The Rate Schedule for Overdrawn Accounts Beginning with the Calendar Year 1966 in force in any particular calendar year shall apply to all accounts for that calendar year subsequent replacement enactments notwithstanding.

f. The computation date for all contribution rates shall be August 1 of the calendar year preceding the calendar year with respect to which such rates are effective.

g. Any employer may at any time make a voluntary contribution, additional to the contributions required under this Chapter, to the fund to be credited to his account, and such voluntary contributions when made shall for all intents and purposes be deemed 'contributions required' as said term is used in G.S. 96-8(8). Any voluntary contributions so made by an employer within 30 days after the date of mailing by the Commission pursuant to G.S. 96-9(c)(3) herein, of notification of contribution rate contained in cumulative account statement and computation of rate, shall be credited to his account as of the previous July 31. Provided, however, any voluntary contribution made as provided herein after July 31 of any year shall not be considered a part of the balance of the unemployment insurance fund for the purposes of G.S. 96-9(b)(3) until the following July 31. The Commission in accepting a voluntary contribution shall not be bound by any condition stipulated in or made a part of such voluntary contribution by any employer.

h. If, within the calendar month in which the computation date occurs, the Commission finds that any employing unit has failed to file any report required in connection therewith or has filed a report which the Commission finds incorrect or insufficient, the Commission shall make an estimate of the information required from such employing unit on the basis of the best evidence reasonably available to it at the time and shall notify the employing unit thereof by registered mail addressed to its last known address. Unless such employing unit shall file the report or a corrected or sufficient report, as the case may be, within 15 days after the mailing of such notice, the Commission shall compute such employing unit's rate of contributions on the basis of such estimates, and the rate as so determined shall be

1 subject to increases but not to reduction, on the basis of  
2 subsequently ascertained information.

3 i. Repealed by Session Laws 1987, c. 17, s. 5.

4 j. A tax is imposed upon contributions at the rate of twenty  
5 percent (20%) of the amount of contributions due. The tax is  
6 due and payable at the time and in the same manner as the  
7 contributions. The tax does not apply in a calendar year if, as of  
8 August 1 of the preceding year, the amount in the Reserve Fund  
9 equals or exceeds one hundred sixty-three million three hundred  
10 forty-nine thousand dollars (\$163,349,000), which is one  
11 percent (1%) of taxable wages for calendar year 1984. The  
12 collection of this tax, the assessment of interest and penalties on  
13 unpaid taxes, the filing of judgment liens, and the enforcement  
14 of the liens for unpaid taxes is governed by the provisions of  
15 G.S. 96-10 where applicable. Taxes collected under this subpart  
16 shall be credited to the Employment Security Commission  
17 Reserve Fund, and refunds of the taxes shall be paid from the  
18 same Fund. Any interest or penalties collected on unpaid taxes  
19 shall be credited to the Special Employment Security  
20 Administration Fund, and any interest or penalties refunded on  
21 taxes imposed by this subpart shall be paid from the same  
22 Fund."

23 Sec. 3. G.S. 96-9(b)(3)d1. is repealed.

24 Sec. 4. Section 3 of this act becomes effective January 1, 1997. The  
25 remainder of this act is effective upon ratification and applies to quarters beginning on  
26 or after January 1, 1994.
