SL 2025-93 (H307)

S.L. 2025-93 (House Bill 307) enacts "Iryna's Law" and makes changes to various criminal and court procedures.

Pretrial Release

The act makes several changes to the pretrial release laws as follows:

- Requires law enforcement to share any relevant behaviors of a defendant the officer has observed with a judicial official determining conditions of pretrial release.
- Creates a new definition of "violent offense" and provides additional requirements for pretrial release of defendants charged with a violent offense or who have a significant criminal history.
- Provides a new procedure to address defendants with mental health concerns. If a defendant is: (i) charged with a violent offense and court records indicate that the defendant has been involuntarily committed within the prior three years, or (ii) charged with any offense and the judicial official has reasonable grounds to believe the defendant is a danger to themselves or others, the judicial official shall enter an order including all the following:
 - Require the defendant to receive an initial examination by a commitment examiner.
 - Require the arresting officer to transport the defendant to a hospital emergency room or other crisis facility with certified commitment examiners for the initial examination.
 - Require the commitment examiner to either (i) petition for involuntary commitment, or (ii) provide written notice to the judicial official that there are no grounds to file a petition for involuntary commitment.
 - Provide that, except as provided below, if a petition for involuntary commitment is filed, the custody of the defendant is determined by that process during the pendency of the petition, any hearings, or involuntary commitment orders issued.
 - Provide that if a defendant has not met all other conditions of pretrial release, if no involuntary commitment petition is filed, no involuntary commitment custody order is issued, or at any time the involuntary commitment provisions would otherwise release the defendant, the defendant must be held in the local confinement facility in the county where pretrial release conditions were set until all conditions of pretrial release are met by the defendant.
- Creates a rebuttable presumption that no condition of release will reasonably assure the appearance of a defendant and the safety of the community if the defendant is charged with a violent offense, and requires that if conditions of pretrial release are set, a secured bond, and in some instances house arrest, must be ordered. Judicial districts that do not currently have house arrest available are directed to enter into a Memorandum of Agreement with a vendor to provide this service.

- Provides that if a defendant has been convicted of 3 or more offenses (Class 1 misdemeanor or higher) within the prior 10 years, a judicial official may only release the defendant under the conditions of a secured bond, or with house arrest with electronic monitoring.
- Directs judicial officials to make written findings of fact in all cases where pretrial release is authorized for defendants subject to these new pretrial release conditions.
- Removes a written promise to appear from the options for pretrial release conditions.

These provisions become effective December 1, 2025, and apply to persons appearing before a judicial official for the determination of pretrial release conditions on or after that date.

Aggravating Factor

The act provides that the commission of the offense by the defendant while the victim was using a public transportation system is an aggravating factor to be considered in felony sentencing and capital sentencing.

These provisions become effective December 1, 2025, and apply to offenses committed on or after that date.

Modify Suspension of Magistrates

The act makes changes to rules governing magistrates as follows:

- Requires that rules of conduct for magistrates include rules regarding conflicts of interest.
- Authorizes the Chief Justice to suspend a magistrate.

- The intersection of mental health in the justice system for both adults and juveniles in North Carolina.

Additionally, the North Carolina Collaboratory is authorized to reallocate up to \$1,000,000 of funds previously appropriated to the Collaboratory to conduct the studies required.

Prohibit the Task Force for Racial Equity in Criminal Justice

The act provides that the Task Force for Racial Equity in Criminal Justice, created by the Governor's Executive Order No. 145, and extended by Executive Order No. 273, which has expired, may not be recreated except by act of the General Assembly.

Modify Death Penalty Proceedings

The act modifies the timing and venue of proceedings in death penalty cases as follows:

- Requires automatic review by the North Carolina Supreme Court and any post-conviction motions for appropriate relief be heard within 24 months of filing or entry of judgment. Any extension beyond that time must include a written finding of extraordinary circumstances that provide good cause for the extension of time. These provisions apply: (i) to motions filed and judgments entered on or after December 1, 2025, and (ii) to motions filed or judgments entered prior to, and any motions pending on, December 1, 2025, except that any motion filed or judgment entered more than 24 months prior to December 1, 2025 shall be heard or reviewed no later than December 1, 2027, and shall be scheduled for hearing or review no later than December 1, 2026.
- Modifies the venue for post-conviction proceedings in capital cases to provide that any filing, claim, or proceeding related to the conviction, sentencing, treatment, housing, or execution of a defendant that has been convicted of a capital offense and sentenced to death is in the county of conviction. This provision applies to any filings made and any proceedings or hearings held on or after December 1, 2025.

The act also provides that lethal injection is the default method of execution in North Carolina; however, it allows for the use of other methods of execution if lethal injection is found to be unconstitutional or is not available for another reason. Upon such an event, the Secretary of the Department of Adult Correction is required to select another method of execution that has been adopted by another state that has not been declared unconstitutional by the United States Supreme Court. All challenges to a method of execution that have been declared unconstitutional are subject to direct appeal to the North Carolina Supreme Court. These provisions are effective when they become law.

