2	work of the Building Code Council, within the limits of funds appropriated for the Council and				
3	with the approval of the Council.				
4	"§ 143-137.1. Organization of Residential Code Council; rules; meetings; staff; fiscal				
5	<u>affairs; quorum.</u>				
6	(a) First Meeting; Organization; Rules. – Within 30 days after its appointment, the				
7	Residential Code Council shall meet on call of the Commissioner of Insurance. The Council shall				
8	adopt rules it may deem necessary for the proper discharge of its duties. The chair may establish				
9	and appoint members to any committees the work of the Council may require. In addition, the				
10	chair may establish and appoint an ad hoc code revision committee to consider and prepare				
11	revisions and amendments to the North Carolina Residential Code. The ad hoc committee shall				
12	consist of members of the Council, licensed contractors, and design professionals most affected				
13	by the North Carolina Residential Code, and members of the public. Committees shall meet upon				
14	the call of their respective chairs and shall report their recommendations to the Council.				
15	(b) <u>Meetings. – The Residential Code Council shall meet regularly, at least once every</u>				
16	six months, at places and dates to be determined by the Council. Special meetings may be called				
17	by the chair and must be called by the chair at the request of two or more members of the Council.				
18	All members shall be notified by the chair in writing of the time and place of regular and special				
19	meetings at least seven days in advance of such meeting. All meetings shall be open to the public.				
20	(c) <u>Staff. – Personnel of the Division of Engineering of the Department of Insurance shall</u>				
21	serve as a staff for the Residential Code Council. This staff shall have the following duties:				
22 23	(1) <u>Keeping an accurate and complete record of all meetings, hearings,</u>				
23 24	correspondence, laboratory studies, and technical work performed by or for the Council, and making these records available for public inspection at all				
24 25	reasonable times.				
23 26	(2) Handling correspondence for the Council.				
27	(d) Fiscal Affairs of the Council. – All funds for the operations of the Residential Code				
28	Council and its staff shall be appropriated to the Department of Insurance for the use of the				
29	Council. These funds shall be held in a separate or special account on the books of the Department				
30	of Insurance, with a separate financial designation or code number to be assigned by the				
31	Department of Insurance or its agent. Expenditures for staff salaries and operating expenses shall				
32	be made in the same manner as the expenditure of any other Department of Insurance funds. The				
33	Department of Insurance may hire any additional personnel necessary to handle the work of the				
34	Council, within the limits of funds appropriated for the Council and with the approval of the				
35	Council.				
36	(e) Quorum; Voting; No Proxy Vote. – Nine members shall constitute a quorum for the				
37	transaction of business and an affirmative vote of nine members present shall be necessary to				
38	approve any action of the Council, including any amendment or revision to the North Carolina				
39	Residential Code. No member may vote by proxy.				
40	"§ 143-138. North Carolina State Building Code.				
41	(a) Preparation and Adoption. – The Building Code Council and Residential Code				
42	Council may prepare and adopt, in accordance with the provisions of this Article, a North				
43	Carolina State Building Code. Before the adoption of <u>any volume of the Code</u> , or any part of the				
44	Code, the responsible Council shall hold at least one public hearing. A notice of the public				
45	hearing shall be published in the North Carolina Register at least 15 days before the date of the				
46	hearing. Notwithstanding G.S. 150B-2(8a)h., any volume, or any part, of the North Carolina				
47	State Building Code as adopted by the Building Code Council or Residential Code Council is a				
48	rule within the meaning of G.S. 150B-2(8a) and shall be adopted in accordance with the				
49	procedural requirements of Article 2A of Chapter 150B of the General Statutes. For the purposes				
50	of this Article, "North Carolina State Building Code" or "Code" shall collectively refer to all				

