4 WELFARE SYSTEM; REQUIRE WRITTEN AGREEMENTS, CORRECTIVE ACTION,  
5 AND STATE INTERVENTION WITH SOCIAL SERVICES DEPARTMENTS; CREATE  
6 REGIONAL SOCIAL SERVICE DEPARTMENTS; ESTABLISH A CHILD  
7 WELL-BEING TRANSFORMATION COUNCIL; ESTABLISH A DRIVERS LICENSE  
8 PILOT PROJECT; ESTABLISH A PILOT PROGRAM TO AUTHORIZE A WAIVER OF

12 PARENTAL RIGHTS ORDER; REDUCE THE TIME FRAME FOR LICENSURE  
13 APPROVAL REGARDING FOSTER CARE; AND REQUIRE CHILD PROTECTIVE

15 RETURNED.  
16

17       Whereas, the children and families involved in North Carolina's child welfare  
18 system are among our most vulnerable children and most fragile families; and

19       Whereas, the recent federal Child and Family Services Review (CFSR) and the  
20 North Carolina Statewide Child Protective Services Evaluation of the State's Child Protective  
21 Services (CPS) program identified troubling gaps and flaws in North Carolina's child welfare  
22 system that are allowing too many of those vulnerable children and fragile families to fall  
23 through the cracks; and

24       Whereas, transforming the child welfare system to better ensure the safety,  
25 permanency, and well-being of children and families is the right thing to do; and

26       Whereas, county social services agencies are facing significant resource and  
27 administration challenges in areas other than child welfare, such as public assistance and adult  
28 services; and

29       Whereas, a recent audit by the North Carolina State Auditor of Medicaid eligibility  
30 determinations by county departments of social services concluded that most of the county  
31 departments reviewed in the audit did not consistently meet standards for timeliness and  
32 accuracy; and

33       Whereas, a recent report by the Program Evaluation Division reached similar  
34 conclusions regarding county administration of Medicaid eligibility determinations; and

1           Whereas, North Carolina's Aging Services Plan and a recent report on Alzheimer's  
2 and related dementias by the North Carolina Institute of Medicine emphasize the tremendous  
3 growth of the aging population and anticipate relying heavily on social services agencies to  
4 support the needs of this population; and

5           Whereas, it has been challenging for the State to effectively supervise  
6 administration of complex social services programs in 100 counties and it would be more  
7 efficient and effective for the State to supervise fewer local agencies; and

8           Whereas, it is our charge to spend public dollars wisely and effectively on  
9 administration of public assistance; and

10           Whereas, for the aforementioned reasons, North Carolina requires a plan of action to  
11 systematically reform the child welfare system and reduce the number of departments of social  
12 services to allow for better supervision and administration of social services programs; Now,  
13 therefore,

14 The General Assembly of North Carolina enacts:

15

40 **child welfare service delivery.**

41 (a) Notwithstanding any other provision of law to the contrary, the Secretary of Health  
42 and Human Services may take action in accordance with this section to ensure the delivery of  
43 child welfare services in accordance with State laws and applicable rules. As used in this

48 whichever applies; and
- 49 (3) "County board of social services" also means the consolidated human  
50 services board, whichever applies.

1           (4)    "Child welfare services or program" means protective, foster care, and  
2           adoption services related to juveniles alleged to be abused, neglected, or  
3           dependent as required by Chapter 7B of the General Statutes.

4           (5)    "Social services programs other than medical assistance" means social  
5           services and public assistance programs established in this Chapter other  
6           than the medical assistance program (Part 6 of Article 2 of this Chapter).  
7           This includes, but is not limited to, child welfare programs, adult protective  
8           services, guardianship services for adults, and programs of public assistance  
9           established in this Chapter. It also includes the child support enforcement  
10          program, as established in Article 9 of Chapter 110 of the General Statutes.

11          (a1)   Beginning in fiscal year 2018-2019, the Secretary shall require all departments of  
12          social services to enter into a written agreement each year that specifies mandated performance  
13          requirements and administrative responsibilities with regard to all social services programs  
14          other than medical assistance.

