that send to the people and businesses who are considering a move to North Carolina? The state's budget is more than just a roadmap for how state agencies operate. It is a reflection of the state's values, of what we believe in.

I will not put my name on a plan that so blatantly ignores the values of North Carolina's people. I cannot support a budget that sends the message that North Carolina is moving backwards, when we have always been a state that led the nation.

The General Assembly may be satisfied with a state in reverse, but I am not.

Therefore, I veto this bill.

Senate Bill 727, "An Act to Eliminate the Dues Check-off Option for Active and Retired Public School Employees."

This bill is simply one more attack on teachers by the Republicans in the General Assembly. The effect of Senate Bill 727 is to unfairly and arbitrarily single out one group, given that State law allows a dues check-off option for every other comparable association of employees. It does so without even attempting to offer any rational basis why – which is not surprising, because no rational basis exists. In addition to being unfair, this bill is also illegal because it violates the rule under our State Constitution that similar groups must be treated similarly.

In short, the Republican leadership is punishing teachers because teachers had the "audacity" to publicly protest a budget that contains the most devastating cuts to education in our State's history. Teachers have rights, and I refuse to allow the General Assembly to take them away.

Therefore, I veto this bill.

House Bill 351, "An Act To Restore Confidence in Government By Requiring That Voters Provide Photo Identification Before Voting"

The right to vote is among the most precious freedoms we have – both as Americans and North Carolinians. Now more than ever it is vital for our citizens to have the ability to fully exercise their constitutionally guaranteed right to cast their ballots in an election. What we do not need is the creation of new obstacles to voting. House Bill 351 is just that – an unnecessary and purely partisan intrusion on the right to vote that is nowhere sanctioned in our State Constitution and will serve only to reduce voting in this State – particularly among elderly, poor, and African American voters. This bill has nothing to do with voter fraud and everything to do with voter suppression.

Over the last fifty years, many brave men and women fought valiantly to eliminate barriers to voting. I refuse to allow the General Assembly to turn back the clock to the days when the right to vote was enjoyed only by some citizens rather than by all citizens.

Therefore, I veto this bill.

Senate Bill 33, "*An act to reform the laws relating to money judgment appeal bonds, bifurcation of trials in civil cases, and medical liability.*"

I am strongly committed to passing meaningful medical malpractice reform. Doctors, hospitals and nursing homes in North Carolina are all being burdened by medical malpractice insurance rates that are too high.

By working together, we enacted meaningful changes to our tort law (H.B. 542) and our worker's compensation system (H.B. 709) this year. We can achieve real medical malpractice reform as well. I commend the legislature for addressing this important issue but, in its current form, the bill is unbalanced. I urge the General Assembly to modify the bill to protect those that are catastrophically injured. Once the bill is revised to adequately protect those that are catastrophically injured, I will proudly sign it into law. I pledge to continue working with the General Assembly to achieve a comprehensive, bipartisan consensus. In its current form, however, I cannot sign the bill.

This bill is unconstitutional. The North Carolina Constitution, as interpreted by our Supreme Court, requires that money paid as civil penalties be given to the public school system and not be used for any other purposes. Senate Bill 496, "*An Act Relating to Requirements of Medicaid and Health Choice Providers*"

There are many aspects of Senate Bill 496 that I support. However, one section of the bill would take final decision-making authority away from the Department of Health and Human Services ("DHHS") and instead give it to the Office of Administrative Hearings ("OAH"). The Attorney General has repeatedly declared that such a transfer of final authority from a state agency to OAH is in violation of our State Constitution. Furthermore, in addition to being unconstitutional, this transfer of authority from DHHS to OAH would also violate federal Medicaid law. Because I do not have a line-item veto, I am unable to veto only this one portion of the bill and must instead veto the bill in its entirety.

Senate Bill 709 is unconstitutional on its face. By directing the Governor of this State to enter into a compact with the Governors of South Carolina and Virginia, the General Assembly is intruding on the constitutional power of the Executive Branch and is, therefore, violating separation of powers principles that are enshrined in our Constitution. Furthermore, and even more basically, the General Assembly lacks the authority to instruct the Governors of other states to do anything at all. That's why I am vetoing this bill.

Before any oil and gas production can commence, the federal government must take action. North Carolina is nevertheless proactively planning and preparing to take full advantage of any eventual federal authorization. I strongly believe that our state can put people to work producing homegrown energy to power our lights and fuel our cars. But, we must do so through a comprehensive mix of energy sources that includes renewable energy. To that end, I'm issuing Executive Orders No. 96 and 97. The first will reestablish and expand the Scientific Advisory Panel on Energy that will continue to research, plan and provide options for onshore and offshore oil and gas production. The second will create the Offshore Wind Economic Development Task Force that will make recommendations on state investments and infrastructure needed to take full economic advantage of offshore wind resources in North Carolina.

Therefore, I veto the bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 532, "*An Act to Reform the Employment Security Laws of North Carolina by Creating the Division of Employment Security Within the Department of Commerce, Transferring the Functions of the Employment Security Commission to that Division, Making the Division Subject to Rulemaking Under Article 2A of Chapter 150B of the General Statutes, and by Making Other Modifications and Conforming Changes to Align the Employment Security Functions of State Government Under the Direct Leadership of the Secretary of Commerce*"

In Executive Order No. 85, I called for the transfer of the Employment Security Commission to the Department of Commerce for administrative purposes as a way to streamline State government. The General Assembly agreed with this idea by placing a provision in its budget bill directing that such a transfer take place. However, Senate Bill 532 goes far beyond an administrative transfer and proceeds to radically change the way that unemployment benefits are administered in this State -- doing so in a way that calls into question the fairness of the entire process. As a result of these drastic changes, we have been informed by the United States Department of Labor that any finding of a lack of conformity between this bill and federal law will result in North Carolina's loss of money for its unemployment insurance program and that this bill will also raise taxes on all employers statewide who pay federal unemployment taxes. I cannot allow a bill to become law that will endanger our receipt of these much-needed federal funds for our unemployed citizens. Nor am I willing to approve this increased tax on our State's employers.

In the meantime, however, based on my powers under the State Constitution, I am issuing Executive Order No. 95. This Executive Order ensures that the Employment Security Commission will maintain the integrity of its process for administering unemployment benefits while being administratively housed within the Department of Commerce.