	General Assembly Of North CarolinaSession 2023				
1	Code volumes, as revised or amended, prepared and adopted by the Building Code Council or				
2	Residential Code Council pursuant to this Article, including the following Code volumes:				
3	(1) North Carolina Administrative Code and Policies.				
	(2) North Carolina Building Code.				
	(3) North Carolina Electrical Code.				
	(4) North Carolina Energy Conservation Code.				
	(5) North Carolina Existing Building Code.				
	(6) North Carolina Fire Code.				
	(7) North Carolina Fuel Gas Code.				
	(8) North Carolina Mechanical Code.				
	(9) North Carolina Plumbing Code.				
	(10) North Carolina Residential Code.				
	(a1) Additional Adoption Requirements. –				
	(1) The <u>Building Code Council or Residential Code</u> Council shall request the Office of State Budget and Management to prepare a fiscal note for a proposed				
	Code change that has a substantial economic impact, as defined in				
	G.S. 150B-21.4(b1), or that increases the cost of residential housing by eighty				
	dollars (\$80.00) or more per housing unit. The change can become effective				
	only in accordance with G.S. 143-138(d). Neither the Department of				
	Insurance nor the <u>Council Councils</u> shall be required to expend any monies to				
	pay for the preparation of any fiscal note under this section by any person				
	outside of the Department or Council-Councils unless the Department or				
	Council contracts Councils contract with a third-party vendor to prepare the				
	fiscal note.				
	(2) The <u>responsible</u> Council shall conduct a cost-benefit analysis for all proposed				
	changes considered after January 1, 2018, to the North Carolina Energy				
	Conservation Code.				
	(b) Contents of the Code. – The North Carolina State Building Code, as adopted by the				
	Building Code Council or Residential Code Council, may include reasonable and suitable				
	classifications of buildings and structures, both as to use and occupancy; general building				
	restrictions as to location, height, and floor areas; rules for the lighting and ventilation of				
	buildings and structures; requirements concerning means of egress from buildings and structures;				
	requirements concerning means of ingress in buildings and structures; rules governing				
	construction and precautions to be taken during construction; rules as to permissible materials,				
	loads, and stresses; rules governing chimneys, heating appliances, elevators, and other facilities				
	connected with the buildings and structures; rules governing plumbing, heating, air conditioning				
	for the purpose of comfort cooling by the lowering of temperature, and electrical systems; and				
	such other reasonable rules pertaining to the construction of buildings and structures and the				
	installation of particular facilities therein as may be found reasonably necessary for the protection				
	of the occupants of the building or structure, its neighbors, and members of the public at large.				
	(b2) Carbon Monoxide Alarms The Code (i) may contain provisions requiring the				
	installation of either battery-operated or electrical carbon monoxide alarms in every dwelling				
	unit having a combustion heater, appliance, or fireplace, and in any dwelling unit having an				
	attached garage and (ii) shall contain provisions requiring the installation of electrical carbon				
	monoxide alarms at a lodging establishment. Violations of this subsection and rules adopted				
	pursuant to this subsection shall be punishable in accordance with subsection (h) of this section				
	and G.S. 143-139. In particular, the rules shall provide:				
	(3) The Building Code Council shall modify the NC State Building Code (Fire				
	Prevention) North Carolina Fire Code to regulate the provisions of this				
	recention, <u>recent caronina rice code</u> to regulate the provisions of this				

1 subsection in new and existing lodging establishments, including hotels, 2 motels, tourist homes that provide accommodations for seven or more 3 continuous days (extended-stay establishments), and bed and breakfast inns and bed and breakfast homes as defined in G.S. 130A-247; provided nothing 4 5 in this subsection shall prevent the Building Code Council from establishing 6 more stringent rules regulating carbon monoxide alarms or detectors for new 7 lodging establishments, including hotels, motels, tourist homes that provide 8 accommodations for seven or more continuous days (extended-stay 9 establishments), and bed and breakfast inns and bed and breakfast homes as 10 defined in G.S. 130A-247. The Building Code Council shall modify the NC 11 State Building Code (Fire Prevention)-North Carolina Fire Code minimum 12 inspection schedule to include annual inspections of new and existing lodging 13 establishments, including hotels, motels, and tourist homes that provide 14 accommodations for seven or more continuous days (extended-stay 15 establishments), and bed and breakfast inns and bed and breakfast homes as defined in G.S. 130A-247 for the purpose of compliance with this subsection. 16 17 Upon discovery of a violation of this subsection that poses an imminent hazard (4) 18 and that is not corrected during an inspection of a lodging establishment 19 subject to the provisions of G.S. 130A-248, the code official responsible for 20 enforcing the NC State Building Code (Fire Prevention) North Carolina Fire 21 Code shall immediately notify the local health director for the county in which the violation was discovered, or the local health director's designee, by verbal 22 23 contact and shall also submit a written report documenting the violation of this 24 subsection to the local health director for the county in which the violation 25 was discovered, or the local health director's designee, on the next working 26 day following the discovery of the violation. Within one working day of 27 receipt of the written report documenting a violation of this subsection, the 28 local health director for the county in which the violation was discovered, or 29 the local health director's designee, shall investigate and take appropriate 30 action regarding the permit for the lodging establishment, as provided in 31 G.S. 130A-248. Lodging establishments having five or more rooms that are 32 exempted from the requirements of G.S. 130A-248 by G.S. 130A-250 shall 33 be subject to the penalties set forth in the NC State Building Code (Fire 34 Prevention).North Carolina Fire Code. 35 Upon discovery of a violation of this subsection that does not pose an (5) 36 imminent hazard and that is not corrected during an inspection of a lodging 37 establishment subject to the provisions of G.S. 130A-248, the owner or 38 operator of the lodging establishment shall have a correction period of three 39 working days following the discovery of the violation to notify the code 40 official responsible for enforcing the NC State Building Code (Fire Prevention) North Carolina Fire Code verbally or in writing that the violation 41 42 has been corrected. If the code official receives such notification, the code 43 official may reinspect the portions of the lodging establishment that contained 44 violations, but any fees for reinspection shall not exceed the fee charged for 45 the initial inspection. If the code official receives no such notification, or if a 46 reinspection discovers that previous violations were not corrected, the code 47 official shall submit a written report documenting the violation of this 48 subsection to the local health director for the county in which the violation 49 was discovered, or the local health director's designee, within three working 50 days following the termination of the correction period or the reinspection, 51 whichever is later. The local health director shall investigate and may take