15               (1)    When possible, the mandated performance requirements shall be based upon  
16               standardized metrics utilizing reliable data.

20               (3)    The written agreement may be standardized or may be tailored to address  
21               issues in specific jurisdictions.

22               (4)    The written agreement shall authorize the Department to withhold State and  
23               federal funds in the event the department fails to satisfy mandated  
24               performance requirements or comply with the terms of the agreement.

25          (b)    If the Secretary of Health and Human Services determines that a county department  
26          of social services is not providing child protective services, foster care services, or adoption  
27          services in accordance with State law and with applicable rules adopted by the Social Services  
28          Commission, or fails to demonstrate reasonable efforts to do so, then the Secretary, after  
29          providing written notification of intent to the county director of social services, to the chair of  
30          the county board of commissioners, and to the chair of the county board of social services, and  
31          after providing them with an opportunity to be heard, may intervene in the particular service or  
32          services in question. Intervention includes, but is not limited to, the following activities:

33               (1)    Sending staff of the Department of Health and Human Services to the county

35               the services being provided;

36               (2)    Establishing a corrective plan of action to correct inappropriate policies and  
37               procedures; and

38               (3)    Advising county personnel as to appropriate policies and procedures.

40          county department of social services is not providing in accordance with State laws and  
41          applicable rules the particular service or services for which intervention was initiated, or has  
42          not demonstrated reasonable efforts to do so, the Secretary shall withhold State and federal  
43          child welfare services administrative funds until the particular service or services are provided  
44          in accordance with State laws and applicable rules.

45          (c)    If the Secretary determines that a county department of social services is not  
46          providing child protective, foster care, or adoption services in accordance with State law and  
47          with applicable rules adopted by the Social Services Commission, or fails to demonstrate  
48          reasonable efforts to do so, and the failure to provide the services poses a substantial threat to  
49          the safety and welfare of children in the county who receive or are eligible to receive the  
50          services, then the Secretary, after providing written notification of intent to the chair of the  
51          county board of commissioners, to the chair of the county board of social services, and to the

1 county director of social services, and after providing them with an opportunity to be heard,  
2 shall withhold funding for the particular service or services in question and shall ensure the  
3 provision of these services through contracts with public or private agencies or by direct  
4 operation by the Department of Health and Human Services.

5 (d) In the event that the Secretary assumes control of service delivery pursuant to  
6 subsection (c) of this section, the county director of social services shall be divested of all  
7 service delivery powers conferred upon the director by G.S. 108A-14 and other applicable State  
8 law as the powers pertain to the services in question. Upon assumption of control of service  
9 delivery, the Secretary may assign any of the powers and duties of the county director of social  
10 services to the Director of the Division of Social Services of the Department of Health and  
11 Human Services or to a contractor as the Secretary deems necessary and appropriate to  
12 continue the provision of the services in the county.

13 (e) In the event the Secretary takes action under this section, the Department of Health  
14 and Human Services shall, in conjunction with the county board of commissioners, the county  
15 board of social services, and the county director of social services develop and implement a  
16 corrective plan of action. The Department of Health and Human Services shall also keep the  
17 chair of the county board of commissioners, the chair of the county board of social services,  
18 and the county director of social services informed of any ongoing concerns or problems with  
19 the delivery of the services in question.

20 (f) Upon the Secretary taking action pursuant to subsection (c) of this section, county  
21 funding of the services in question shall continue and at no time during the period of time that  
22 the Secretary is taking action shall a county withdraw funds previously obligated or  
23 appropriated for the services. Upon the Secretary's assumption of the control of service  
24 delivery, the county shall also pay the nonfederal share of any additional cost that may be  
25 incurred to operate the services in question at the level necessary to comply fully with State law  
26 and Social Services Commission rules.

