SEC. 10. For the purpose of meeting the necessary expenditure by the said city of Asheville for the laying of sewerage and water pipes and making the connections referred to in the next preceding section of this act, the said mayor and board of aldermen are hereby

fully authorized, empowered and directed to issue the bonds of said city, which shall be fully binding upon it to a necessary amount, not exceeding in the aggregate the sum of one hundred thousand dollars, in the denominations of five hundred dollars each, bearing interest from their date at five per cent. per annum, which said interest shall be payable semi-annually and shall be evidenced by coupons attached to each bond in the usual form. Said bonds shall be denominated "Sewer bonds"; they shall be signed by the mayor, countersigned by the clerk, and bear the corporate seal of the said city of Asheville, and they shall mature at the end of twenty years from their said date.

SEC. 11. That the National Bank of Asheville, the First National Bank of Asheville, the Western Carolina Bank of Asheville and the Battery Park Bank of Asheville as corporations, and their successors, shall be and they are hereby appointed trustees, and as such, shall constitute a commission to be known as the "Sinking Fund Commission" for the purposes herein stated, with a several and joint liability for the safe-keeping of said funds and their proper payment. As the said bonds hereinbefore provided for shall be issued by the mayor and board of aldermen, as hereinbefore directed, they shall be delivered to the said "Sinking Fund Commission" above constituted, and by it sold at a price to be designated by the said mayor and board of aldermen, not less than their par value, and that the "Sinking Fund Commission" shall receive the proceeds of such sales and apply them under the direction of the mayor and board of aldermen, and upon the proper warrant issued by them, as herein provided, to the payment of expenses for which each of the several funds are constituted; that is to say, that all funds arising for street improvement purposes and from the sale of "street improvement bonds" shall be applied only to such purposes, and all funds arising from sewerage and water purposes, or from the sale of the sewerage bonds, shall be applied only to such purposes; each of said funds shall be considered and kept separately, and no payment shall be made by the said "Sinking Fund Commission" out of either of said funds except upon proper warrants issued by the mayor and board of aldermen, as required by the charter of said city for other expenditure of its revenues. And each of which warrants shall state the fund out of which it is to be paid and its purposes, and no part of either of said funds shall be applied to any other purpose except that for which it is created under the provisions of this act. The "Sinking Fund Commission" above constituted shall also receive the proceeds of all liens created by virtue of this act upon any of the land for street improvement, sewerage or water purposes. If any such fund shall be collected by the city marshal as hereinbefore provided for, it shall be at once paid over to the said "Sinking Fund Commission." Whenever payments made to the "Sinking Fund Commission" upon any of the sources herein created (street improvement fund and the sewerage [and] water fund being considered separately, as aforesaid) shall amount to as much as ten thousand dollars, then the said commission shall from said date become liable and responsible to the city of Asheville, not only for such money so received but also for five per centum interest thereon from the several dates at which any such sum shall amount to ten thousand dollars, each of said funds being considered separately as aforesaid; that is to say, each installment of ten thousand dollars received by said commission upon either fund shall bear interest as aforesaid from the date at which each said installment of ten thousand dollars is reached. If the holders of any of such bonds shall consent the same may be redeemed at any time out of said fund, in which case interest shall be paid only to the date of such redemption. Out of the said sum not so applied in redeeming bonds before maturity, the said commissioners shall first pay as it becomes due the interest upon said bonds, and all of said funds not used for said purposes shall be by said commission re-invested in interest-bearing securities, to become due not later than the maturity of said bonds, and all such investments shall be by such commission collected and applied to the payment of said bonds and the interest thereon as they respectively become due as aforesaid. (3). The school shall be called a university, in that it shall offer the best facilities in reach for thorough culture and a high standard of graduation, and also an ever-widening scheme of courses taught, all to be presented in such relations and combinations as may be seen wisest.

(4). The board of regents shall exercise the usual powers of such bodies, and employ executive agencies and enact such by-laws as may seem to them necessary for the furtherance of their work, and shall secure a charter of incorporation in the state where they shall locate the institution.