1 2 3 4 5 6	appropriate action regarding the permit for the lodging establishment, as provided in G.S. 130A-248. Lodging establishments having five or more rooms that are exempted from the requirements of G.S. 130A-248 by G.S. 130A-250 shall be subject to the penalties set forth in the NC State Building Code (Fire Prevention). North Carolina Fire Code.
7	(b7) Appendices. – For the information of users thereof, the Code shall include as
8	appendices the following:
9	(1) Any rules governing boilers adopted by the Board of Boiler and Pressure
10	Vessels Rules,
11	(2) Any rules relating to the safe operation of elevators adopted by the
12	Commissioner of Labor, and
13	(3) Any rules relating to sanitation adopted by the Commission for Public Health
14	which the Building Code Council or Residential Code Council believes
15 16	pertinent. The Code may include references to such other rules of special types, such as those of the
10	Medical Care Commission and the Department of Public Instruction as may be useful to persons
18	using the Code. No rule issued by any agency other than the Building Code <u>Council or</u>
19	<u>Residential Code</u> Council shall be construed as a part of the Code, nor supersede that Code, it
20	being intended that they be presented with the Code for information only.
21	
22	(b9) Exclusion for Industrial Machinery. – Nothing in this Article shall extend to or be
23	construed as being applicable to the regulation of the design, construction, location, installation,
24	or operation of industrial machinery. However, if during the building code Code inspection
25	process, an electrical inspector has any concerns about the electrical safety of a piece of industrial
26	machinery, the electrical inspector may refer that concern to the Occupational Safety and Health
27	Division in the North Carolina Department of Labor but shall not withhold the certificate of
28 29	occupancy nor mandate third-party testing of the industrial machinery based solely on this concern. For the purposes of this paragraph, "industrial machinery" means equipment and
30	machinery used in a system of operations for the explicit purpose of producing a product or
31	acquired by a State-supported center providing testing, research, and development services to
32	manufacturing clients. The term does not include equipment that is permanently attached to or a
33	component part of a building and related to general building services such as ventilation, heating
34	and cooling, plumbing, fire suppression or prevention, and general electrical transmission.
35	
36	(b13) Migrant Housing. – The <u>Building Code</u> Council shall provide for an exemption from
37	any requirements in the fire prevention code-North Carolina Fire Code for installation of an
38	automatic sprinkler system applicable to buildings meeting all of the following:
39	(1) Has one floor.
40	(2) Meets all requirements of 29 C.F.R. § 1910.142, as amended.
41 42	(3) Meets all requirements of Article 19 of Chapter 95 of the General Statutes and
42 43	rules implementing that Article. For purposes of this subsection, "migrant housing" and "migrant" shall be defined as in
44	G.S. 95-223.
45	
46	(b15) Exclusion from Energy <u>Conservation</u> Code Requirements for Existing Commercial
47	Buildings. – The alteration of commercial buildings and structures that received a certificate of
48	occupancy prior to January 1, 2012, may be subject to the rules pertaining to energy efficiency
49	and energy conservation that were in effect on December 31, 2011. The addition to commercial
50	buildings and structures that received a certificate of occupancy prior to January 1, 2012, may be
51	subject to the rules pertaining to energy efficiency and energy conservation that were in effect

1 on December 31, 2011, so long as the addition does not increase the building area of the existing 2 commercial building or structure to more than one hundred fifty percent (150%) of the building 3 area of the commercial building or structure as it was in existence on December 31, 2011. For the purpose of this subsection, the term "commercial buildings and structures" shall include all 4 5 structures and buildings that are not classified as a Group R occupancy by the Building Code 6 Council.

7 . . .

8 (b18) Exclusion From Energy Efficiency Conservation Code Requirements for Certain Use 9 and Occupancy Classifications. - The Building Code Council shall provide for an exemption from any requirements in the energy efficiency standards pursuant to Chapter 13 of the 2012 10 11 North Carolina Building Code and the 2012 Energy Conservation Code, and any subsequent amendments to the North Carolina Building Code and North Carolina Energy Conservation 12 13 Code, for the following use and occupancy classifications pursuant to Chapter 3 of the 2012 14 North Carolina Building Code: Section 306, Factory Group F; Section 311, Storage Group S; and Section 312, Utility and Miscellaneous Group U. This exclusion shall apply to the entire 15 floor area of any structure for which the primary use or occupancy is listed herein. 16

17 (b19) Exclusion From Energy Efficiency Code Requirements for Residential Garages. -18 The Residential Code Council shall provide for an exemption for detached and attached garages 19 located on the same lot as a dwelling from any requirements in the energy efficiency standards 20 pursuant to Chapter 11 of the North Carolina Residential Code for One- and Two-Family 21 Dwellings and Chapter 4 of the North Carolina Energy Conservation Code.

22

(2)

23 (b22) (Expires December 31, 2024 – see note) Limit Requirement for Certain Plans to be 24 Under Professional Seal. – The North Carolina State Building Code shall not require that plans 25 and specifications for any alteration, remodeling, renovation, or repair of a commercial building 26 or structure be prepared by and under the seal of a registered architect licensed under Chapter 27 83A of the General Statutes, or a registered engineer licensed under Chapter 89C of the General 28 Statutes, if the alteration, remodeling, renovation, or repair costs less than three hundred thousand 29 dollars (\$300,000) or if the total building area does not exceed 3,000 square feet in gross floor 30 area and all of the following apply:

31 32

The alteration, remodeling, renovation, or repair does not include the addition, (1)repair, or replacement of load-bearing structures. The alteration, remodeling, renovation, or repair is not subject to the

- 33 34
- 35

requirements of G.S. 133-1.1(a). The alteration, remodeling, renovation, or repair is performed in accordance (3) with the current edition of the North Carolina Fire Prevention Code.