27 (g) During the period of time that the Secretary is taking action pursuant to subsection  
28 (c) of this section, the Department of Health and Human Services shall work with the county  
29 board of commissioners, the county board of social services, and the county director of social  
30 services, to enable service delivery to be returned to the county if and when the Secretary has  
31 determined that services can be provided by the county in accordance with State law and  
32 applicable rules."

33 **SECTION 3.1.(b)** This section becomes effective upon ratification and applies to  
34 written agreements required pursuant to G.S. 108A-74(a1) for fiscal years 2018-2019 and

22 of social services or consolidated human services having jurisdiction over the county  
23 department seeking to join the regional department.

24 (d) The regional social services departments may include more than one judicial

39 services, with respect to those services or programs that have been assigned to the regional  
40 social services department.

41 (b) A regional board of social services shall be composed of 12 members. However, a  
42 regional board of social services may be increased up to a maximum number of 18 members by  
43 agreement of the boards of county commissioners in all counties that comprise the region. The  
44 agreement shall be evidenced by concurrent resolutions adopted by the affected boards of  
45 county commissioners.

46 (c) The county board of commissioners of each county in the region shall appoint two  
47 members to the regional board of social services, one of whom may be a county commissioner.

49 commissioners of each county in the region shall appoint one member to the regional board of  
50 social services who may be a county commissioner. The Social Services Commission shall  
51 appoint two members. The members of the regional social services board shall appoint

1 members to fill any remaining vacancies. The composition of the board shall reasonably reflect  
2 the population makeup of the entire region and provide equitable region-wide representation.  
3 All members shall be residents of the region.

4 (d) Except as provided in this subsection, members of a regional board of social

45 respective counties, they may direct that the regional social services department be dissolved.

46 (b) Whenever a board of commissioners of a county which is a member of a regional  
47 social services department determines that the department is not operating in the best interests

 6 department budget during the current fiscal year. Distribution to the counties shall be  
 7 determined on the basis of an audit of the financial record of the regional social services  
 8 department. The regional board of social services shall select a certified public accountant or an  
 9 accountant who is subsequently certified by the Local Government Commission to conduct the  
 10 audit. The audit shall be performed in accordance with G.S. 159-34. The same method of  
 11 distribution of funds described above shall apply when one or more counties of a regional  
 12 social services department withdraw from a region.

14       A regional social services director appointed by a regional social services board shall have  
 15 all the powers and duties of a director of social services provided by G.S. 108A-14 and other

## 21 **PART V. CHILD WELL-BEING TRANSFORMATION COUNCIL**

22 **SECTION 5.1.** Chapter 143 of the General Statutes is amended by adding a new  
23 Article to read:

24 "Article 82.

25 "Child Well-Being Transformation Council.

26 **"§ 143-775. Child Well-Being Transformation Council established; membership;**  
27 **qualifications; vacancies.**

28 (a) Purpose; Findings. – The welfare of North Carolina's children is a priority. There  
29 are many public and private agencies and organizations across the State involved with  
30 promoting the welfare of children and protecting them from harm, such as those involving child  
31 care, education, health care, social services, and juvenile justice. Though these agencies and  
32 organizations provide important services, they often fail to collaborate, coordinate, and  
33 communicate about those services. A more systematic and coordinated approach to services  
34 will help ensure that the State achieves the best possible outcomes for children. Therefore, the  
35 General Assembly finds that it is essential that a single body serve as a means for coordination,  
36 collaboration, and communication among agencies and organizations involved in providing  
37 public services to children.

38 (b) Creation and Membership. – There is established the North Carolina Child  
39 Well-Being Transformation Council (Council). The Council shall be located administratively in  
40 the General Assembly. The Council shall consist of 17 members serving staggered terms. In  
41 making appointments, each appointing authority shall select members who have appropriate  
42 experience and knowledge of the issues to be examined by the Council and shall strive to  
43 ensure members are appointed who represent the geographical, political, gender, and racial  
44 diversity of this State. The initial Council members shall be appointed on or after July 1, 2018,

49 Senate who shall serve for a term of two years, one shall be a representative  
50 from the Administrative Office of the Courts who shall serve for a term of  
51

1 three years, one shall be a representative from a child welfare private  
2 provider organization who shall serve for a term of two years, and one shall  
3 be a representative from the North Carolina Pediatric Society who shall  
4 serve a one-year term.

