(d) Each Community Care network organization designated by the Department of Health and Human Services as responsible for coordinating the health care of individuals eligible for medical assistance in a county is hereby deemed to be a public agency that is a local unit of government for the sole and limited purpose of all grants-in-aid, public assistance grant programs, and other funding programs.

(e) When any federally recognized Native American tribe within the State assumes responsibility for any social services, Medicaid and NC Health Choice healthcare benefit programs, and ancillary services, including Medicaid administrative and service functions, that are otherwise the responsibility of a county under State law, then, notwithstanding any other provision of law, the county shall be relieved of the legal responsibility related to the tribe's assumption of those services. With respect to a tribe's assumption of any responsibilities for administration of any aspects of the NC Medicaid program, NC Health Choice, and the Supplemental Nutrition Assistance Program (SNAP), the State and the tribe shall execute an agreement to set forth the general terms, definitions, and conditions by which the parties shall operate. The agreement shall also include requirements and procedures regarding the allocation of all federal and other funds for all programs to be administered by the tribe. Upon the execution of the agreement, to allow the tribe to assume certain duties and responsibilities for the administration of the NC Medicaid program, NC Health Choice, and SNAP, the agreement between the State and the tribe shall require the tribe to accept the oversight authority of the State and the Department of Health and Human Services (Department) in the administration and supervision of these programs. In addition to the other necessary terms and conditions, the agreement shall include the following conditions:

- (2) As the Department is the federally recognized single State agency for the NC Medicaid program, NC Health Choice, and SNAP, provisions stating the Department retains ultimate administrative discretion in the administration

interpretation of all applicable policies, rules, and regulations regarding application processing, eligibility determinations and redeterminations, and other functions related to the eligibility process.

- (3) Provisions by the tribe to ensure that individuals who will be responsible for the tribe's duties and responsibilities under this agreement shall be employed under standards equivalent to current standards for a Merit System of Personnel Administration or any standards later prescribed by the Office of Personnel Management under section 208 of the Intergovernmental Personnel Act of 1970, unless an exemption is obtained from the federal government. The tribe shall also provide the Department with information to verify the unemployment standards included under this condition.
- (4) Requirements and procedures for allocating to the tribe in a timely manner all federal funds, nonfederal matching funds, and State funds for State programs previously borne by the State. However, requirements and procedures for allocating funds pursuant to this subdivision shall not include any funding the tribe receives directly from federal agencies.
- (5) The Department shall, when possible and as allowed by the federal government, adopt funding flexibility for Indian Health Services when such flexibility furthers goals addressing health disparities among American Indians.
