

§ 113-170.4. Rules as to possession, transportation, and disposition of fisheries resources.

The Commission may adopt rules governing possession, transportation, and disposition of fisheries resources by all persons, including those not subject to fish dealer licensing requirements, in order that inspectors may adequately distinguish regulated coastal fisheries resources from those not so regulated and enforce the provisions of this Article equitably and efficiently. These rules may include requirements as to giving notice, filing declarations, securing permits, marking packages, and the like. (1997-400, s. 5.1; 2001-213, s. 2.)