36 37 (c) Standards to Be Followed in Adopting the Code. – All regulations contained in the 38 North Carolina State Building Code shall have a reasonable and substantial connection with the 39 public health, safety, morals, or general welfare, health and safety, and their provisions shall be 40 construed reasonably to those ends. Requirements of the Code shall conform to good engineering practice. The Building Code Council and Residential Code Council may use as guidance, but is 41 42 not required to adopt, the requirements of the International Building Code of the International 43 Code Council, the Standard Building Code of the Southern Building Code Congress International, Inc., the Uniform Building Code of the International Conference of Building 44 45 Officials, the National Building Code of the Building Officials and Code Administrators, Inc., 46 the National Electric Code, the Life Safety Code, the National Fuel Gas Code, the Fire Prevention 47 Code of the National Fire Protection Association, the Safety Code for Elevators and Escalators, 48 and the Boiler and Pressure Vessel Code of the American Society of Mechanical Engineers, and 49 standards promulgated by the American National Standards Institute, Standards Underwriters' 50 Laboratories, Inc., and similar national or international agencies engaged in research concerning 51 strength of materials, safe design, and other factors bearing upon health and safety.

1

2 (d) Amendments of the Code. - Subject to the procedures set forth in G.S. 143-136(c) 3 and (d), the The Building Code Council and Residential Code Council may periodically revise 4 and amend the those parts of the North Carolina State Building Code, Code for which those 5 Councils are responsible, either on its their own motion or upon application from any citizen, State agency, or political subdivision of the State. In addition to the periodic revisions or 6 7 amendments made by the responsible Council, the Residential Code Council shall, following the 8 procedure set forth in G.S. 143-136(c), shall revise or amend the North Carolina State Building 9 Code: Residential Code for One- and Two-Family Dwellings, Code, including provisions applicable to One- and Two-Family Dwellings dwellings covered by the North Carolina 10 11 Residential Code, from the NC-North Carolina Energy Conservation Code, NC-North Carolina Electrical Code, NC-North Carolina Fuel Gas Code, NC-North Carolina Plumbing Code, and NC 12 13 North Carolina Mechanical Code only every six years, to become effective the first day of 14 January of the following year, with at least six months between adoption and effective date. The first six-year revision by the Residential Council under this subsection shall be adopted to become 15 effective January 1, 2019,2031, and every six years thereafter. In adopting any amendment, the 16 17 Building Code Council and Residential Code Council shall comply with the same procedural 18 requirements and the same standards set forth above for adoption of the Code. The Building Code 19 Council and Residential Code Council, through the Department of Insurance, shall publish in the 20 North Carolina Register all appeal decisions made by the responsible Code Council and all formal 21 opinions at least semiannually. The Building Code Council and Residential Code Council, through the Department of Insurance, shall also publish at least semiannually in the North 22 23 Carolina Register a statement providing the accurate Web site website address and information 24 on how to find additional commentary and interpretation of the Code.

25 Cost-Benefit Analysis. - When the Building Code Council or Residential Code (d1) 26 Council revises or amends the North Carolina State Building Code Code, or any part of the Code, 27 as provided in subsection (d) of this section and considers an economic analysis or cost-benefit 28 analysis of the proposed revision or amendment, the responsible Code Council shall not limit its 29 review to an economic analysis or cost-benefit analysis submitted by the proponent of the 30 proposed revision or amendment but shall either conduct its own economic analysis or 31 cost-benefit analysis or consider an economic analysis or cost-benefit analysis submitted other 32 than by the proponent of the proposed revision or amendment. This section shall not apply to a 33 proposal for revision or amendment made upon motion of a responsible Code Council or 34 submitted by a State agency or political subdivision of the State.

35 Effect upon Local Codes. – Except as otherwise provided in this section, the North (e) 36 Carolina State Building Code shall apply throughout the State, from the time of its adoption. 37 Approved rules shall become effective in accordance with G.S. 150B-21.3. However, any 38 political subdivision of the State may adopt a fire prevention code and floodplain management 39 regulations within its jurisdiction. The territorial jurisdiction of any municipality or county for 40 this purpose, unless otherwise specified by the General Assembly, shall be as follows: Municipal jurisdiction shall include all areas within the corporate limits of the municipality and 41 42 extraterritorial jurisdiction areas established as provided in G.S. 160D-202 or a local act; county 43 jurisdiction shall include all other areas of the county. No such code or regulations, other than 44 floodplain management regulations and those permitted by G.S. 160D-1128, shall be effective 45 until they have been officially approved by the Building responsible Code Council as providing 46 adequate minimum standards to preserve and protect health and safety, in accordance with the 47 provisions of subsection (c) above. Local floodplain regulations may regulate all types and uses 48 of buildings or structures located in flood hazard areas identified by local, State, and federal 49 agencies, and include provisions governing substantial improvements, substantial damage, 50 cumulative substantial improvements, lowest floor elevation, protection of mechanical and 51 electrical systems, foundation construction, anchorage, acceptable flood resistant materials, and