Therefore, I veto the bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 781, *"An Act to Increase Regulatory Efficiency in Order to Balance Job Creation and Environmental Protection"*

I am strongly in favor of regulatory reform. Through my Executive Order, I have spearheaded the effort to improve our State's regulatory system by taking a balanced approach that protects the economy, public health, public safety, and the environment, and I will continue to do so. While I wholeheartedly support the General Assembly's desire to pass laws aimed at reforming our bureaucracy, those laws have to be balanced and meet constitutional standards. Senate Bill 781 fails this test. It would take final decision-making authority in certain circumstances away from state agencies and instead give it to the Office of Administrative Hearings – a result that the Attorney General has repeatedly declared is in violation of the North Carolina Constitution. I urge the General Assembly to revisit the issue of regulatory reform.

Therefore, I veto the bill.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 9, "An Act to Reform the Racial Justice Act of 2009 to be Consistent With the United States Supreme Court's Ruling in McCleskey v. Kemp."

I am – and always will be – a strong supporter of the death penalty. I firmly believe that some crimes are so heinous that no other punishment is adequate. As long as I am Governor, I am committed to ensuring that the death penalty remains a viable punishment option in North Carolina in appropriate cases.

However, because the death penalty is the ultimate punishment, it is essential that it be carried out fairly and that the process not be infected with prejudice based on race, gender, poverty, or any other factor. I signed the Racial Justice Act into law two years ago because it ensured that racial prejudice would not taint the application of the death penalty.

By enacting Senate Bill 9, the new leadership of the General Assembly has abandoned the noble principles embodied in the Racial Justice Act. While some have tried to portray Senate Bill 9 as a mere "modification" of the Racial Justice Act, make no mistake – this is, for all practical purposes, an outright repeal.

I recognize that this is an issue that people feel strongly about. Over the past few weeks, I have had the privilege of meeting with people from the four corners of our State who shared their candid views about this issue with me. I have met both with family members of murder victims who support Senate Bill 9 and with family members who oppose it. I was greatly moved by their personal stories and came away with a profound admiration for their passion and dignity in the face of grief that most of us cannot imagine. I have also spoken to both prosecutors and defense attorneys – lawyers who meet the highest ideals of the legal profession. I conducted these meetings because I wanted to ensure that groups on both sides of the issue had the opportunity to express their views to me.

There has been a great deal of inaccurate information in the media over what the Racial Justice Act does. Let me be clear on what it does not do. First, it does not change the fact that the death penalty is legal in North Carolina.

WWW.GOVERNOR.STATE.NC.US

Second, the Racial Justice Act does not reopen the question of whether any person on death row is guilty or innocent. Instead, it only addresses sentencing; it provides that a convicted defendant is entitled to have his death sentence changed to a sentence of life in prison without the possibility of parole if a judge determines that race was a significant factor in the decision to seek or impose a sentence of death as set out in the Act.

Third, contrary to what some have suggested, the Racial Justice Act does not allow anyone to be released from prison or seek parole. Rather, by its plain language, the only thing the law would allow is for a death sentence to be converted to a sentence of life in prison without the possibility of parole – and that would only occur if a judge finds that racial discrimination played a significant role in the application of the death penalty. Both my own legal counsel and legal experts from across the State have assured me that even if an inmate succeeds on a claim under the Act, his sole remedy is life in prison without the possibility of parole. In addition, the executive director of North Carolina Prisoner Legal Services has publicly stated that her organization would decline to represent any prisoner seeking to argue an entitlement to parole after prevailing under the Racial Justice Act because that argument would be, in her words, "frivolous."

Finally, I want to emphasize that no prisoner will have their death sentences changed to life in prison without the possibility of parole unless they prove to a judge, through competent evidence, that racial discrimination did, in fact, play a significant role in the application of the death penalty.

I am vetoing Senate Bill 9 for the same reason that I signed the Racial Justice Act two years ago: it is simply unacceptable for racial prejudice to play a role in the imposition of the death penalty in North Carolina.

Therefore, I veto this bill.

GOVERNOR

EXECUTIVE ORDER NO. 61

TEMPORARY SUSPENSION OF MOTOR VEHICLE REGULATIONS TO ENSURE RESTORATION OF UTILITY SERVICES AND TRANSPORTING ESSENTIALS THROUGHOUT THE STATE

WHEREAS, I have determined that a State of Emergency exists due to Hurricane Earl and its likely-effects in North Carolina, thereby justifying an exemption from 49 CFR Part 395 (Federal Motor Carrier Safety Regulations); and

WHEREAS, the uninterrupted supply of electricity, fuel oil, diesel oil, gasoline, kerosene, propane, liquid petroleum gas, food, water, and medical supplies to residential and commercial establishments is essential during the storm and after the storm and any interruption in the delivery of those commodities threatens the public welfare; and

WHEREAS, the prompt restoration of utility services to citizens is essential to their safety and well being; and

WHEREAS, 49 CFR § 390.23 allows the Governor of a state to suspend the rules and regulations under 49 CFR Part 395 for up to 30 days if the Governor determines that an emergency condition exists; and

WHEREAS, under N.C.G.S. §§ 166A-4 and 166A-6.03(b), the Governor may declare that the health, safety, or economic well-being of persons or property in this State require that the maximum hours of service for drivers prescribed by N.C.G.S. § 20-381 should be waived for persons transporting essential fuels, food, water, medical supplies, and restoration of utility services; and

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, **IT IS ORDERED:**

Section 1.

The Department of Crime Control and Public Safety in conjunction with the North Carolina Department of Transportation shall waive the maximum hours of service for drivers prescribed by the Department of Crime Control and Public Safety pursuant to N.C.G.S. § 20-381.

Section 2.

The waiver of regulations under 49 CFR Part 395 (Federal Motor Carrier Safety Regulations) does not apply to the commercial drivers' licenses and insurance requirements.

Section 3.

The Department of Crime Control & Public Safety in conjunction with the North Carolina Department of Transportation shall waive certain size and weight restrictions and penalties arising under N.C.G.S. §§ 20-116 and 20-118, and certain registration requirements and penalties arising under N.C.G.S. §§ 20-86.1, 20-382, 105-449.47, 105-449.49 for the vehicles transporting equipment and supplies for the restoration of utility services along North Carolina roadways to our impacted counties.

