25 **"§ 15A-291. Application for electronic surveillance order; judicial review panel.**

26       (a) The Attorney General may, pursuant to the provisions of section 2516(2) of  
27 Chapter 119 of the United States Code, apply to a judicial review panel for an order  
28 authorizing or approving the interception of wire, oral, or electronic communications by  
29 investigative or law enforcement officers having responsibility for the investigation of the  
30 offenses as to which the application is made, and for such offenses and causes as are  
31 enumerated in G.S. 15A-290. A judicial review panel shall be composed of such judges  
32 as may be assigned by the Chief Justice of the Supreme Court of North Carolina, which  
33 shall review applications for electronic surveillance orders and may issue orders valid  
34 throughout the State authorizing such surveillance as provided by this Article, and which  
35 shall submit a report of its decision to the Chief Justice. A judicial review panel may be  
36 appointed by the Chief Justice pursuant to the Attorney General's written notification of  
37 his intent to apply for an electronic surveillance order.

38       (b) A judicial review panel is hereby authorized to grant orders valid throughout  
39 the State for the interception of wire, oral, or electronic communications. Applications  
40 for such orders may be made by the Attorney General and by no other person. The  
41 Attorney General, in applying for such orders, and a judicial review panel in granting  
42 such orders, shall comply with all procedural requirements of section 2518 of Chapter  
43 119 of the United States Code. The Attorney General may make emergency applications

1 as provided by section 2518 of Chapter 119 of the United States Code. In applying  
2 section 2518 the word 'judge' in that section shall be construed to refer to the judicial  
3 review panel, unless the context otherwise indicates. The judicial review panel may  
4 stipulate any special conditions it feels necessary to assure compliance with the terms of  
5 this act.

6 (c) No judge who sits as a member of a judicial review panel shall preside at any  
7 trial or proceeding resulting from or in any manner related to information gained pursuant  
8 to a lawful electronic surveillance order issued by that panel.

9 (d) Each application for an order authorizing or approving the interception of a  
10 wire, oral, or electronic communication must be made in writing upon oath or affirmation  
11 to the judicial review panel. Each application must include the following information:

12 (1) The identity of the office requesting the application;

13 (2) A full and complete statement of the facts and circumstances relied  
14 upon by the applicant, to justify his belief that an order should be  
15 issued, including:

16 a. Details as to the particular offense that has been, or is being  
17 committed;

18 b. A particular description of the nature and location of the facilities  
19 from which or the place where the communication is to be  
20 intercepted;

21 c. A particular description of the type of communications sought to  
22 be intercepted; and

23 d. The identity of the person, if known, committing the offense and  
24 whose communications are to be intercepted;

25 (3) A full and complete statement as to whether or not other investigative  
26 procedures have been tried and failed or why they reasonably appear to  
27 be unlikely to succeed if tried or to be too dangerous;

28 (4) A statement of the period of time for which the interception is required  
29 to be maintained. If the nature of the investigation is such that the  
30 authorization for interception should not automatically terminate when  
31 the described type of communication has been obtained, a particular  
32 description of facts establishing probable cause to believe that additional  
33 communications of the same type will occur thereafter must be added;

34 (5) A full and complete statement of the facts concerning all previous  
35 applications known to the individual authorizing and making  
36 adjudication, made to a judicial review panel for authorization to  
37 intercept, or for approval of interceptions of wire, oral, or electronic  
38 communications involving any of the same persons, facilities, or places  
39 specified in the application, and the action taken by that judicial review  
40 panel on each such application; and

41 (6) Where the application is for the extension of an order, a statement  
42 setting forth the results thus far obtained from the interception, or a  
43 reasonable explanation of the failure to obtain such results.

1 (e) Before acting on the application, the judicial review panel may examine on  
2 oath the person requesting the application or any other person who may possess pertinent  
3 information, but information other than that contained in the affidavit may not be  
4 considered by the panel in determining whether probable cause exists for the issuance of  
5 the order unless the information is either recorded or contemporaneously summarized in  
6 the record or on the face of the order by the panel.