Modify the Procedures for Involuntary Commitment of a Defendant Found Incapable of Proceeding

The act modifies laws governing the custody of a person found incapable of proceeding in a criminal trial and their underlying charges as follows:

- Authorizes the district attorney to make a motion prior to the dismissal of criminal charges for the court to determine whether the defendant should be evaluated pursuant to Chapter 122C of the General Statutes for involuntary commitment.
- Provides that criminal charges dismissed due to incapacity to proceed are not expunged by operation of law.
- Requires notice to additional parties for actions regarding a defendant found incapable to proceed as follows:

- Requires the clerk to provide notice of any inpatient commitment hearing for a defendant found incapable to proceed to the chief district judge and the district attorney in the county in which the defendant was found incapable of proceeding if the defendant's custody order indicates that the defendant was charged with a violent crime.
- Requires a facility to notify the district attorney in the county in which the defendant was found incapable of proceeding before the defendant is discharged or conditionally released.
- Provides that if the district attorney elects to represent the State's interest in either of these matters, upon motion of the district attorney, the venue for the hearings, rehearings, and supplemental rehearings is the county in which the respondent was found incapable of proceeding.

These provisions become effective December 1, 2025, and apply to dismissals and proceedings occurring or commitment proceedings initiated on or after that date.

Extend Terms of Probation and Post-Release Supervision for Certain Juvenile Offenders and Clarify Victim's Notification Rights

The act makes the following changes to probation and post-release supervision of a juvenile adjudicated delinquent:

- Authorizes an additional 1 year extension of probation, not to exceed a total of 3 years, for a juvenile adjudicated of an offense that would be a Class A, B1, or B2 felony if committed by an adult.
- Requires the term of post-release supervision be 3 years for a juvenile adjudicated of an offense that would be a Class A, B1, B2, or C felony if committed by an adult.
- Requires notification to any victim that has requested notification, and an opportunity to be heard, for any termination of probation or post-release supervision for a juvenile.

These provisions become effective December 1, 2025, and apply to offenses committed on or after that date.

Additional Assistant District Attorneys and Legal Assistants in Mecklenburg County

The act appropriates funds for 10 additional full-time assistant district attorneys and 5 full-time legal assistants in Mecklenburg County beginning fiscal year 2025-2026.

This provision became effective retroactively to July 1, 2025.

an involuntary commitment order within the previous 5 years, the respondent may not be released from the 24-hour facility until one of the following occur:

- The court orders the respondent's release following the district court hearing.

This provision becomes effective December 1, 2027, and applies to custody orders issued on or after that date.

Except as otherwise provided above, this act became effective October 3, 2025.

Expedited Removal of Unauthorized Persons.

Ratified (H96)

House Bill 96 would have created an expedited removal process for the removal of an unauthorized person from residential property and created a new statute providing State uniformity for the operation of licensed pet shops.

Section 1

Section 1 would have added a new Article 22D to Chapter 14 of the General Statutes, under which a property owner or an authorized representative of the property owner may initiate an expedited removal proceeding for the removal of an unauthorized person unlawfully occupying residential property if all the following conditions are met:

1. The requesting party is the property owner or the authorized agent of the property owner.
2. The property that is being unlawfully occupied is residential property or property used in connection with or appurtenant to residential property.
3. An unauthorized person has entered the property after the property owner acquired the property and is remaining or residing unlawfully on the residential property of the property owner.
4. The property was not offered or intended as an accommodation for the general public at the time the unauthorized person entered.
5. The property owner or the authorized representative of the property owner has directed the unauthorized person to leave the residential property.
6. The unauthorized person is not a tenant of the property being unlawfully occupied.
7. The unauthorized person is not an owner of the property being unlawfully occupied.
8. There is no pending litigation between the property owner and the unauthorized person related to the residential property.
9. No other valid rental agreement or contract for deed has been entered into or formed by the property owner or a former property owner and the unauthorized person permitting the unauthorized person to occupy the residential property.

(10) No rent or other form of payment has ever been demanded of or paid by the unauthorized person to the property owner or to an authorized representative of the property owner in connection with the occupancy of the residential property.

The term "unauthorized person" would have meant a person who has no legal claim to the property and who is not entitled to occupy it under a valid rental agreement or otherwise. It would not have included a tenant holding over after the lease term has expired.

In terms of procedure, the following would have occurred: Filing of a complaint and issuance of a summons in the county where the property is located. ? The summons and complaint are provided to the sheriff. ? The summons and complaint are served on the unauthorized person by the sheriff within 24 hours of the sheriff receiving the documents. ? The sheriff promptly files a return. ? A hearing is held before a magistrate as soon as practicable, but no more than 48 hours after service. ? If the court finds for the property owner, the court immediately enters a written order granting the property owner possession of the property and stating the time the unauthorized person must vacate the property – which cannot be more than 4 hours after the order is served on the unauthorized person.