Section 4.

Notwithstanding the waivers set forth above, size and weight restrictions and penalties have not been waived under the following conditions:

a. When the vehicle weight exceeds the maximum gross weight criteria established by the manufacturer (GVWR) or 90,000 pounds gross weight, whichever is less.

b. When the tandem axle weight exceeds 42,000 pounds and the single axle weight exceeds 22,000 pounds.

c. When a vehicle/vehicle combination exceeds 12 feet in width and a total overall vehicle combination length 75 feet from bumper to bumper.

d. Vehicles and vehicles combinations subject to exemptions or permits by authority of this executive order shall not be exempt from the requirement of a yellow banner on the front and rear measuring a total length of 7 feet by 18 inches bearing the legend oversized load in 10 inch black letters 1.5 inches wide and red flags measuring 18 inches square to be displayed on all sides at the widest point of the load. In addition, when operating between sunset and sunrise a certified escort shall be required for load exceeding 8 feet 6 inches in width.

Section 5.

Vehicles referenced under Sections 1 and 3 shall be exempt from the following registration requirements:

a. The $50.00 fee listed in N.C.G.S. § 105-449.49 for a temporary trip permit is waived for the vehicles described above. No quarterly fuel tax is required because the exception in N.C.G.S. § 105-449.45(a)(1) applies.

b. The registration requirements under N.C.G.S. § 20-382.1 concerning intrastate and interstate for-hire authority is waived; however, vehicles shall maintain the required limits of insurance as required.

c. Non-participants in North Carolina's International Registration Plan will be permitted into North Carolina in accordance with the exemptions identified by this Executive Order.

Section 6.

The size and weight exemption for vehicles will be allowed on all routes designated by the North Carolina Department of Transportation, except those routes designated as light traffic roads under N.C.G.S. § 20-118. This order shall not be in effect on bridges posted pursuant to N.C.G.S. § 136-72.

Section 7.

The North Carolina State Highway Patrol shall enforce the conditions set forth in Sections 1-6 of this Executive Order in a manner which will implement this rule without endangering motorists in North Carolina.

Section 8.

Upon request by law enforcement officers, exempted vehicles must produce documentation sufficient to establish their loads are being used for relief efforts associated with Hurricane Earl and it's after-effects in North Carolina.

Section 9.

This Executive Order is effective immediately and shall remain in effect for thirty (30) days or the duration of the emergency, whichever is less.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this 1st day of September in the year of our Lord two thousand and ten, and of the Independence of the United States of America the two hundred and thirty-fifth.

    c. Rules shall be clearly written, relevant and up-to-date.

    d. Rules shall be based on sound, reasonably available scientific, technical, economic, and other relevant information. Agencies shall cite this information in support of regulatory proposals.

    c. Agencies shall ensure citizens have better access to timely and accurate rule information.

    d. Fiscal notes and rule analysis shall be updated to reflect any significant changes before the rule is adopted.

e. Approved rule actions shall be completed in a timely manner to ensure proper protection of the public and clear implementation of law.

i. Each agency head will be held accountable for ensuring that the policies and objectives in this Executive Order are put into effect and that information requested in connection with the requirements of this Executive Order is provided on a timely basis.

Section 3. Review of Existing Rules

A Rules Modification and Improvement Program ("RMIP") shall be established to annually evaluate, reform, expand, or, where necessary, repeal existing rules and associated requirements in order to promote the goals of this Executive Order. The Office of State Budget and Management ("OSBM") shall coordinate and oversee the RMIP. OSBM shall consult with experts, stakeholders and other relevant parties in implementing the RMIP.

1. The RMIP shall accomplish the following within the first 30 days after publication of this Executive Order:

   a. Invite comment on whether any existing rules, implementation processes and associated requirements are unnecessary, unduly burdensome, or inconsistent with the goals of this Executive Order. Comments may include modifying, expanding, or rescinding existing rule programs or the rule review and publication process.

   b. Direct agencies to undertake an internal review to identify existing rules and associated requirements that are unnecessary, unduly burdensome, or inconsistent with the goals of this Executive Order.

2. The RMIP shall continue to invite and consider comment on rule reforms beyond the first 30 days after publication of this Executive Order. Comments received during the first 30 days will inform the first annual report required by paragraph 8 of this section, while comments received after the first 30 days will inform future reports.

3. The State Chief Information Officer shall ensure that there is a single web portal for receiving public comments and tracking agency progress on any resulting rule reform actions.

5. Agencies, as requested by OSBM, shall review the merits of the reform suggestions.

6. Agencies shall prepare a report, in a form designated by OSBM, on whether reform suggestions have potential merit and justify further action. The report shall be submitted to OSBM by January 31 each year.

7. OSBM shall make final determinations on which reform suggestions have potential merit and justify further action. OSBM shall also consider and propose recommended improvements to the rule process to the Governor, including any legislation that may be necessary to achieve reforms.

8. OSBM shall publish by April 30 every year an annual report summarizing all reform comments and any resulting actions taken or planned.

9. OSBM shall receive assistance, services, or data from any state agency as it determines is reasonably necessary to carry out the purposes of this Executive Order.

10. The State CIO shall coordinate and consolidate systems across state government required to comply with existing rules at the direction of OSBM.

Section 4. Review of New Rules

Rule improvement efforts shall extend beyond an evaluation of existing rules to the current process used to promulgate new rules. Given the significant impact of rules, rule decisions shall be informed by a careful assessment of the likely consequences of rule action.

1. During OSBM's review and approval process for fiscal notes and rule analysis under N.C. Gen. Stat. §150B-21.4, OSBM shall ensure agencies adhere to the principles outlined in Section 2 of this Executive Order.

3. In order that an independent analysis can be made, state agencies shall not request OSBM to prepare a fiscal note and rule analysis under N.C. Gen. Stat. § 150B-21.4(b1) until the agency, working with OSBM, has exhausted all resources, internal and external, to otherwise prepare the required analysis.

4. OSBM, as part of the Office of the Governor, shall conduct the preliminary review in N.C. Gen. Stat. § 150B-21.26 on behalf of the Governor.

5. Consistent with N.C. Gen. Stat. § 150B-21.26, agencies shall submit the required rule information to OSBM at least 60 days prior to rule publication for rules that impact local governments.