7 **"§ 15A-292. Request for application for electronic surveillance order.**

8 (a) The head of any municipal, county, or State law enforcement agency or any  
9 district attorney may submit a written request to the Attorney General that the Attorney  
10 General apply to a judicial review panel for an electronic surveillance order to be  
11 executed within the requesting agency's jurisdiction. The written requests shall be on a  
12 form approved by the Attorney General and shall provide sufficient information to form  
13 the basis for an application for an electronic surveillance order. The head of a law  
14 enforcement agency shall also submit a copy of the request to the district attorney, who  
15 shall review the request and forward it to the Attorney General along with any comments  
16 he may wish to include. The Attorney General is authorized to review the request and  
17 decide whether it is appropriate to submit an application to a judicial review panel for an  
18 electronic surveillance order. If a request for an application is deemed inappropriate, the  
19 Attorney General shall send a signed, written statement to the person submitting the  
20 request, and to the district attorney, summarizing the reasons for failing to make an  
21 application. If the Attorney General decides to submit an application to a judicial review  
22 panel, he shall so notify the requesting agency head, the district attorney, and the head of  
23 the local law enforcement agency which has the primary responsibility for enforcing the  
24 criminal laws in the location in which it is anticipated the majority of the surveillance  
25 will take place, if not the same as the requesting agency head, unless the Attorney  
26 General has probable cause to believe that the latter notifications should substantially  
27 jeopardize the success of the surveillance or the investigation in general. If a judicial  
28 review panel grants an electronic surveillance order, a copy of such order shall be sent to  
29 the requesting agency head and the district attorney, and a summary of the order shall be  
30 sent to the head of the local law enforcement agency with primary responsibility for  
31 enforcing the criminal laws in the jurisdiction where the majority of the surveillance will  
32 take place, if not the same as the requesting agency head, unless the judicial review panel  
33 finds probable cause to believe that the latter notifications would substantially jeopardize  
34 the success of the surveillance or the investigation.

35 (b) This Article does not limit the authority of the Attorney General to apply for  
36 electronic surveillance orders independent of, or contrary to, the requests of law  
37 enforcement agency heads, nor does it limit the discretion of the Attorney General in  
38 determining whether an application is appropriate under any given circumstances.

39 (c) The Chief Justice of the North Carolina Supreme Court shall receive a report  
40 concerning each decision of a judicial review panel.

41 **"§ 15A-293. Issuance of order for electronic surveillance; procedures for**  
42 **implementation.**

1       (a) Upon application by the Attorney General, a judicial review panel may enter  
2 an ex parte order, as requested or as modified, authorizing the interception of wire, oral,  
3 or electronic communications, if the panel determines on the basis of the facts submitted  
4 by the applicant that:

- 5           (1) There is probable cause for belief that an individual is committing, has  
6 committed, or is about to commit an offense set out in G.S. 15A-290;  
7           (2) There is probable cause for belief that particular communications  
8 concerning that offense will be obtained through such interception;  
9           (3) Normal investigative procedures have been tried and have failed or  
10 reasonably appear to be unlikely to succeed if tried or to be too  
11 dangerous; and  
12           (4) There is probable cause for belief that the facilities from which, or the  
13 place where, the wire, oral, or electronic communications are to be  
14 intercepted are being used, or are about to be used, in connection with  
15 the commission of such offense, or are leased to, listed in the name of,  
16 or commonly used by the individual described in subdivision (1) of this  
17 subsection.

18       (b) Each order authorizing the interception of any wire, oral, or electronic  
19 communications must specify:

- 20           (1) The identity of the person, if known, whose communications are to be  
21 intercepted;  
22           (2) The nature and location of the communications facilities as to which, or  
23 the place where, authority to intercept is granted, and the means by  
24 which such interceptions may be made;  
25           (3) A particular description of the type of communication sought to be  
26 intercepted and a statement of the particular offense to which it relates;  
27           (4) The identity of the agency authorized to intercept the communications  
28 and of the person requesting the application; and  
29           (5) The period of time during which such interception is authorized,  
30 including a statement as to whether or not the interception automatically  
31 terminates when the described communication has been first obtained.

32       (c) No order entered under this Article may authorize the interception of any wire,  
33 oral, or electronic communication for any period longer than is necessary to achieve the  
34 objective of the authorization, nor in any event longer than 30 days. Extensions of an  
35 order may be granted, but only upon application for an extension made in accordance  
36 with G.S. 15A-291 and the panel making the findings required by subsection (a) of this  
37 section. The period of extension may be no longer than the panel determines to be  
38 necessary to achieve the purpose for which it was granted and in no event for longer than  
39 15 days. Every order and extension thereof must contain a provision that the  
40 authorization to intercept be executed as soon as practicable, be conducted in such a way  
41 as to minimize the interception of communications not otherwise subject to interception  
42 under this Article, and terminate upon attainment of the authorized objective, or in any  
43 event in 30 days or 15 days, as is appropriate.