other measures the political subdivision deems necessary considering the characteristics of its 1 2 flood hazards and vulnerability. In the absence of approval by the Building Code Council or 3 Residential Code Council, or in the event that approval is withdrawn, local fire prevention codes 4 and regulations shall have no force and effect. Provided any local regulations approved by the local governing body which are found by the Council to be more stringent than the adopted 5 statewide fire prevention code and which are found to regulate only activities and conditions in 6 7 buildings, structures, and premises that pose dangers of fire, explosion or related hazards, and 8 are not matters in conflict with the State Building Code, may be approved. Local governments 9 may enforce the fire prevention code of the State Building Code using civil remedies authorized under G.S. 143-139, 153A-123, and 160A-175. If the Commissioner of Insurance or other State 10 11 official with responsibility for enforcement of the Code institutes a civil action pursuant to G.S. 143-139, a local government may not institute a civil action under G.S. 143-139, 153A-123, 12 13 or 160A-175 based upon the same violation. Appeals from the assessment or imposition of such 14 civil remedies shall be as provided in G.S. 160D-1127. A local government may not adopt any ordinance iIn conflict with the exemption provided 15 by subsection (c1) of this section. No local ordinance or regulation shall be construed to limit the 16 17 exemption provided by subsection (c1) of this section. 18 19 Publication and Distribution of Code. - The Building Code Council and Residential (g) 20 Code Council shall cause to be printed, after adoption by the each responsible Code Council, the North Carolina State Building Code Code, or any part of the Code, and each amendment thereto. 21 It shall, at the State's expense, distribute copies of the Code and each amendment to State and 22 23 local governmental officials, departments, agencies, and educational institutions, as is set out in 24 the table below. # "§ 143-139.1. Certification of manufactured buildings, structures or components by recognized independent testing laboratory; minimum standards for single-family, on-frame modular homes.

4 Certification. - The North Carolina State Building Code may provide, in (a) 5 circumstances deemed appropriate by the Building responsible Code Council, for testing, 6 evaluation, inspection, and certification of buildings, structures or components manufactured off 7 the site on which they are to be erected, by a recognized independent testing laboratory having 8 follow-up inspection services approved by the Building responsible Code Council. Approval of 9 such buildings, structures or components shall be evidenced by labels or seals acceptable to the 10 responsible Council. All building units, structures or components bearing such labels or seals 11 shall be deemed to meet the requirements of the North Carolina State Building Code and this Article without further inspection or payment of fees, except as may be required for the 12 13 enforcement of the Code relative to the connection of units and components and enforcement of 14 local ordinances governing zoning, utility connections, and foundations permits. The Building Code Council and Residential Code Council shall adopt and may amend from time to time such 15 reasonable and appropriate rules and regulations as it deems they deem necessary for approval 16 17 of agencies offering such testing, evaluation, inspection, and certification services and for overseeing their operations. Such rules and regulations shall include provisions to insure that 18 19 such agencies are independent and free of any potential conflicts of interest which might 20 influence their judgment in exercising their functions under the Code. for which they are 21 responsible. Such rules and regulations may include a schedule of reasonable fees to cover administrative expenses in approving and overseeing operations of such agencies and may 22 23 require the posting of a bond or other security satisfactory to the responsible Code Council 24 guaranteeing faithful performance of duties under the Code.

25 The Building responsible Code Council may also adopt rules to insure that any person that is 26 not licensed, in accordance with G.S. 87-1, and that undertakes to erect a North Carolina labeled 27 manufactured modular building, meets the manufacturer's installation instructions and applicable 28 provisions of the North Carolina State Building Code. Any such person, before securing a permit 29 to erect a modular building, shall provide the code enforcement official proof that he has in force 30 for each modular building to be erected a \$5,000 surety bond insuring compliance with the 31 regulations of the North Carolina State Building Code governing installation of modular 32 buildings.

## 34 "§ 143-139.2. Enforcement of insulation requirements; certificate for occupancy; no 35 electric service without compliance.

(a) In addition to other enforcement provisions set forth in this Chapter, no single family
or multi-unit residential building on which construction is begun in North Carolina on or after
January 1, 1978, shall be occupied until it has been certified as being in compliance with the
minimum insulation standards for residential construction, as prescribed in the North Carolina
State Building Code or as approved by the Building-responsible Code Council as provided in
G.S. 143-138(e).

42 No public supplier of electric service, including regulated public utilities, municipal (b) 43 electric service and electric membership corporations, shall connect for electric service to an occupant any residential building on which construction is begun on or after January 1, 1978, 44 45 unless said building complies with the insulation requirements of the North Carolina State 46 Building Code or of local building codes approved by the Building Codes responsible Code 47 Council as provided in G.S. 143-138(e), and has been certified for occupancy in compliance with 48 the minimum insulation standards of the North Carolina State Building Code or of any local 49 modification approved as provided in G.S. 143-138(e), by a person designated as an inspector 50 pursuant to subsection (a) of this section.

1 This section shall apply only in any county or city that elects to enforce the insulation (c) 2 and energy utilization standards of the North Carolina State Building Code pursuant to 3 G.S. 143-151.27.

#### "§ 143-140. Hearings before enforcement agencies as to questions under the North Carolina **State Building Code.**

7 Any person desiring to raise any question under this Article or under the North (a) 8 Carolina State Building Code shall be entitled to a technical interpretation from the appropriate 9 enforcement agency, as designated in the preceding section. Upon request in writing by any such 10 person, the enforcement agency through an appropriate official shall within a reasonable time 11 provide a written interpretation, setting forth the facts found, the decision reached, and the reasons therefor. In the event of dissatisfaction with such decision, the person affected shall have 12 13 the options of:

14 15 (1)Appealing to the Building Code Council or the Residential Code Council.