WHEREAS, Governor Perdue and I have conferred and I am entering this executive order at her request pursuant to Article III, Section 3(2) of the North Carolina Constitution and N.C.G.S. § 147-11.1(a)(2) due to her absence from the State; and

WHEREAS, I have determined that a State of Emergency exists due to the winter storm and its likely-effects in North Carolina, thereby justifying an exemption from 49 CFR Part 395 (Federal Motor Carrier Safety Regulations); and

WHEREAS, the uninterrupted supply of electricity, fuel oil, diesel oil, gasoline, kerosene, propane, liquid petroleum gas, food, water, and medical supplies to residential and commercial establishments is essential during the storm and after the storm and any interruption in the delivery of those commodities threatens the public welfare; and

WHEREAS, the prompt restoration of utility services to citizens is essential to their safety and well being; and

WHEREAS, 49 CFR § 390.23 allows the Governor of a state to suspend the rules and regulations under 49 CFR Part 395 for up to 30 days if the Governor determines that an emergency condition exists; and

WHEREAS, under N.C.G.S. §§ 166A-4 and 166A-6.03(b), the Governor may declare that the health, safety, or economic well-being of persons or property in this State require that the maximum hours of service for drivers prescribed by N.C.G.S. § 20-381 should be waived for persons transporting essential fuels, food, water, medical supplies, and restoration of utility services; and

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, **IT IS ORDERED:**

Section 1.

Section 4.

a. When the vehicle weight exceeds the maximum gross weight criteria established by the manufacturer (GVWR) or 90,000 pounds gross weight, whichever is less.

b. When the tandem axle weight exceeds 42,000 pounds and the single axle weight exceeds 22,000 pounds.

IMPROVING THE ENVIRONMENT WHILE PROTECTING SMALL BUSINESS AND INDUSTRY FROM UNNECESSARY COSTS FROM GREENHOUSE GAS PERMITTING

WHEREAS, on January 2, 2011, the first U.S. Environmental Protection Agency (EPA) regulations addressing greenhouse gas (GHG) emissions under the Clean Air Act took effect nationwide; and

WHEREAS, to avoid a harsh result on small businesses and industry, EPA "tailored" the federal greenhouse gas program to limit the impact of the new permitting requirements to large industrial sources, thereby shielding millions of small businesses from GHG permitting requirements and avoiding more than $54 billion in additional costs for those small businesses nationally; and

WHEREAS, North Carolina businesses should have the benefit of the federal GHG thresholds that limit the impact of new greenhouse gas permitting requirements to the largest industrial sources; and

WHEREAS, the North Carolina Environmental Management Commission adopted a tailoring rule designed to protect North Carolina's small businesses by raising the permitting threshold under the state air quality program to require permits only for large greenhouse gas sources that are required to have a permit under the federal rule; and

WHEREAS, the Rules Review Commission approved this proposed state tailoring rule, but approximately 18 citizens subsequently filed letters objecting to that rule; and

WHEREAS, under laws adopted by the General Assembly, the filing of these letters of objection had the effect of prohibiting the implementation of the state tailoring rule until the General Assembly has had an opportunity to evaluate the merits of that rule; and

WHEREAS, North Carolina General Statute § 150B-21.3(c) empowers the Governor to adopt an executive order providing for the immediate implementation of a rule to which objections have been filed when the Governor determines that immediate implementation of the rule is necessary to protect the public health, safety or welfare; and

WHEREAS, if the state tailoring rule does not go into effect, greenhouse gas permitting requirements will apply to tens of thousands of residential and commercial buildings and small businesses in North Carolina that emit relatively small amounts of greenhouse gases and will impact the state's economy by imposing over a billion dollars in unnecessary costs; and

WHEREAS, North Carolina continues to experience high unemployment as a result of the severe recession and imposing unnecessary burdens on business and industry would further slow economic recovery and harm the public welfare.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of the State of North Carolina, particularly N.C. Gen. Stat. § 150B-21.3(c), **IT IS ORDERED:**

15A NCAC 02D .0544 as amended by the Environmental Management Commission on November 18, 2010, and approved by the Rules Review Commission on December 16, 2010, shall become effective this date and shall remain in effect unless the rules are disapproved by act of the General Assembly in accordance with N.C. Gen. Stat. § 150B-21.3(b1) or a court order makes modification or rescission of this Executive Order appropriate or necessary.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this twenty-eighth day of January in the year of our Lord two thousand and eleven, and of the Independence of the United States of America the two hundred and thirty-fifth.

ESTABLISHING A JUDICIAL NOMINATING COMMISSION FOR THE APPOINTMENT OF JUSTICES AND JUDGES

WHEREAS, the Constitution and Laws of the State of North Carolina entrust the Governor with the duty of appointing Justices and Judges of the General Court of Justice when vacancies occur; and

WHEREAS, the quality of our system of justice is determined by the quality of the judicial officers who serve within our judicial system; and

WHEREAS, a fair, impartial, independent, highly qualified, and diverse judiciary is essential to ensuring justice for all who come before North Carolina's courts and to fostering public confidence in the integrity of the judicial process; and

WHEREAS, it is essential that the Governor fills judicial vacancies with men and women of the highest quality who by temperament, ability and integrity will impartially and independently interpret the laws and administer justice; and

WHEREAS, it is my belief that the State of North Carolina can best achieve this goal by establishing a judicial screening commission composed of outstanding lawyers and laypersons from all quarters of the State, to assist me in exercising these important constitutional duties.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of the State of North Carolina, **IT IS ORDERED:**

Section 1. Purpose and Scope of this Executive Order

On and after July 1, 2011, when a vacancy occurs in the office of Chief Justice or Associate Justice of the Supreme Court, Judge of the Court of Appeals, or Judge of the Superior Court, the Judicial Nominating Commission established by this Order shall nominate, from among applicants for appointment to any such vacancy, the three persons it determines most qualified to fill the vacancy, and the Governor will appoint one of those persons to the position. This Order

does not apply to the appointment of Judges of the District Courts or to the appointment of Special Superior Court Judges.