(5). This board shall proceed at their own discretion to secure a plant for the university, and endowments both temporary and permanent. They shall locate, organize and develop the institution as

Immediately after the jury shall have taken the oath as above prescribed, they shall proceed, accompanied by the officer, to view the land of each person mentioned in the writ, and the land of any other person in the immediate vicinity of [the] proposed improvement which they may consider to be directly affected thereby. And they shall assess the damages, if any, specifying the amount to which each and every one of the premises which they shall have viewed shall be entitled, and the jury shall at the same time take into consideration any special benefit, advantage or enhanced value which in their judgment may have received by reason of said proposed improvement, and shall state the amount of such special benefit, advantage or enhanced value of each and every one of the owners of said premises. The jury shall forthwith return to the mayor in writing a statement, to be signed by each of them, or of a majority of them in case they cannot agree, setting forth distinctly a full report of their proceedings and stating the amount of damage or advantage which they shall have assessed to each person: *Provided*, that in case the jury shall be evenly divided and therefore unable to agree on the whole or on part of said report, they shall state that fact, setting out such parts as a majority of them have agreed on, and also the names of the persons as [to] the damage or disadvantage of whom they are evenly divided; and thereupon the mayor shall order the officer to summon at once a new jury of six freeholders to take into consideration that part of the report of the first jury on which they were not able to agree, and shall continue this course until an agreement is arrived at, and, if necessary, the mayor is authorized to extend the meeting of the jury from day to day to accomplish the objects of this section. As soon as practicable after receiving the report of the jury the may[or] shall call a meeting of the board of aldermen and submit the report to them, and if the aldermen shall conclude that the damages assessed by the jury are excessive they may decline to pay the same and discontinue the proposed improvement. If the jury shall find that the proposed improvement will enhance the value of real estate adjacent thereto the amount of such valuation of benefit shall vest in the city and become [a] lien on the premises mentioned in report of the jury, and shall be due to the city on the completion of the proposed work and payable in three equal annual installments, and if not paid at maturity the lot so assessed, or so much thereof as may be necessary to pay said installments and costs, shall be sold by the tax-collector to pay the same under the same rules, regulations and restrictions, rights of redemption and savings as are prescribed in this charter for the sale of unpaid taxes: *Provided, nevertheless*, that if any per-

The appellate court, in either case, shall have power to increase or diminish the amount of damages or enhanced valuation which has been assessed, but shall in nowise adjudicate the necessity of the improvement, and the questions of damages or benefits shall be submitted to a jury under the direction of the judge, to be assessed by the jury under the ordinary rules of action for damages: *Provided, however*, that such appeal shall in nowise hinder or delay the aldermen in making the proposed improvements, but it shall be lawful for them or their agent to enter upon and use the property so condemned as soon as the same has been condemned by order of the board. That when any land, water or water-courses, or right-of-way, either within or without the corporate limits of the city of Winston, shall, in the opinion of the aldermen, be required for the purpose of erecting or establishing reservoirs, laying conduit, main or supply-pipes or sewer-pipes, or obtaining a supply of water for the use of said city or the citizens thereof, or for any other purposes connected with the successful operation of water-works or sewers in said city, and the owners of such property cannot agree with the aldermen as to the price therefor, the proceedings for condemnation shall be the same as is prescribed in foregoing section for condemnation of land for streets. And for the purpose of successfully operating water-works or sewer-pipes contemplated by this section, the aldermen of the city of Winston are fully authorized to extend the lines of water-works or sewer-pipes beyond the city limits in any direction thought most advisable, with all the rights and privileges belonging to said aldermen within the city limits in addition to the authority herein granted: *Provided, however*, that in case of discontinuance of the use of the land either for the purposes mentioned in this or the preceding section, and on its reverting to the owners, the city shall have the right to remove any property or improvement under its authority erected thereon: *Provided further*, that the owner or owners of land, right-of-way, water or water-courses required for the purposes mentioned, shall have at least twenty days' written notice, under the seal of the mayor's office, of the time and place of meeting and of the purposes of the jury.
