11 ---REVENUE ESTIMATES/ANNUAL BUDGET

12 Section 1. The Executive Budget Act, Article 1 of Chapter 143 of the

14 **"§ 143-2.1. Growth in General Fund expenditures limited.**

15 (a) The General Fund revenue amount used in the recommended budget of the  
16 Governor and the budget enacted by the General Assembly shall not exceed a  
17 percentage increase in operating expenditures paid out of the General Fund which  
18 exceeds the growth in State personal income for the most recent 12-month period for  
19 which State personal income data has been compiled by the Bureau of Economic  
20 Analysis of the United States Department of Commerce, with the following changes  
21 only:

- 22 (1) If any revenue decreases were effective for only part of that calendar  
23 year, an annualized total of the impact of such decreases;

- 1           (2) If there are any revenue reductions to be effective during the fiscal  
2 year, the total estimated amount of such reductions during the fiscal  
3 year;  
4           (3) Any one-time revenues in the prior calendar year shall not be included  
5 in the estimates; and  
6           (4) If the budget proposes or assumes any revenue increases due to  
7 increases in taxes or fees to be enacted, or new taxes or fees to be  
8 enacted, an estimate of collections of such increased or new taxes or  
9 fees may be made.

10       (b) If the budget estimates any reversions at the end of the fiscal year ending  
11 immediately prior to the beginning of the fiscal year covered by the budget, those  
12 reversions not proposed for appropriation to the Permanent Rainy-Day Fund may be  
13 proposed only for capital projects, or other projects with a fiscal impact only in that  
14 fiscal year. The remainder shall be expended only as provided in G.S. 143-2.2.

15       (c) Revenue from borrowings in the prior calendar year shall not be included in  
16 the estimates, unless expenditure of the funds is proposed during the fiscal year covered

19       (d) If the General Assembly appropriates any credit balance in the State treasury  
20 due to reversions at the end of the fiscal year ending immediately prior to the beginning  
21 of the fiscal year covered by the budget, those reversions not appropriated to the  
22 Permanent Rainy-Day Fund may be appropriated only for capital projects, or other

33 funds shall be added until the amount drops below that level.

34       (c) If the Director of the Budget determines:

35           (1) Pursuant to the provisions of G.S. 143-25 that the aggregate revenues

37 of the appropriations for that fiscal year in full; or

38           (2) Pursuant to the provisions of Article III, Section 5(3) of the