Section 2. Establishment of the Judicial Nominating Commission

a. The North Carolina Judicial Nominating Commission (the "Commission") is hereby established. It shall be composed of 18 voting members appointed as prescribed herein. All former Chief Justices of the Supreme Court shall serve in an advisory capacity to the Commission. Nothing herein shall preclude one or more of the former Chief Justices from also being appointed to serve as Commissioners pursuant to the appointment process set out herein.

b. Members of the Commission (hereinafter referred to as "Commissioners") will have knowledge of, and strong interest in, the state judicial system and the needs and operation of North Carolina's state courts. Commissioners who are members of the bar shall have at least ten years of experience in the practice of law. Commissioners shall be residents of the State of North Carolina and shall reflect the diversity of the State.

c. The Governor will invite nominations for eight voting Commissioners as follows:

   1. The President of the North Carolina State Bar, the President of the North Carolina Bar Association, the President of the North Carolina Advocates for Justice, the President of the North Carolina Association of Defense Attorneys, the President of the North Carolina Association of Black Lawyers, the President of the North Carolina Association of Women Attorneys, the Chair of the Board of the Indigent Services Commission, and the President of the North Carolina Conference of District Attorneys shall each nominate three members of the bar. The Governor shall select one member of the bar from each group of three so nominated to serve on the Commission. Each of the persons submitting nominations pursuant to this subsection will seek to nominate persons who will aid the Governor in achieving the balance and diversity described in Section 2(e) below.

   2. Nominations to the Judicial Nominating Commission shall be made within 30 days following the Governor's request. If any person identified in Section 2(c)(1) above fails to timely make the nomination(s) requested of him or her, the Governor will appoint a Commissioner to the seat that would have been occupied by a nominee of the person failing to make a timely nomination. Whenever the term of a Commissioner is about to expire, or a vacancy on the Commission occurs, the Governor shall invite a nomination(s) from the official who supplied the nomination of the Commissioner whose term is expiring.

d. The Governor will appoint ten additional voting Commissioners, eight of whom are not lawyers and two of whom may be either a lawyer or non-lawyer, for a total of 18 Commissioners.

e. In making appointments to the Commission, the Governor will seek to have a balanced Commission reflecting the diversity of North Carolina. With respect to all Commissioners, considerations of balance shall include the presence of at least eight Commissioners who are members of the bar and the presence of at least eight Commissioners who are non-lawyers, as well as geography, race, ethnicity, gender, and political party affiliations. With respect to members of the bar, considerations of balance shall also include law practice experience, practice areas, and practice settings. With respect to non-lawyers, considerations of balance shall also include experience, interests and background. This Order seeks to secure a diversity of perspective on the Commission and to instill public confidence in the Commission and the independence of judges nominated by the Commission.

f. No Commissioner shall be eligible for appointment to a state judicial office as long as he or she is a Commissioner, and for two years thereafter.

g. The initial terms of the Commissioners appointed by the Governor pursuant to Section 2(d) will extend from the date of appointment until April 1, 2013. Thereafter, the terms of office for those Commissioners will be two years, but none of those Commissioners may serve more than two full terms. Commissioners appointed pursuant to Section 2(c) will serve four-year terms, but none of those Commissioners may serve more than one full term.

h. No member shall be removed during his or her term by the Governor except for cause.

Section 3. Organization of the Commission

a. The Governor shall appoint one Commissioner to be the Chair of the Commission for a two-year term. The Commission shall elect its Vice-Chair and Secretary for two-year terms.

b. The Commission shall adopt written rules to govern its procedures.

c. A quorum consisting of a majority of the Commissioners then in office shall be necessary for the Commission to act.

d. Promptly following the establishment of the Commission, the Commission shall hold one or more public hearings to receive citizen comments and advice regarding the qualities citizens believe are characteristic of an able judiciary.

Section 4. Judicial Vacancies

a. The Governor will promptly notify the Commission Chair of all vacancies occurring on and after July 1, 2011, whether such vacancy has already occurred or will occur at a definite time in the future. Within six weeks of the Governor's notice to the Commission – or such shorter period as she may prescribe – the Commission shall evaluate all applicants and nominate the three candidates it deems most qualified to the Governor.

b. In performing its duties, the Commission shall follow procedures established by its rules, with the following minimum requirements:

1. The Commission shall publicize the vacancy and actively recruit qualified members of the Bar for appointment.

2. Only individuals who have filed applications with the Commission may be considered.

4. In selecting among qualified applicants, the Commission shall seek to foster diversity in race, sex, ethnicity, geography, and professional experience.

5. If fewer than three well-qualified persons apply, the panel shall reopen the application process until no less than three well-qualified candidates (as determined by the Commission in its discretion) apply.

c. Submitting Nominees to the Governor.

1. The names of the three nominees shall be submitted to the Governor in alphabetical order.

2. Upon receipt of these nominations, the Governor shall make the nominees' names public and shall encourage public comment.

c. No per diem allowance shall be paid to members of the Commission. Members of the Commission and staff may receive necessary travel and subsistence expenses in accordance with state law or as the Office of State Budget and Management allows.

Section 7. Review

The Governor and her staff annually will evaluate the effectiveness of this Order in providing citizens a fair, impartial, independent, highly qualified, and diverse judiciary.

Section 8. Effect and Duration

This Executive Order is effective immediately and will be applied to fill all vacancies occurring on and after July 1, 2011. This Executive Order supersedes and replaces all other executive orders on this subject. It shall remain in effect until rescinded.

EXECUTIVE ORDER NO. 93

EXTEND UNEMPLOYMENT BENEFITS TO PROTECT THE SAFETY, HEALTH, AND WELFARE OF NORTH CAROLINA'S LONG-TERM UNEMPLOYED

WHEREAS, North Carolina continues to experience an economic crisis due to the economic recession experienced by our nation; and

WHEREAS, as a result of the recession and the economic crisis, approximately 400,000 North Carolinians are currently unemployed; and

WHEREAS, the State of North Carolina no longer qualifies to be in an extended benefit period in order to pay extended benefits to unemployed North Carolinians due to the state's unemployment rate; and

WHEREAS, many North Carolina citizens no longer have the safety net of unemployment benefits, thereby increasing the state's economic crisis; and

WHEREAS, through passage of the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312), the federal government provided a temporary mechanism for states to amend the criteria used to determine whether the State may pay extended benefits to its unemployed citizens; and

WHEREAS, to be able to continue to provide such extended benefits for our state's long-term unemployed, North Carolina needs to modify its extended benefit trigger criteria to meet the applicable federal requirements; and

