17	(a) A civil investigative demand is an administrative subpoena. Whenever the Attorney
19	General has reason to believe that a person has information or is in possession, custody, or control
20	of any document or other object relevant to an investigation or that would lead to the discovery
20	of relevant information in an investigation of a violation of G.S. 1-620, the Attorney General
22	may issue in writing and cause to be served upon the person, before bringing or intervening or
23	making an election in an action under G.S. 1-620, a civil investigative demand requiring the
24	person to produce any documents or objects for their inspection and copying.
25	(b) The civil investigative demand shall comply with all of the following:
26	(1) Be served upon the person in the manner required for service of process in
27	civil actions and may be served by the Attorney General or investigator
28	assigned to the North Carolina Department of Justice.
29	(2) Describe the nature of the conduct constituting the violation under
30	investigation.
31	(3) Describe the class or classes of any documents or objects to be produced with
32	sufficient definiteness to permit them to be fairly identified.
33	(4) Prescribe a reasonable date and time at which the person shall produce any
34	document or object.
35	(5) Advise the person that objections to or reasons for not complying with the
36	demand may be filed with the Attorney General on or before that date and
37	time.
38	(6) Designate a person to whom any document or object shall be produced.
39 40	(7) Contain a copy of this subsection and subsection (c) of this section.
40 41	(c) <u>The date within which any document or object must be produced shall be more than</u> 30 days after the civil investigative demand has been served upon the person.

44	interrogatory, document, thing, examination, or admission, that is obtained by any method of
45	discovery in any judicial or administrative proceeding of an adversarial nature, and any digest,
46	compilation, and index of any product of discovery. Whenever a civil investigative demand is an
47	express demand for any product of discovery, a copy of the demand shall be served on the person
48	from whom the discovery was obtained, and the Attorney General shall notify the person to
49	whom the demand is issued of the date on which the copy was served. A demand for a product

The Attorney General may petition the court that issued the protective order to modify the order to allow compliance 4 5 with the demand. Disclosure of any product of discovery pursuant to any express demand does 6 not constitute a waiver of any right or privilege that the person making the disclosure may be 7 entitled to invoke to resist discovery of trial preparation materials. 8 (e) The production of documents and objects in response to a civil investigative demand 9 served under this section shall be made under a sworn certificate a person having knowledge of 10 the facts and circumstances relating to the production and authorized to act on behalf of the public entity. The certificate shall state that all of the documentary material required by the demand and 11 12 in the possession, custody, or control of the person to whom the demand is directed has been 13 produced and made available. Upon written agreement between the person served with the civil 14 investigative demand and the Attorney General, the person may substitute copies for originals of 15 all or any part of the documents requested. If a person objects to or otherwise fails to comply with a civil investigative demand 16 (f) 17 served upon the person under subsection (a) of this section, the Attorney General may file an 18 action in superior court for an order to enforce the demand. Venue for the action to enforce the 19 demand shall be in either Wake County or the county of the public entity. Notice of a hearing on 20 the action to enforce the demand and a copy of the action shall be served upon the person in the 21 same manner as prescribed in the Rules of Civil Procedure. If the court finds that the demand is 22 proper, that there is reasonable cause to believe that there may have been a violation of 23 G.S. 1-620, and that the information sought or document or object demanded is relevant to the 24 violation, the court shall order the person to comply with the demand, subject to modifications 25 the court may prescribe. 26 If the person fails to comply with an order entered pursuant to subsection (f) of this (g) 27 section, the court may do any of the following: 28 Adjudge the person to be in contempt of court. (1)29 Grant injunctive relief against the person to whom the demand is issued to (2)30 restrain the conduct which is the subject of the investigation. 31 Grant any other relief as the court may deem proper. (3) 32 A petition for an order of the court to modify or set aside a civil investigative demand (h) 33 issued under this section may be filed by any person who has received a civil investigative 34 demand or in the case of an express demand for any product of discovery, the person on whom 35 the discovery was obtained. The petition may be filed in superior court in either Wake County or 36 the county of the public entity, or, in the case of a petition to modify an express demand for any 37 product of discovery, the petition shall be filed in the court in which the proceeding was pending when the product of discovery was obtained. Any petition under this subsection must be filed 38 39 within 30 days after the date of service of the civil investigative demand or before the return date 40 specified in the demand, whichever date is earlier, or within a longer period as may be prescribed in writing by the investigator identified in the demand. The petition shall specify each ground 41 42 upon which the petitioner relies in seeking relief and may be based upon any failure to comply 43 with the provisions of this section or upon any constitutional or other legal right or privilege of 44 the person. During the pendency of the petition in the court, the court may stay, as it deems 45 proper, the running of the time allowed for compliance with the demand, in whole or in part, 46 except that the person filing the petition shall comply with any portions of the demand not sought 47 to be modified or set aside. 48 Any documents and objects produced pursuant to this section may be used in (i) 49 connection with any civil action brought under G.S. 1-620 and for any use that is consistent with 50 the law, and the regulations and policies of the Attorney General, including use in connection 51 with internal Attorney General memoranda and reports; communications between the Attorney