5 (2) Four members shall be appointed by the General Assembly upon the  
6 recommendation of the Speaker of the House of Representatives. Of the  
7 members appointed under this subdivision, one shall be a member of the  
8 House of Representatives who shall serve for a term of two years, one shall  
9 be a representative from the Department of Public Instruction who shall  
10 serve for a term of three years, one shall be a representative from Indigent  
11 Defense Services who shall serve for a term of two years, and one shall be a  
12 representative of the Hospital Association who shall serve a one-year term.

13 (3) Nine members shall be appointed by the Governor. Of the members  
14 appointed under this subdivision, one shall be a representative from the  
15 Department of Health and Human Services, Division of Child Development  
16 and Early Education, who shall serve for a term of three years, one shall be a  
17 representative from the Department of Health and Human Services, Division

29 Division of Public Health, with expertise in substance abuse disorders who  
30 shall serve for a term of two years, and one shall be a director of a county  
31 department of social services who shall serve a one-year term.

32 (c) Terms; Vacancies. – Upon the expiration of the terms of the initial Council  
33 members, each member shall be appointed for a term of four years and shall serve until a

47 Officer, shall assign professional staff to assist the Council in its work. Upon the direction of  
48 the Legislative Services Commission, the Director of Legislative Assistants of the Senate and  
49 of the House of Representatives shall assign clerical staff to the Council. The expenses for  
50 clerical employees shall be borne by the Council.

51 **§ 143-776. Powers and duties.**

1 (a) Upon its establishment, the Council shall direct its initial focus on the following  
2 initiatives:

3 (1) Mapping the network of child-serving agencies and organizations in the  
4 State.

5 (2) Cataloging examples of failures in coordination, collaboration, and  
6 communication in the context of child welfare.

8 to identify promising practices and focus areas for the Council's work.

9 (b) Beginning March 1, 2020, the Council shall:

10 (1) Monitor changes in the social services and child welfare system associated  
11 with reform and regional supervision.

15 problems impacting coordination, collaboration, and communication among  
16 publicly funded child-serving agencies.

17 (c) The Council shall submit a report to the chairs of the Senate Appropriations  
18 Committee on Health and Human Services, the chairs of the House of Representatives

23 (d) The Council is authorized to accept gifts or grants from other sources to support  
24 administration of the Council."

25 **SECTION 5.2.** This part becomes effective July 1, 2017.

## 26 **PART VI. DRIVERS LICENSE PILOT PROJECT**

27 **SECTION 6.1.(a)** The General Assembly recognizes that not having a drivers  
28 license is a barrier to education, employment, health care, and other community-based activities  
29 for older youth in foster care, as defined in G.S. 131D-10.2(9), working toward independence.  
30 One of the biggest barriers to accessing a drivers license for such youth is the ability to obtain  
31 insurance. Therefore, to assist in this effort, the Department of Health and Human Services,  
32 Division of Social Services, shall establish a two-year pilot program that shall reimburse, on a  
33 first-come, first-served basis, youth and caregivers' costs associated with drivers license  
34 education, drivers license fees, insurance costs, and any other costs associated with obtaining a  
35 drivers license. The Division shall take appropriate steps to ensure proper advertising of the  
36 pilot program.

37 **SECTION 6.1.(b)** The Division of Social Services shall report on the pilot project  
38 to the Joint Legislative Oversight Committee on Health and Human Services by March 1, 2018.

39 **SECTION 6.2.** This part becomes effective July 1, 2017.