WHEREAS, providing such extended benefits will not create a cost to the unemployment fund of the State of North Carolina; and

WHEREAS, approximately 47,000 unemployed North Carolinians who would be eligible to receive extended benefits have not received such benefits since the week ending April 16, 2011; and

WHEREAS, these 47,000 citizens and their families are suffering great and undue harm,

including the loss of homes, health insurance, and property, as well as an inability to provide basic necessities for themselves and their families; and

WHEREAS, these families must depend on extended benefits to survive this historic economic downturn, and the extension of these benefits could provide immediate relief to these struggling families; and

WHEREAS, the availability of these extended benefit payments is critical to the State's economy, which is still recovering from a severe economic recession; and

WHEREAS, it is vital to the welfare and economic security of North Carolinians that they be eligible to receive extended benefits, and it is in the best interests of the State of North Carolina that these benefits be paid in a timely manner; and

WHEREAS, it is in the best interests of North Carolinians that unemployed citizens of our State be permitted to benefit from all existing unemployment programs; and

WHEREAS, as Governor of the State, I am responsible for ensuring the general health, safety, and welfare of the citizens of the State and for taking measures to adequately protect the lives of our citizens; and

WHEREAS, Article III, Section 1 of the State Constitution invests the executive power of the State in the Governor; and

WHEREAS, Article III, Section 5(4) of the State Constitution requires that the Governor take care that the laws be faithfully executed; and

WHEREAS, North Carolina General Statute § 143B-4 provides that the Governor, in accordance with Article III of the Constitution of North Carolina, is the Chief Executive Officer of the State and is responsible for formulating and administering the policies of the executive branch of the State government; and

WHEREAS, the Governor is the sole official liaison between the government of this State and the government of the United States; and

WHEREAS, the Governor is the sole signatory for the State on agreements and contracts with the United States Department of Labor; and

WHEREAS, the North Carolina Employment Security Commission is an agency of the executive branch of North Carolina state government and subject to the policies formulated and administered by the Governor, and is authorized by N.C. Gen. Stat. Chapter 96 to administer the extended benefits program in the State of North Carolina; and

WHEREAS, based upon the aforementioned provisions of the North Carolina Constitution and the North Carolina General Statutes, I hereby choose to exercise my authority to respond to the current economic crisis because of the unique nature of the issues addressed within this Executive Order and, in particular, that (1) absent this Executive Order, there will be

irreparable harm and substantial injury to thousands of North Carolinians who are in dire need of the benefits being provided by the federal government; and (2) the extended benefits addressed by this Executive Order are federal funds that are being made available to the State of North Carolina by the United States Department of Labor without the need for any appropriation of state funds by the North Carolina General Assembly.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of the State of North Carolina, **IT IS ORDERED:**

1. The Employment Security Commission shall use the following criteria to provide extended benefits to unemployed North Carolina citizens, pursuant to the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, for weeks of unemployment beginning after December 17, 2010 and ending on or before December 31, 2011:

    a. The state has an "on indicator" provided that:

        1) The average rate of insured unemployment, not seasonally adjusted, equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in each of the preceding three calendar years and equaled or exceeded five percent (5%); or

        2) The average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds six and one-half percent (6.5%) and equals or exceeds one hundred ten percent (110%) of such average rate for any (or all) of the corresponding three-month periods ending in the three preceding calendar years.

    b. The state is in a high unemployment period provided that the average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds eight percent (8%) and equals or exceeds one hundred ten percent (110%) of such average rate for any (or all) of the corresponding three-month periods ending in the three preceding calendar years.

2. The Employment Security Commission is hereby granted the authority to take any necessary actions to comply with the federal requirements for paying extended benefits.

3. This Executive Order is effective immediately and shall remain in effect until rescinded or until legislation has been enacted and signed into law that would achieve the results set out herein.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this third day of June in the year of our Lord two thousand and eleven, and of the Independence of the United States of America the two hundred and thirty-fifth.

NORTH CAROLINA PRE-KINDERGARTEN PROGRAM

WHEREAS, the North Carolina Pre-Kindergarten program (formerly known as More at Four) is widely acknowledged to be one of the finest and most successful pre-kindergarten programs in America; and

WHEREAS, without the opportunity for appropriate development in the early years, children are in danger of falling behind their peers and remaining at a disadvantage throughout their educational careers; and

WHEREAS, studies have repeatedly shown that at-risk children who participate in the North Carolina Pre-Kindergarten program (hereinafter "NC Pre-K") are better prepared to succeed in school and that these benefits are maintained for years thereafter; and

WHEREAS, all other children in the classroom also benefit from the success of at-risk children because teachers have more time to devote to helping all children learn; and

WHEREAS, studies have shown that through early childhood education, states save millions of dollars that would otherwise be spent on early grade retention, special education, remedial programs, drop-out prevention, and a myriad of other costs; and

WHEREAS, I have initiated the Career and College – *Ready, Set, Go!* Initiative which sets as its goal that all students graduate ready for a career, college or technical training, and NC Pre-K is critical to preparing at-risk four year olds to achieve; and

WHEREAS, it is the constitutional right of all children to have the opportunity to obtain a sound basic education, a right repeatedly recognized by the North Carolina Supreme Court; and

WHEREAS, it is crucial to the futures of at-risk children and our State that we make all efforts to preserve and expand NC Pre-K; and

WHEREAS, in the 2011 Budget Bill, House Bill 200, the North Carolina General Assembly transferred NC Pre-K to the Department of Health and Human Services (hereinafter

"DHHS" or the "Department"), which operates North Carolina's acclaimed childcare subsidy and quality rating program; and

WHEREAS, because of the long history and success of NC Pre-K as implemented by the Department of Public Instruction (hereinafter "DPI"), ongoing and substantive consultation between DHHS and DPI is critical to the continued success of NC Pre-K.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of North Carolina, **IT IS ORDERED:**

Section 1. The transfer of NC Pre-K from DPI to DHHS shall be implemented in a manner that maintains and strengthens the current academic standards and operation of NC Pre-K. In order to maintain high academic standards and the integrity of NC Pre-K, DHHS is directed to do the following, after consultation with DPI: (a) continue both the critical infrastructure and sufficient per child funding to ensure that current standards are not reduced; (b) require all lead teachers to obtain (within a prescribed timeframe) and maintain Birth-Kindergarten licensure or a pre-school add-on license; (c) determine, in consultation with the Early Childhood Advisory Council (hereinafter "ECAC"), whether NC Pre-K should operate as a distinct program within the Division of Child Development and Early Education (hereinafter "DCDEE"); and (d) continue to base the academic standards of NC Pre-K upon the following five domains of child development, which are essential to the success of pre-kindergarten programs: (1) approaches to learning, (2) cognitive development, (3) language development and communication, (4) emotional and social development, and (5) health and physical development.