Appealing directly to the Superior Court, as provided in G.S. 143-141. (2)

If an interpretation under this section or under G.S. 143-141(b) changes after a 16 (b) 17 building permit is issued, the permit applicant may choose which version of the interpretation 18 will apply to the permit, unless such a choice would cause harm to life or property.

#### 19 "§ 143-140.1. Alternative design construction and methods; appeals.

The North Carolina Building Code Council shall, by January 1, 2023, promulgate rules, 20 21 procedures, and policies for the approval of alternative designs and <del>construction. Alternative</del> designs and construction shall that follow the North Carolina State Building Code. The 22 Residential Code Council shall, by January 1, 2026, promulgate rules, procedures, and policies 23 24 for the approval of alternative designs and construction that follow the North Carolina State 25 Building Code. In the event of a dispute between a local authority having jurisdiction and the 26 designer or owner-representative regarding alternative designs and construction, and 27 notwithstanding any other section within this Article, appeals by the designer or 28 owner-representative on matters pertaining to alternative design construction or methods shall be 29 heard by the Department of Insurance Engineering Division. The Department of Insurance 30 Engineering Division shall issue its decision regarding an appeal filed under this section within 31 10 business days. The Commissioner of Insurance shall adopt rules in furtherance of this section. 32

## "§ 143-141. Appeals to Building Code Council.Council and Residential Code Council.

33 Method of Appeal. - Whenever any person desires to take an appeal to the Building (a) 34 responsible Code Council from the decision of a State enforcement agency relating to any matter 35 under this Article or under the North Carolina State Building Code, he the appellant shall within 36 30 days after such the decision give written notice of appeal to the Building responsible Code 37 Council through the Division of Engineering of the Department of Insurance that he desires to 38 take an appeal. Insurance. A copy of such the notice of appeal shall be filed at the same time with 39 the enforcement agency from which the appeal is taken. The chairman of the Building responsible 40 Code Council shall fix a reasonable time and place for a hearing, giving reasonable notice to the appellant and to the enforcement agency. Such hearing shall be not later than the next regular 41 42 meeting of the responsible Code Council. The Building responsible Code Council shall thereupon 43 conduct a full and complete hearing as to the matters in controversy, after which it shall within a 44 reasonable time give a written decision setting forth its findings of fact and its conclusions.

45 Interpretations of the Code. – The Building-responsible Code Council shall have the (b) 46 duty, in hearing appeals, to give interpretations of such provisions of the North Carolina State 47 Building Code as shall be pertinent to the matter at issue. appeal. Where the responsible Code 48 Council finds that an enforcement agency was in error in its interpretation of the Code, it shall 49 remand the case to the agency with instructions to take such action as it directs. Interpretations by the responsible Code Council and local enforcement officials shall be based on a reasonable 50 construction of the Code provisions. 51

1 (c) Variations of the Code. – Where the <u>Building-responsible</u> Code Council finds on 2 appeal that materials or methods of construction proposed to be used are as good as those required 3 by the Code, it shall remand the case to the enforcement agency with instructions to permit the 4 use of such materials or methods of construction. The <u>responsible Code</u> Council shall thereupon 5 immediately initiate procedures for amending the Code as necessary to permit the use of such 6 materials or methods of construction.

7 (c1) Posting on Department Web Site. Website – The Department of Insurance shall post
8 and maintain on that portion of its Web site website devoted to the Building responsible Code
9 Council all appeal decisions, interpretations, and variations of the Code issued by the responsible
10 Code Council within 10 business days of issuance.

11 (d) Further Appeals to the Courts. – Whenever any person desires to take an appeal from 12 a decision of the <u>Building responsible</u> Code Council or from the decision of an enforcement 13 agency (with or without an appeal to the <u>Building responsible</u> Code Council), <u>he-the appellant</u> 14 may take an appeal either to the Wake County Superior Court or to the superior court of the 15 county in which the proposed building is to be situated, in accordance with the provisions of 16 Chapter 150B of the General Statutes.

#### 17 "§ 143-142. Further duties of the Building-Code Council.Councils.

(a) Recommended Statutory Changes. – It shall be the duty of the Building responsible
Code Council to make a thorough <u>and continuing</u> study of the building laws of the State,
including both the statutes enacted by the General Assembly and the rules and regulations
adopted by State and local agencies. On the basis of such study, studies, the responsible Council
shall from time to time recommend to the 1959 and subsequent General Assemblies Assembly
desirable statutory changes to simplify and improve such laws.

(b) Recommend Changes in Enforcement Procedures. – It shall be the duty of the
Building responsible Code Council to make a thorough and continuing study of the manner in
which the building laws of the State are enforced by State, local, and private agencies. On the
basis of such studies, the Council may recommend to the General Assembly any statutory
changes necessary to improve and simplify the enforcement machinery. The responsible Code
Council may also advise State agencies as to any changes in administrative practices which could
be made to improve the enforcement of building laws without statutory changes.

#### "§ 143-143.3. Temporary toilet facilities at construction sites.

(a) Suitable toilet facilities shall be provided and maintained in a sanitary condition
during construction. An adequate number of facilities must be provided for the number of
employees at the construction site. There shall be at least one facility for every two contiguous
construction sites. Such facilities may be portable, enclosed, chemically treated, tank-tight units.
Portable toilets shall be enclosed, screened, and weatherproofed with internal latches. Temporary
toilet facilities need not be provided on-site for crews on a job site for no more than one working
day and having transportation readily available to nearby toilet facilities.

