§ 104E-12. Records.

(a) The Commission is authorized to require each person who possesses or uses a source of radiation:

(1) To maintain appropriate records relating to its receipt, storage, use, transfer, or disposal and maintain such other records as the Commission may require, subject to such exemptions as may be provided by the rules and regulations promulgated by the Commission; and

(2) To maintain appropriate records showing the radiation exposure of all individuals for whom personnel monitoring may be required by the Commission, subject to such exemptions as may be provided by the rules and regulations promulgated by the Commission.

Copies of all records required to be kept by this subsection shall be submitted to the Department or its duly authorized agents upon request.

(b) The Commission is authorized to require that any person possessing or using a source of radiation furnish to each employee for whom personnel monitoring is required a copy of such employee's personal exposure record upon the request of such employee, at any time such employee has received radiation exposure in excess of limits established in the rules and regulations promulgated by the Commission, and upon termination of employment.