## 40 **PART VII. PILOT WAIVER FOR IAFT FOSTER PARENTS**

41 **SECTION 7.(a)** The General Assembly has determined that in an effort to  
42 maximize funding, local management entities/managed care organizations (LME/MCOs) are  
43 utilizing Intensive Alternative Family Treatment (IAFT), which is a means of cost-effective,  
44 specialized foster care treatment service that is being used for many youth who would have  
45 previously been treated in Medicaid congregate care, such as psychiatric residential treatment  
46 facilities. The General Assembly finds that these higher-need youth are often (i) suspended or  
47 expelled from school or day programs and (ii) require multiple appointments on a weekly basis  
48 to address needs, such as therapy, medication management, and school individual education  
49 plans (IEPs). Further, in accordance with rules, foster parents are required to maintain outside  
50  
51

1 employment while providing foster care, but the constant demands of meeting the needs of  
2 these foster youth often lead to disruption in placement as the foster parent is unable to meet  
3 those needs while maintaining the parent's employment obligations.

4 **SECTION 7.(b)** To that end, the Department of Health and Human Services,  
5 Division of Social Services (Division), shall establish a pilot program that will allow the  
6 Division to waive the employment requirement for foster parents with children utilizing the  
7 Intensive Alternative Family Treatment (IAFT). The Division shall solicit participation in the  
8 pilot program from interested local management entities/managed care organizations  
9 (LME/MCOs). The participating LME/MCOs shall conduct comparison measures between  
10 existing IAFT outcomes and those of pilots to determine any impact the waiver may have on  
11 outside employment. LME/MCOs shall measure progress of the pilot waivers based on the  
12 expectation of meeting the following outcomes:

- 13 (1) Improved placement stability with less than twenty percent (20%) of moves  
14 of youth occurring due to therapeutic foster parent request.
- 15 (2) Seventy-five percent (75%) of youth and families meeting their treatment  
16 goals within the projected time frame.
- 17 (3) No more than a ten percent (10%) increase in higher-level hospital bed days.

18 **SECTION 7.(c)** LME/MCOs participating in the IAFT pilot waiver program shall  
19 provide a report on the outcomes of the pilots, along with any recommendations, to the  
20 Division. The Division shall then submit a report on the pilot waiver program to the Joint  
21 Legislative Oversight Committee on Health and Human Services by December 1, 2018.

## 22 **PART VIII. TERMINATION OF PARENTAL RIGHTS/APPEALS**

23 **SECTION 8.(a)** G.S. 7B-1001, as amended by Section 4 of S.L. 2017-7, reads as

- 49 a. A parent who is a party and:

1           **SECTION 9.2.** The Department of Health and Human Services, Division of Social  
2 Services, shall further examine the existing time frames for processing foster care and  
3 therapeutic foster care applications and determine methods to further reduce the time frames for  
4 approving or denying applications for licensure.

5  
6 **PART X. RYLAN'S LAW/CPS OBSERVATION**

7           **SECTION 10.** G.S. 7B-903.1(c) reads as rewritten:

8           "(c) If a juvenile is removed from the home and placed in the custody or placement  
9 responsibility of a county department of social services, the director shall not allow  
10 unsupervised visitation with or return physical custody of the juvenile to the parent, guardian,  
11 custodian, or caretaker without a hearing at which the court finds that the juvenile will receive  
12 proper care and supervision in a safe home. Before a county department of social services may  
13 recommend return of physical custody of the juvenile to the parent, guardian, custodian, or  
14 caretaker from whom the juvenile was removed, a county department of social services shall  
15 first observe that parent, guardian, custodian, or caretaker with the juvenile for at least two  
16 visits that support a recommendation to return physical custody. Each observation visit shall  
17 consist of an observation of not less than one hour with the juvenile, and each observation visit  
18 shall be conducted at least seven days apart. A department of social services shall provide  
19 documentation of any observation visits that it conducts to the court for its consideration as to  
20 whether physical custody should be returned to the parent, guardian, custodian, or caretaker  
21 from whom the juvenile was removed."

22

24           **SECTION 11.** Except as otherwise provided, this act is effective when it becomes  
25 law.
