To be eligible for this credit, the interest in real property must be donated to and accepted by either the State, local government or a body that is both organized to receive and administer lands for conservation purposes and is qualified to receive charitable contributions pursuant to G.S. 105-130.9; provided, however, that lands required to be dedicated pursuant to local governmental regulation or ordinance and dedications made to increase building density levels permitted under such regulations or ordinances shall not be eligible for this credit. The credit allowed under this section may not exceed ~~five thousand dollars (\$5,000)~~ twenty-five thousand dollars (\$25,000). 6 (c) Any unused portion of this credit may be carried forward for the next
7 succeeding five years.

8 (d) The fair market value, or any portion thereof, of a qualifying donation that is
9 not eligible for a credit pursuant to this section may be considered as a charitable
