17 general possession of or the control of hunting rights on the land.

18 (2) Three copies of a description of the tract that will allow law
19 enforcement officers to determine in the field, and prove in court,

1 whether an individual is within the boundaries of the tract. This
2 description may take the form of a map, plat, aerial photograph showing
3 boundaries, diagram keyed to known landmarks, or any other document

5 new possessor who wishes to retain the land's registered status, and there will be no
6 change as to the overall boundaries of registered land, the new possessor may within 20
7 days after gaining this status apply to the sheriff to have the former registrant's
8 application amended to designate him as the possessor of the transferred tract or portion

30 agent with the sheriff.

31 (6) A fee of five dollars (\$5.00) to cover the administrative costs of processing
32 the renewal application.

33 If there is any lapse as to the registered status of the land or any change as to
34 boundaries of registered land, application must be made ~~between July 1 and August 1~~ under
35 the provisions of subsection (b).

36 (e) The sheriff must first examine each application submitted under subsection (b) to
37 determine whether the description of the tract will satisfy the provisions of subdivision
38 (2). If the description is not adequate, the sheriff may in his discretion reject the
39 application or require an amended description that does satisfy those provisions. If the
40 application otherwise satisfies the provisions of subsection (b), the sheriff before
41 September 1 must inspect the tract to be registered to determine whether the land is
42 properly posted in compliance with this section. As to renewal applications, the sheriff
43 must determine whether the provisions of subsection ~~(e)~~ (d) are met. Of the applications

1 that do meet the requirements, he must make spot checks of the tracts of land covered by
2 these applications before September 1 for compliance with the posting requirements of
3 this section.

4 (f) By September 1 each year, the sheriff must:

5 (1) File with the Register of Deeds of Vance County a listing of all tracts of
6 land accepted by him for registration during the ensuing year. This
7 listing must contain an abbreviated description of the location of each
8 tract of land so accepted.

9 (2) File with the Register of Deeds a copy of the full description of the
10 boundaries of each tract accepted for registration that year under
11 subsection (b). As to the remaining applications accepted, the sheriff
12 must indicate in his filing with the Register of Deeds the year in which a
13 full description was filed for that tract that met the requirements of
14 subdivision (2) of subsection (b).

15 (3) File with the North Carolina Wildlife Resources Commission all of the
16 material required to be filed with the Register of Deeds under
17 subdivisions (1) and (2). The sheriff must also furnish the North
18 Carolina Wildlife Resources Commission with a copy of the signature
19 of each registrant and agent newly authorized to issue entry permits
20 during the ensuing year, and a listing of agents no longer authorized to
21 issue entry permits. In addition, throughout the year as registrants make
22 changes with respect to their authorized agents or there are amended
23 applications that substitute registrants, the sheriff must as soon as
24 feasible inform the Commission of the changes and file with the
25 Commission a copy of the signatures of new registrants and agents.

26 (4) Release for publication by appropriate media with coverage in Vance
27 County the listing described in subdivision (1).

28 (5) Compile and maintain throughout the ensuing year in his office, so that
29 the information is freely available to the public, all of the information
30 covered by this subsection.

31 (g) Each registrant under this act must post his tract of registered land within the time
32 limits agreed to by him in his registration application, and the registrant must from time
33 to time inspect his registered land and repost the land to keep it in conformance with the
34 requirements of this subsection. Posted notices must measure at least 120 square inches;
35 contain the word 'POSTED' in letters at least three inches high; state that the land is
36 registered with the Sheriff of Vance County and that hunting and the discharge of
37 firearms are prohibited without an entry permit. Notices must be conspicuously posted
38 not more than 200 yards apart close to and along the boundaries of the tract. In any event,
39 at least one notice must be placed on each side of the registered tract, one at each corner,
40 one facing toward the traveled portion of each abutting highway, and one at each point of
41 entry. A point of entry is where a roadway, trail, path, or other way likely to be used by
42 entering hunters and marksmen leads into the tract. Notices posted along the boundaries

1 of a tract must face in the direction that they will most likely be seen by hunters and
2 marksmen.

3 (h) Any law enforcement officer or any employee of the North Carolina Wildlife
4 Resources Commission who determines that a registrant has failed to keep registered
5 property posted in substantial compliance with this section must so notify the registrant
6 or his agent. If within a reasonable time after notice the registrant fails to take steps to
7 post or repost the tract, or if without regard to notice a registrant is inexcusably or
8 repeatedly negligent in failing to keep the tract properly posted, the sheriff upon learning
9 of this must immediately delete registration of the tract, notify the registrant, or the
10 present possessor if the registrant is no longer a possessor, and require that the
11 responsible person remove any remaining posted notices.

12 (i) ~~When there is no renewal of an application for registration, when~~ the sheriff learns
13 that a registrant is no longer the possessor of a registered tract of land and there has been
14 no timely application by the new possessor to amend the registration, or when a registrant
15 requests that his tract of land be deleted from registration, the sheriff must immediately
16 delete the registration of the tract, notify the current possessor of his action, and require
17 him to remove all posted notices.

18 (j) A possessor's failure to cause the removal of all posted signs within a reasonable
19 time after receipt of notice that the tract has been deleted from registration is a
20 misdemeanor punishable in the discretion of the court."

21 Sec. 2. This act is effective upon ratification.
