Sec. 2. G.S. 106-568.22 reads as rewritten:

"§ 106-568.22. Effect of two-thirds vote for assessment in referendum.

1 If in such referendum two-thirds or more of the eligible tobacco farmers voting

3 assessment to be determined by the board of directors of Tobacco Associates,
4 Incorporated, but in an amount of not more than ~~two dollars (\$2.00)~~ five dollars (\$5.00)

12 an amount in each of said years as determined by or to be determined by the board of
13 directors of Tobacco Associates, Incorporated but not more than ~~two dollars (\$2.00)~~ five

29 **"§ 106-568.34. Alternate method for levy of assessment.**

30 At any time when it may be found by the Board of Directors of Tobacco Associates,

33 Board of Directors of Tobacco Associates, by an affirmative vote of not less than two
34 thirds of its members (which vote shall include the affirmative vote of not less than two
35 thirds of the board members who were elected by North Carolina farm organizations),
36 may use a 'tobacco poundage' unit as the basis for the authorization or making or
37 collecting an assessment. No alternative assessment for any year after ~~1979-1988~~ shall
38 exceed ~~ten cents (10¢) per 100 pounds~~ one-fourth cent (1/4¢) per pound of the flue-cured
39 tobacco marketed by each farmer. The amount of any alternate assessment, based upon
40 a 'tobacco poundage' unit as permitted by the provisions of this section shall not be
41 related to or limited by the amount of the assessment which could be authorized, made
42 or collected if it were based upon a 'per-acre' unit."

43 Sec. 6. G.S. 106-568.36 reads as rewritten:

44 **"§ 106-568.36. Maximum levy after ~~1979-~~1988.**

4 Directors of Tobacco Associates pursuant to the provisions of this Article, is ~~two dollars~~
5 ~~(\$2.00)~~ five dollars (\$5.00) per acre per year on all flue-cured tobacco acreage in the
6 State, or, under the alternate method for levy of assessment set out in G.S. 106-568.34,
7 ~~ten cents (10¢) per 100 pounds~~ one-fourth cent (1/4¢) per pound of the flue-cured tobacco
8 marketed by each farmer."