All parties would have had the right to appeal an order entered by a magistrate to the district court for a trial de novo.

If the court entered an order of removal and an unauthorized person failed to remove personal property from the residential property within the time allowed by the order, the property owner or authorized representative of the property owner would have been permitted to remove the personal property from the premises to or near the property line. The failure of an unauthorized person to vacate a residential property in accordance with a court order would have been a criminal trespass.

Law enforcement agencies, law enforcement officers, and magistrates would have been granted immunity for any acts or omissions related to the expedited removal process, provided the parties acted in good faith and did not act with gross negligence, willful or wanton misconduct, or intentional wrongdoing. The property owner or authorized representative would have been granted immunity for any damages related to the expedited removal process unless the removal was wrongful.

A person harmed by a wrongful removal would have been entitled to bring a civil action against the property owner or authorized representative seeking to recover possession of the property and would have been able to recover from the property owner or authorized representative damages limited to actual damages as in an action for trespass or conversion.

Section 2

Section 2 would have directed the Administrative Office of the Courts, in consultation with the North Carolina Sheriff's Association and the North Carolina Association of Chiefs of Police, to develop the affidavit form to implement the expedited removal process discussed above by September 30, 2025.

Section 3

Section 3 would have created a new statute, G.S. 19A-27.5, to provide for State uniformity for operation of pet shops. Specifically, this new law would have provided that no local government or other political subdivision of the State may enact, maintain, or enforce any ordinance, resolution, or other enactment that does either of the following:

- Prohibits or restricts the sale of animals by a licensed pet shop.
- Imposes additional licensing, operational, or regulatory requirements on pet shops beyond those established by State law.

House Bill 96 was ratified by the General Assembly on June 30, 2025, and vetoed by the Governor on July 9, 2025. Subsequent to the Governor's veto of House Bill 96, the General Assembly enacted and the Governor signed Senate Bill 55, which included language similar to the sections of this bill addressing expedited removal of unauthorized persons.

Freedom to Carry NC.

Ratified (S50)

Senate Bill 50 would have made the following changes to the firearms laws of North Carolina:

- Created a new Article 54C in the General Statutes, which would have authorized the concealed carry of a handgun by any U.S. citizen, who is at least 18 years old, and who is not otherwise disqualified by law because of a disqualifying criminal conviction or otherwise. The list of disqualifying criteria would have mirrored the criteria contained in G.S. 14-415.12(b) which would disqualify a person from obtaining a concealed handgun permit.
- Allowed a person to carry a concealed handgun pursuant to Article 54B or Article 54C.
- Continued to authorize the issuance of concealed handgun permits for purposes of reciprocity with other states, efficiency of purchasing a firearm, and various other reasons.
- Eliminated an impaired driving conviction within the prior three years as a disqualifying event to obtaining a concealed handgun permit.
- Amended the current prohibitions against carrying a firearm into an assembly where a fee is charged for admission or an establishment where alcohol is served to only prohibit firearms in those locations if the person is consuming alcohol or has alcohol or a controlled substance remaining in their body.
- Amended several statutes that generally prohibit firearms in certain locations but provide an exception for a person with a concealed handgun permit, to modify the exception to reflect the creation of Article 54C.
- Amended the disqualifying criteria for restoration of firearm rights for a felon to remove a finding of probable cause for a felony from the list of disqualifying criteria. Being under indictment for a felony would have remained a disqualifier.

Section 1.9 of the bill would have increased the public safety employee death benefit to \$150,000.

Section 9.1 would have increased the punishment for assault with a firearm to a Class B1 felony if the assault is committed against one of the following:

- A law enforcement officer
- A probation officer
- A parole officer
- A member of the North Carolina National Guard
- An employee of a detention facility
- An emergency medical technician or other emergency health care provider
- A medical responder
- A firefighter
- A telecommunicator employed by a law enforcement agency.

Sections 15.5 and 15.6 would have amended the offense of possession of a firearm by a felon, which is a Class G felony, to include two new offenses as follows:

- A Class F felony for possession of a firearm by a felon during the commission or attempted commission of a felony under Chapter 14 or Article 5 of Chapter 90.
- A Class C felony for possession of a firearm by a felon when a firearm is discharged during the commission or attempted commission of a felony under Chapter 14 or Article 5 of Chapter 90.

Section 8 of S.L. 2025-71, which creates new offenses regarding possession of a firearm or weapon of mass death and destruction by a felon, is similar to the provisions in Section 15.5 and Section 15.6 of Senate Bill 50. Senate Bill 50 was ratified by the General Assembly on June 12, 2025, and vetoed by the Governor on June 20, 2025.

North Carolina Border Protection Act.

Ratified (S153)

Senate Bill 153 would have made various changes related to enforcement of federal immigration laws within the State.