Section 2. To ensure that the transition of NC Pre-K from DPI to DHHS is efficient, effective, and consistent with the goals of NC Pre-K, the Department shall work closely with the State Board of Education, DPI and the ECAC regarding the implementation of NC Pre-K and the requirements of this Executive Order. In addition, the Department shall work with the ECAC on an ongoing basis to continue coordination and collaboration for NC Pre-K and other early childhood programs in the State involving health, family strengthening, early care and education.

Section 3. Within two months from the effective date of this Order, the Department, in consultation with DPI, shall develop a plan for all eligible at-risk four year olds who apply to be accepted into NC Pre-K. The plan shall include the following: (a) identifying and removing barriers that may prevent participation by eligible at-risk four year olds, including requiring providers to waive any copayment that has the effect of preventing any eligible at-risk four year old from taking advantage of NC Pre-K; (b) continuing to identify eligible at-risk children using NC Pre-K criteria for identification of children who are at-risk; and (c) searching for unserved eligible at-risk four year olds.

Section 4. Within two months from the effective date of this Order, the Department, in consultation with DPI, shall develop a plan to ensure that staffing in the NC Pre-K program is aligned with the academic standards of NC Pre-K and is coordinated and aligned with the kindergarten through grade 3 program. The Department, likewise in consultation with DPI, shall determine whether it would improve the coordination of services delivered to at-risk children to

physically locate any of its NC Pre-K positions at DPI along with other educational pre-kindergarten efforts funded through and residing at DPI.

Section 5. Within two months from the effective date of this Order, the Department, in consultation with DPI, shall develop a detailed plan for providing financial support to local classrooms—including leveraging other financing sources—that will enable them to meet the high standards necessary to keep North Carolina's children at the forefront of learning opportunities and academic achievement and to maintain a truly diverse system of services by encouraging both public and private providers. The Department also shall consult with DPI regarding the coordination and management of the multiple funding streams that support NC Pre-K.

Section 6. Under the North Carolina Constitution, the State Board of Education possesses the responsibility for supervising and administering the free public school system. Pre-kindergarten is a critical academic program to enable at-risk children to be successful in the public schools. The State Board of Education and DPI are encouraged to continue their strong presence in early education reform, particularly with respect to strengthening the pre-kindergarten through grade 3 continuum and the necessary supports to ensure child success beyond the pre-kindergarten year.

Section 7. The alignment of the pre-kindergarten program with the kindergarten through grade 3 curriculum and other early learning initiatives at DPI is critical. To implement this order, DHHS shall consult with, and, as appropriate, enter into Memoranda of Understanding with DPI to address agency coordination and maintenance of high standards for the pre-kindergarten program.

Section 8. Public schools have provided cost-effective, high quality pre-kindergarten services, and it is important that they continue to participate as providers. The Department is directed to exercise its legal authority to remove all barriers so as to encourage participation by public schools in NC Pre-K. Pursuant to the authority granted to DHHS in the 2011 Budget Bill, House Bill 200, DHHS is directed to waive any requirement to blend private pay families with pre-kindergarten subsidized children for public school classrooms. The Division of Child Development and Early Education shall give public school classrooms access to Subsidized Early Education for Kids (SEEK), the new child care attendance reporting and payment delivery system. Pursuant to the 2011 Budget Bill, public school classrooms will have a one-year transition period to become licensed through DCDEE and may continue to operate NC Pre-K classrooms for the 2011-2012 school year. The Department shall create a transition plan to assist public schools in obtaining licensure through DCDEE. If meeting licensure standards for a public school constitutes a significant barrier to access to NC Pre-K for at-risk students, the public school may request a waiver of the licensure requirement from DCDEE.

Section 9. As funds are available, the Department shall maintain child identifiers currently in place for certain publicly-funded pre-kindergarten children and shall expand them across the early childhood system for the purpose of linking them to the DPI data system (CEDARS) in order to document longitudinal child outcomes for children served.

Section 10. In order to meet the need for highly qualified teachers in NC Pre-K classrooms, all state higher educational institutions with four-year degree programs leading to a Birth-Kindergarten teaching license and community colleges offering early childhood associate degree programs are encouraged to develop strong and effective articulation agreements that accelerate the completion time for students who transfer into Birth-Kindergarten teacher education programs. All community colleges that participate in these agreements are strongly encouraged to have early childhood degree programs which are accredited within three years by the Early Childhood Associates Degree Accreditation Program of the National Association for the Education of Young Children.

Section 11. This Executive Order is effective immediately and shall remain in effect until rescinded.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this tenth day of August in the year of our Lord two thousand and eleven and of the Independence of the United States of America the two hundred and thirty-sixth.

WHEREAS, under N.C.G.S. §§ 166A-4 and 166A-6.03(b), the Governor may declare that the health, safety, or economic well-being of persons or property in this State require that the maximum hours of service for drivers prescribed by N.C.G.S. § 20-381 should be waived for persons transporting essential fuels, food, water, medical supplies, and restoration of utility services; and

WHEREAS, on August 25, 2011, I also issued Executive Order No. 104 suspending certain motor vehicle regulations on certain weight and size restrictions related to vehicles removing debris; and

WHEREAS, as a result of the severe weather, many of our citizens have accumulated vegetative and other debris on their property; and

WHEREAS, it is necessary to issue this Executive Order to ensure that our citizens get the assistance they need to remove and dispose of debris without delay.

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, **IT IS ORDERED:**

To facilitate the removal and disposal of debris on citizens' property caused by the severe weather that began on August 26, 2011, I hereby direct the Department of Transportation, in conjunction with the Department of Environment and Natural Resources, the Department of Agriculture and Consumer Services, the Department of Correction, and local county officials, to assist citizens in piling debris for removal.

