

§ 120-4.27. Death benefit.

The designated beneficiary of a member who dies while in service after completing one year of creditable service shall receive a lump-sum payment of an amount equal to the deceased member's highest annual salary, to a maximum of fifteen thousand dollars (\$15,000). For purposes of this death benefit "in service" means currently serving as a member of the North Carolina General Assembly. "In service" also means service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, if that service begins during the member's term of office. If the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to be separated or released from his or her involuntary military service.

The death benefit provided by this section shall be designated a group life insurance benefit payable under an employee welfare benefit plan that is separate and apart from the Retirement System but under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Board of Trustees is authorized to provide the death benefit in the form of group life insurance either by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in the State of North Carolina for the purpose of insuring the lives of qualified members in service, or by establishing or affiliating with a separate trust fund.