1       (d) Whenever an order authorizing interception is entered pursuant to this Article,  
2 the order may require reports to be made to the issuing judicial review panel showing that  
3 progress has been made toward achievement of the authorized objective and the need for  
4 continued interception. Such reports must be made at such intervals as the panel may  
5 require.

6           (1) The contents of any wire, oral, or electronic communication intercepted  
7 by any means authorized by this Article must be recorded on tape, wire,  
8 or electronic or other comparable device. The recording of the contents  
9 of any wire, electronic, or oral communication under this subsection  
10 must be done in such way as will protect the recording from editing or  
11 other alterations. Immediately upon the expiration of the period of the  
12 order, or extensions thereof, the recordings must be made available to  
13 the judicial review panel and sealed under its direction. Custody of the  
14 recordings is wherever the panel orders. They may not be destroyed  
15 except upon an order of the issuing panel and in any event must be kept  
16 for 10 years. Duplicate recordings may be made for use or disclosure  
17 pursuant to the provisions of G.S. 15A-294(a) and (b) for investigations.  
18 The contents of any wire, oral, or electronic communication or evidence  
19 derived therefrom may not be disclosed or used under G.S. 15A-294(c)  
20 unless they have been kept sealed.

21           (2) Applications made and orders granted under this Article must be sealed  
22 by the panel. Custody of the applications and orders may be disclosed  
23 only upon a showing of good cause before the issuing panel and may  
24 not be destroyed except on its order and in any event must be kept for  
25 10 years.

26           (3) Any violation of the provisions of this subsection may be punished as  
27 for contempt.

28       (e) The State Bureau of Investigation shall own or control and may operate any  
29 equipment used to implement electronic surveillance orders issued by a judicial review  
30 panel and may operate or use, in implementing any electronic surveillance order,  
31 electronic surveillance equipment in which a local government or any of its agencies has  
32 a property interest.

33       (f) The Attorney General shall establish procedures for the use of electronic  
34 surveillance equipment in assisting local law enforcement agencies implementing  
35 electronic surveillance orders. The Attorney General shall supervise such assistance  
36 given to local law enforcement agencies and is authorized to conduct statewide training  
37 sessions for investigative and law enforcement officers regarding this Article.

38 **§ 15A-294. Authorization for disclosure and use of intercepted wire, oral, or**  
39 **electronic communications.**

40       (a) Any investigative or law enforcement officer who, by any means authorized by  
41 this Article or Chapter 119 of the United States Code, has obtained knowledge of the  
42 contents of any wire, oral, or electronic communication, or evidence derived therefrom,  
43 may disclose such contents to another investigative or law enforcement officer to the

1 extent that such disclosure is appropriate to the proper performance of the official duties  
2 of the officer making or receiving the disclosure.

3 (b) Any investigative or law enforcement officer, who by any means authorized by  
4 this Article or Chapter 119 of the United States Code, has obtained knowledge of the  
5 contents of any wire, oral, or electronic communication, or evidence derived therefrom,  
6 may use such contents to the extent such use is appropriate to the proper performance of  
7 the officers' official duties.

8 (c) Any person who has received, by any means authorized by this Article or  
9 Chapter 119 of the United States Code, any information concerning a wire, oral, or  
10 electronic communication, or evidence derived therefrom, intercepted in accordance with  
11 the provisions of this Article, may disclose the contents of that communication or such  
12 derivative evidence while giving testimony under oath or affirmation in any proceeding  
13 in any court or before any grand jury in this State, or in any court of the United States or  
14 of any state, or in any federal or state grand jury proceeding.

15 (d) Within a reasonable time, but no later than 90 days after the filing of an  
16 application for an order or the termination of the period of an order or the extensions  
17 thereof, the issuing judicial review panel must cause to be served on the persons named in  
18 the order or the application and such other parties as the panel in its discretion may  
19 determine, an inventory that includes notice of:

20 (1) The fact of the entry of the order or the application;

21 (2) The date of the entry and the period of the authorized interception; and

22 (3) The fact that during the period wire, oral, or electronic communications  
23 were or were not intercepted.

