§ 143-151.74. Exemptions from applicability.

(a) Wind energy facilities and wind energy facility expansions, as those terms are defined in Chapter 143 of the General Statutes, that are subject to the applicable permit requirements of that Chapter shall be exempt from obtaining the endorsement required by this Article.

(b) Cellular, radio, and television towers erected to temporarily replace cellular, radio, and television towers that are damaged or destroyed due to a natural disaster shall be exempt from obtaining the endorsement required by this Article provided all of the following conditions are met:

1. The height of the cellular, radio, or television tower that is erected to temporarily replace the cellular, radio, or television tower that is damaged or destroyed does not exceed the height of the original cellular, radio, or television tower.
2. A disaster has been declared pursuant to Chapter 166A of the General Statutes for the area in which the damaged or destroyed cellular, radio, or television tower is located.
3. The temporary cellular, radio, or television tower shall only remain in place until the expiration of the declared disaster.

(c) The modification, replacement, removal, or addition of antennas on cellular, radio, or television towers in an area surrounding a major military installation shall be exempt from obtaining the endorsement required by this Article provided the modification, replacement, removal, or addition does not increase the vertical height of the structure.
