SJ Hamill Construction, LLC v. NCDEQ, DMS Feb. 14, 2024		\$625,000.00	Claimant / contractor, SJ Hamill Construction, LLC ("SJH"), asserted claims for extended General Conditions and other additional payments totaling at least \$1,310,009.91 under a construction contract with project owning agency NCDEQ, Division of Mitigation Services. The contract was for the construction of oyster reefs in the Pamlico sound in Hyde County, commonly known as Pamlico Sound Oyster Reef project (SCO ID No. 17-17595-01A; NCDEQ/DMS Porject ID 100029). SJH initiated a claim with the State Construction Office ("SCO") on July 1, 2022, prior to completion of the project. Efforts at informal mediation through SCO following completion of the project were unsuccessful. SJH requested formal mediation, which resulted in settlement of the claim. Settlement was thought to be in the best interest of the State because it was believed SJH would likely be able to prove that NCDEQ/DMS was at least partially liable for the delay claims.

Dr. Singleton, a board certified ophthalmologist who practices in New Bern, alleged that because the CON law prevents him from establishing an ambulatory surgery facility and operating a “formal” surgical program without first obtaining a CON—despite him already owning the necessary equipment and the law allowing him to perform “incidental” surgical procedures without a CON—the law violates Article I, Sections 19, 32, and 34 of the North Carolina Constitution; Defendants' Motion to Dismiss pursuant to Rule 12(b)(6) was granted; the Court of Appeals unanimously affirmed the trial court's granting of Defendants' Motion to Dismiss; the Supreme Court granted certiorari; oral argument scheduled for 04/17/2024.