(b) It shall be the duty of the <u>Building responsible</u> Code Council to establish standards to
 carry out the provisions of subsection (a) of this section not inconsistent with the requirements
 for toilet facilities at construction sites established pursuant to federal occupational safety and
 health rules.

For each requested inspection, the inspector shall inform the permit holder 10 of instances in which the work inspected fails to meet the requirements of the North Carolina 11 Residential Code for One and Two Family Dwellings or the North Carolina State Building 12 Code. 13 (d) Except as provided in G.S. 160D-1117 and G.S. 160D-1207, a local government may 14 not adopt or enforce a local ordinance or resolution or any other policy that requires regular, 15 routine inspections of buildings or structures constructed in compliance with the North Carolina 16 Residential Code for One- and Two-Family Dwellings- in addition to the specific inspections 17 required by the North Carolina State Building Code without first obtaining approval from the 18 North Carolina Building Residential Code Council. A local government may not adopt or enforce 19 a local ordinance or resolution or any other policy that requires routine exterior sheathing 20 inspections for structures or dwellings covered by the North Carolina Building Code or North 21 Carolina Residential Code. The North Carolina Building-Residential Code Council shall review 22 all applications for additional inspections requested by a local government and shall, in a 23 reasonable manner, approve or disapprove the additional inspections. This subsection does not 24 limit the authority of the local government to require inspections upon unforeseen or unique 25 circumstances that require immediate action. In performing the specific inspections required by 26 the North Carolina Residential Building Code, the inspector shall conduct all inspections 27 requested by the permit holder for each scheduled inspection. For each requested inspection, the 28 inspector shall inform the permit holder of instances in which the work inspected is incomplete 29 or otherwise fails to meet the requirements of the North Carolina Residential Code for One- and 30 Two-Family Dwellings or the North Carolina State Building Code. When a subsequent 31 inspection is conducted to verify completion or correction of instances of Code noncompliance, 32 any additional violations of the Code noted by the inspector on items already approved by the 33 inspections department shall not delay the issuance of a temporary certificate of occupancy, and 34 the inspections department shall not charge a fee for reinspection of those items.

The repair or replacement installation meets the current edition of the 9 North Carolina State Building Code, including the State-North 10 Carolina Electrical Code. 11 However, a building permit is not required for the installation, maintenance, or replacement of any load control device or equipment by an electric power supplier, as defined in 12 13 G.S. 62-133.8, or an electrical contractor contracted by the electric power supplier, so long as the 14 work is subject to supervision by an electrical contractor licensed under Article 4 of Chapter 87 15 of the General Statutes. The electric power supplier shall provide such installation, maintenance, or replacement in accordance with (i) an activity or program ordered, authorized, or approved by 16 17 the North Carolina Utilities Commission pursuant to G.S. 62-133.8 or G.S. 62-133.9 or (ii) a 18 similar program undertaken by a municipal electric service provider, whether the installation, 19 modification, or replacement is made before or after the point of delivery of electric service to 20 the customer. The exemption under this subsection applies to all existing installations. 21 (b) A building permit shall be in writing and shall contain a provision that the work done shall comply with the North Carolina State Building Code and all other applicable State and local 22 23 laws. Nothing in this section requires a local government to review and approve residential 24 building plans submitted to the local government pursuant to the North Carolina Residential 25 Code, provided that the local government may review and approve the residential building plans 26 as it deems necessary. If a local government chooses to review residential building plans for any 27 structures subject to regulation under the North Carolina Residential Code for One and 28 Two Family Dwellings, Code, all initial reviews for the building permit must be performed 29 within 15 business days of submission of the plans. A local government shall not require 30 residential building plans for one- and two-family dwellings to be sealed by a licensed engineer 31 or licensed architect unless required by the North Carolina State Building Code. No building 32 permits shall be issued unless the plans and specifications are identified by the name and address 33 of the author thereof, and, if the General Statutes of North Carolina require that plans for certain 34 types of work be prepared only by a licensed architect or licensed engineer, no building permit 35 shall be issued unless the plans and specifications bear the North Carolina seal of a licensed 36 architect or of a licensed engineer. When any provision of the General Statutes of North Carolina 37 or of any ordinance or development or zoning regulation requires that work be done by a licensed 38 specialty contractor of any kind, no building permit for the work shall be issued unless the work 39 is to be performed by such a duly licensed contractor. 40 41 No building permit shall be issued pursuant to subdivision (1) of subsection (a) of this (g) 42 section where the cost of the work is thirty thousand dollars (\$30,000) or more, other than for 43 improvements to an existing single-family residential dwelling unit as defined in G.S. 87-15.5(7) that the owner occupies as a residence, or for the addition of an accessory building or accessory 44 45 structure as defined in the North Carolina Uniform Residential Building Code, the use of which 46 is incidental to that residential dwelling unit, unless the name, physical and mailing address, telephone number, facsimile number, and electronic mail address of the lien agent designated by 47 48 the owner pursuant to G.S. 44A-11.1(a) is conspicuously set forth in the permit or in an 49 attachment thereto. The building permit may contain the lien agent's electronic mail address. The owner or builder may appeal from a stop order involving alleged violation of the 15 (a) North Carolina State Building Code or any approved local modification thereof to the North 16 17 Carolina Commissioner of Insurance or his designee within a period of five days after the order 18 is issued. Notice of appeal shall be given in writing to the Commissioner of Insurance or his 19 designee, with a copy to the local inspector. The Commissioner of Insurance or his or her 20 designee shall promptly conduct an investigation, and the appellant and the inspector shall be 21 permitted to submit relevant evidence. The Commissioner of Insurance or his or her designee 22 shall as expeditiously as possible provide a written statement of the decision setting forth the 23 facts found, the decision reached, and the reasons for the decision. Pending the ruling by the 24 Commissioner of Insurance or his or her designee on an appeal, no further work shall take place 25 in violation of a stop order. In the event of dissatisfaction with the decision, the person affected 26 shall have the following options: 27 Appealing to the Building Code Council or Residential Code Council. (1)28 (2)Appealing to the superior court as provided in G.S. 143-141. 29 The owner or builder may appeal from a stop order involving alleged violation of a (b) 30 local development regulation as provided in G.S. 160D-405." 31

