the fiscal year;

- 1 (3) Any one-time revenues in the prior calendar year shall not be included in the estimates; and
 - (4) If the budget proposes any revenue increases due to increases in taxes or fees to be enacted, or new taxes or fees to be enacted, an estimate of collections of such increased or new taxes or fees may be made, but the revenue estimate for that fiscal year may not exceed seventy-five percent (75%) of those estimated collections.
 - (b) In enacting the budget for a fiscal year, the General Assembly shall use as the revenue estimate no more than the total State funds received for the calendar year ending December 31 immediately prior to the fiscal year, with the following changes only:
 - (1) If any revenue decreases were effective for only part of that calendar year, an annualized total of the impact of such decreases;
 - (2) If the budget proposes or assumes any revenue reductions to be effective during the fiscal year, the total estimated amount of such reductions during the fiscal year;
 - (3) Any one-time revenues in the prior calendar year shall not be included in the estimates; and

 - (c) If the budget estimates any reversions at the end of the fiscal year ending immediately prior to the beginning of the fiscal year covered by the budget, those reversions may be proposed only for capital projects, or other projects with a fiscal impact only in that fiscal year.
 - (d) Revenue from borrowings in the prior calendar year shall not be included in the estimates, unless expenditure of the funds is proposed during the fiscal year covered by the proposed budget. Proposed revenue from borrowing in the proposed budget shall only be included to the extent that appropriations against such borrowings are budgeted.
 - (e) If the General Assembly appropriates any credit balance in the State treasury due to reversions at the end of the fiscal year ending immediately prior to the beginning of the fiscal year covered by the budget, those reversions may be appropriated only for capital projects, or other projects with a fiscal impact only in that fiscal year.
 - (f) The purpose of this section is to provide an estimate to be used in the budget process, so that enactment of the budget need not wait until the end of the fiscal year. This will enable shortening of the legislative session, as well as allowing State agencies and local governments adequate time to implement the adopted budget.