Section 2. Appropriate Removal and Disposal of Debris

For purposes of Section 1, citizens should move debris to the edge of their property to facilitate removal. I hereby direct the Department of Transportation to assist local governments with removal of debris from the right of way on state roads for purposes of disposing of the debris in an approved disposal site. 	GENERAL FUND			
	FY 11-12		FY 12-13	
Recommended Continuation Budget	**$7,923,543,951**		**$7,923,543,951**	
Legislative Changes				
A. Technical Adjustments				
1 ADM Adjustment Fully funds both years of average daily membership (ADM) growth for public schools, providing $55.8 million in FY 2011-12 and $143.1 million in FY 2012-13. This adjustment, which accounts for changes in multiple allotments, has traditionally been included in the continuation budget.	$55,882,651	R	$143,087,414	R
2 Average Salary Adjustment Adjusts several budget lines to account for the decrease in average salaries between FY 2009-10 and FY 2010-11. This adjustment has traditionally been included in the continuation budget.	($21,838,817)	R	($22,040,287)	R
B. Other Public School Funding Adjustments				
3 LEA Adjustment Increases the LEA Adjustment reduction. The State Board of Education will distribute this reduction to all LEAs and charter schools on the basis of ADM. LEAs and charters will then be responsible for identifying budget reductions in order to meet their share of the LEA Adjustment. LEAs are expected to utilize federal EduJobs availability to minimize reducing position allotments.	($124,217,542)	R	($198,293,574)	R
4 Class Size Reduction in Grades 1-3 Adds funding for 1,124 additional teaching positions in FY 2011-12 and 1,144 additional teaching positions in FY 2012-13 to reduce the classroom teacher allotment ratios for grades 1-3 from 1 teacher per 18 students to 1 teacher per 17 students in both years of the biennium. A related provision, Section 7.1B, expresses the intent of the General Assembly to add additional teachers as funds become available with a goal of reducing the teacher allotment ratio in grades 1-3 to 1 teacher for every 15 students.	$61,697,942	R	$62,767,803	R
5 Education Reform Studies Provides nonrecurring funding for studies of third grade literacy programs and ways to reduce the need for remedial or developmental education in the State's higher education institutions. Funding will be available to hire an outside consultant to examine these topics.	$200,000	NR		

	FY 11-12		FY 12-13	
6 Testing Eliminates funding for four End of Course tests eliminated by S.L. 2011-8 and not required by federal law. Those tests are United States History, Civics and Economics, Algebra II, and Physical Science. The remaining testing funds are then reduced a further 10%, leaving $8.8 million available for testing in each year of the biennium.	($2,725,029)	R	($2,729,677)	R
7 Dropout Prevention Grants Eliminates funding for the Dropout Prevention Grant program.	($13,290,683)	R	($13,290,683)	R
8 Student Diagnostics Eliminates funding for the Student Diagnostics pilot program.	($10,000,000)	R	($10,000,000)	R
9 Learn & Earn Online Eliminates funding for Learn & Earn Online courses provided through the UNC system.	($4,875,000)	R	($4,875,000)	R

($59,497,471)	R	($60,054,792)	R
11 Textbooks	($13,000,000)	R	($13,000,000)	R

	FY 11-12		FY 12-13	
15 School Building Administration Position Conversion Reduces funding for this allotment based on a modification of the allowable conversion of assistant principal and principal months of employment. Currently, LEAs are allowed to "cash-out" their allotted SBA months of employment at the State-average salary and benefits, and then use the money for other purposes. This section would continue to allow conversions, but only at the equivalent amount for a beginning Principal III for converted principal positions, and the equivalent amount for a beginning assistant principal for cashed-out assistant principal positions. Structured Sentencing misdemeanants with sentences longer than six months and Driving While Impaired misdemeanants will remain in the custody of the State. This change is part of the Justice Reinvestment Act reforms. The fee section of the budget proposes increasing the following court costs to offset the costs of housing misdemeanants: the District Criminal Court Facility court cost, which will generate an estimated $19 million; and the Service of Civil Process court cost, which will generate an estimated $3.3 million. In addition, the fee section establishes a new court cost for Improper Equipment dispositions, which will generate an estimated $12 million, and increases the daily jail fee and jail inmate medical co-pay. It is unknown how much the daily jail fee and co-pay increase will generate. These court cost increases are contingent upon passage of legislation increasing the number of days misdemeanants are housed in county jails.

	GENERAL FUND			
	FY 11-12		FY 12-13	
Recommended Continuation Budget	**$7,923,543,951**		**$7,923,543,951**	
Legislative Changes				
A. Technical Adjustments				
1 ADM Adjustment Fully funds both years of average daily membership (ADM) growth for public schools, providing $55.8 million in FY 2011-12 and $143.1 million in FY 2012-13. This adjustment, which accounts for changes in multiple allotments, has traditionally been included in the continuation budget.	$55,882,651	R	$143,087,414	R
2 Average Salary Adjustment Adjusts several budget lines to account for the decrease in average salaries between FY 2009-10 and FY 2010-11. This adjustment has traditionally been included in the continuation budget.	($21,838,817)	R	($22,040,287)	R
B. Other Public School Funding Adjustments				
3 LEA Adjustment Increases the LEA Adjustment reduction. The State Board of Education will distribute this reduction to all LEAs and charter schools on the basis of ADM. LEAs and charters will then be responsible for identifying budget reductions in order to meet their share of the LEA Adjustment. LEAs are expected to utilize federal EduJobs availability to minimize reducing position allotments.	($124,217,542)	R	($198,293,574)	R
4 Class Size Reduction in Grades 1-3 Adds funding for 1,124 additional teaching positions in FY 2011-12 and 1,144 additional teaching positions in FY 2012-13 to reduce the classroom teacher allotment ratios for grades 1-3 from 1 teacher per 18 students to 1 teacher per 17 students in both years of the biennium. A related provision, Section 7.1B, expresses the intent of the General Assembly to add additional teachers as funds become available with a goal of reducing the teacher allotment ratio in grades 1-3 to 1 teacher for every 15 students.	$61,697,942	R	$62,767,803	R
5 Education Reform Studies Provides nonrecurring funding for studies of third grade literacy programs and ways to reduce the need for remedial or developmental education in the State's higher education institutions. Funding will be available to hire an outside consultant to examine these topics.	$200,000	NR