**SECTION 1.(p)** G.S. 160D-1127 reads as rewritten:

#### 16 DIRECT DEQ TO SEEK APPROVAL FROM USEPA TO STREAMLINE **REQUIREMENTS** 17 **IMPLEMENTATION** OF OF THE **SEDIMENTATION** 18 POLLUTION CONTROL ACT AND **FEDERAL** REOUIREMENTS FOR 19 STORMWATER DISCHARGES FROM CONSTRUCTION ACTIVITIES

20 **SECTION 11.** No later than September 1, 2023, the Department of Environmental 21 Quality shall develop a plan for submittal to USEPA that eliminates any program redundancies 22 between the State's Sedimentation Pollution Control Act of 1973 (Act), and its implementation 23 of requirements for stormwater discharges from construction activities set forth under the 2022 24 Clean Water Act National Pollution Discharge Elimination System (NPDES) general permit for 25 stormwater discharges from construction activities (Construction Permit), 87 Federal Register 26 3522, through NPDES General Permit NCG010000 (NCG01). Specifically, the plan shall include 27 measures to streamline permitting requirements to ensure persons conducting land-disturbing 28 activity are required to apply for one permit addressing all federal, State, and local requirements, 29 and, if applicable, that permit may be issued by a local government with delegated authority to 30 operate a local program in order to eliminate (i) unnecessary costs to, and duplication of efforts 31 by, persons initiating land-disturbing activities, (ii) unnecessary delays in project development, 32 and (iii) inefficient use of Department personnel and staff of local governments that administer 33 delegated erosion and sedimentation control programs. The Department shall report to the 34 Environmental Review Commission on the status of their activities pursuant to this section 35 quarterly, beginning August 1, 2024, until such time as the General Assembly repeals this 36 reporting requirement.

#### PROHIBIT FORCED SEWER CONNECTIONS IN CERTAIN SITUATIONS

SECTION 12.(a) G.S. 160A-317(a) reads as rewritten:

40 "(a) Connections. - A city may require an owner of developed property on which there 41 are situated one or more residential dwelling units or commercial establishments located within 42 the city limits and within a reasonable distance of any water line or sewer collection line owned, 43 leased as lessee, or operated by the city or on behalf of the city to connect the owner's premises 44 with the water or sewer line or both, and may fix charges for the connections. In lieu of requiring 45 connection under this subsection and in order to avoid hardship, the city may require payment of 46 a periodic availability charge, not to exceed the minimum periodic service charge for properties that are connected. A city may only require connection of an owner's premises to a sewer line, 47 48 however, if the city has adequate capacity to transport and treat the proposed new wastewater 49 from the premises at the time of connection." 50 **SECTION 12.(b)** G.S. 153A-284(a) reads as rewritten:

27	government for the purpose of ensuring assets are available for maintenance, repair, replacement, and reconstruction costs of (i) the owner's stormwater control project or (ii) other stormwater
28 29	control projects within the local government's jurisdiction. A local government may, however,
30	require an owner of a privately owned and maintained stormwater control project to establish,
31	collect, and retain funds for maintenance, repair, replacement, and reconstruction costs for the
32	owner's stormwater control project, which shall not exceed ten percent (10%) of the stormwater
33	control project's original cost of construction and shall be retained by the owner of the system. A
34	local government shall allow a time period of at least five years, beginning when the stormwater
35	control project is accepted by the local government as constructed per the local government's
36	regulations, for the funds to be collected and retained by the owner of the stormwater control
37	project. If funds are collected and retained, a local government can also require those funds be
38	held in a segregated account used solely for the purposes of maintaining, repairing, replacing,
39	and reconstructing the owner's stormwater control project.
40	
41	<b>SECTION 13.(b)</b> If, prior to the effective date of G.S. 160D-925(d1), as enacted by
42	subsection (a) of this section, a local government has required an owner of a privately owned and
43	maintained stormwater control project to make payments to the local government for the purpose
44	of ensuring assets are available for maintenance, repair, replacement, and reconstruction costs of
45	the owner's stormwater control project or other stormwater control projects within the local
46	government's jurisdiction, in accordance with G.S. 160D-925(d1), as enacted by subsection (a)
47	of this section, the local government shall make such funds accessible to the owner to cover
48	necessary maintenance, repair, replacement, and reconstruction costs for the owner's stormwater