Any documents and objects obtained by the Attorney General under this section 9 may be shared with any qui tam relator if the Attorney General determines it is necessary as part 10 of any improper actions act investigation. Before using or sharing documents and objects obtained by the Attorney General under this section with any person, the Attorney General may 11 12 require that the person agree to an order of the court protecting the documents or objects, or any 13 information contained in the documents or objects, from disclosure by that person. In the case of 14 documents or objects the producing party has designated as a trade secret or otherwise 15 confidential, the Attorney General shall either (i) require that the person with whom documents or objects are shared be prohibited from disclosing the documents or objects, or any information 16 17 contained in the documents or objects, or (ii) petition the court for an order directing the 18 producing party to either appear and support the designation or withdraw the designation. 19 The Attorney General may designate an employee of the North Carolina Department (i) of Justice to serve as a custodian of documents and objects. 20 21 Except as otherwise provided in this section, no documents or objects, or copies (k) 22 thereof, while in the possession of the North Carolina Department of Justice, shall be available 23 for examination by any person other than an employee of the North Carolina Department of 24 Justice. The prohibition in the preceding sentence on the availability of documents or objects 25 shall not apply if consent is given by the person who produced the documents or objects, or, in 26 the case of any product of discovery produced pursuant to an express demand, consent is given 27 by the person from whom the discovery was obtained, or prevent disclosure to any other federal 28 or State agency for use by that agency in furtherance of its statutory responsibilities upon 29 application made by the Attorney General to the superior court showing substantial need for the 30 use of the documents or objects by any agency in furtherance of its statutory responsibilities. 31 While in the possession of the custodian and under reasonable terms and conditions (l)32 as the Attorney General shall prescribe, documents or objects shall be available for examination 33 by the person who produced the documents or objects, or by a representative of that person 34 authorized by that person to examine the documents or objects. 35 If any documents or objects have been produced by any person in the course of any (m)36 investigation pursuant to a civil investigative demand under this section, and any case or 37 proceeding before any court arising out of the investigation, or any proceeding before any agency 38 involving the documents or objects, has been completed, or no case or proceeding in which the 39 documents or objects may be used has been commenced within a reasonable time after 40 completion of the investigation, the custodian shall, upon written request of the person who 41 produced the documents or objects, return to the person any documents or objects that have not 42 passed into the control of any court or agency. 43 The North Carolina Rules of Civil Procedure shall apply to this section to the extent (n) 44 that the rules are not inconsistent with the provisions of this section. 45 "§ 1-623. Improper actions procedure. 46 Statute of Limitations. – A civil action under G.S. 1-620 may not be brought (i) more (a) 47 than six years after the date on which the violation of G.S. 1-620 was committed or (ii) more than 48 three years after the date when facts material to the right of action are known or reasonably should 49 have been known by the public entity or official of the public entity charged with responsibility 50 to act in the circumstances, but in no event more than 10 years after the date on which the 51 violation is committed, whichever occurs last.