24 (e) The issuing judicial review panel, upon the filing of a motion, may in its  
25 discretion, make available to such person or his counsel for inspection, such portions of  
26 the intercepted communications, applications, and orders as the panel determines to be  
27 required by law or in the interest of justice.

28 (f) The contents of any intercepted wire, oral, or electronic communication, or  
29 evidence derived therefrom, may not be received in evidence or otherwise disclosed in  
30 any trial, hearing, or other proceeding in any court of this State unless each party, not less  
31 than 20 working days before the trial, hearing, or other proceeding, has been furnished  
32 with a copy of the order and accompanying application, under which the interception was  
33 authorized.

34 (g) Any aggrieved person in any trial, hearing, or proceeding in or before any  
35 court, department, officer, agency, regulatory body, or other authority of this State, or a  
36 political subdivision thereof, may move to suppress the contents of any intercepted wire,  
37 oral, or electronic communication, or evidence derived therefrom, on the grounds that:

38 (1) The communication was unlawfully intercepted;

39 (2) The order of authorization under which it was intercepted is insufficient  
40 on its face; or

41 (3) The interception was not made in conformity with the order of  
42 authorization.

1        Such motion must be made before the trial, hearing, or proceeding unless there was no  
2 opportunity to make such motion or the person was not aware of the grounds of this  
3 motion. If the motion is granted, the contents of the intercepted wire, oral, or electronic  
4 communication, or evidence derived therefrom, must be treated as having been obtained  
5 in violation of this Article.

6        (h) In addition to any other right to appeal, the State may appeal:

7            (1) From an order granting a motion to suppress made under subdivision (1)  
8 of this subsection, if the district attorney certifies to the judge granting  
9 the motion that the appeal is not taken for purposes of delay. The  
10 appeal must be taken within 30 days after the date the order of  
11 suppression was entered and must be prosecuted as are other  
12 interlocutory appeals; or

13            (2) From an order denying an application for an order of authorization, and  
14 the appeal may be made ex parte and must be considered in camera and  
15 in preference to all other pending appeals.

16 **"§ 15A-295. Reports concerning intercepted wire, oral, or electronic**  
17 **communications.**

18        In January of each year, the Attorney General of this State must report to the  
19 Administrative Office of the United States Court the information required to be filed by  
20 section 2519 of Title 18 of the United States Code, as heretofore or hereafter amended,  
21 and file a copy of the report with the Administrative Office of the Courts of North  
22 Carolina.

23 **"§ 15A-296. Recovery of civil damages authorized.**

24        (a) Any person whose wire, oral, or electronic communication is intercepted,  
25 disclosed, or used in violation of this Article, has a civil cause of action against any  
26 person who intercepts, discloses, uses, or procures any other person to intercept, disclose,  
27 or use such communications, and is entitled to recover from any other person:

28            (1) Actual damages, but not less than liquidated damages, computed at the  
29 rate of one hundred dollars (\$100.00) a day for each day of violation or  
30 one thousand dollars (\$1,000), whichever is higher;

31            (2) Punitive damages; and

32            (3) A reasonable attorneys' fee and other litigation costs reasonably  
33 incurred.

34        (b) Good faith reliance on a court order or on a representation made by the  
35 Attorney General or a district attorney is a complete defense to any civil or criminal  
36 action brought under this Article.

37 **"§ 15A-297. Conformity to provisions of federal law.**

38        It is the intent of this Article to conform the requirements of all interceptions of wire,  
39 oral, or electronic communications conducted by investigative or law enforcement  
40 officers in this State to provisions of Chapter 119 of the United States Code, except  
41 where the context indicates a purpose to provide safeguards even more protective of  
42 individual privacy and constitutional rights.

43 **"§ 15A-298. Subpoena authority.**

1 Pursuant to rules issued by the Attorney General, the Director of the State Bureau of  
2 Investigation or his designee may issue an administrative subpoena to a communications  
3 common carrier or an electronic communications service to compel production of  
4 business records if the records:

5 (1) Disclose information concerning telephone toll billing records or  
6 subscriber information; and

7 (2) Are material to an active criminal investigation being conducted by the  
8 State Bureau of Investigation."

9 Sec. 2. G.S. 114-15(b) reads as rewritten:
