of full-time, part-time, and temporary jobs created by the businesses; and the average wages paid 1 2 by these jobs also must be made available in a conspicuous place on the Secretary's website. 3 Capital Gain or Loss. - If an angel investor taxpaver recognized net capital gain on (f) 4 the sale or exchange of credit assets in a taxable year, then the amount of net capital gain of that 5 taxpayer eligible for the deduction otherwise allowed pursuant to this Chapter must be reduced 6 by the net capital gain on the sale or exchange of credit assets by the angel investor taxpayer. In 7 a separate computation in each taxable year, the angel investor taxpayer shall attribute the net 8 capital gain on credit assets to each credit asset in the ratio that the long-term capital gain on each 9 separate credit asset as a proportion of all such long-term gain bears to the net capital gain 10 reduction required pursuant to this subsection. If cumulative net capital gain on a credit asset multiplied by seven percent (7%) equals the total credit claimed on the credit asset, the excess of 11 12 the net capital gain attributable to this credit asset over that necessary to produce the total credit 13 amount in the computation is deducted from the reduction otherwise required pursuant to this 14 subsection. 15 If an angel investor taxpayer recognized net capital loss on the sale or exchange of credit assets in a taxable year in an amount equal to or less than the total of tax credits claimed on those 16 17 credit assets, then there is added to the angel investor taxpayer's taxable income for that taxable 18 year the amount of the net capital loss on those credit assets not to exceed the tax credits claimed 19 on those credit assets. If an angel investor taxpayer recognized net capital loss on the sale or 20 exchange of credit assets in a taxable year in an amount greater than the amount of the tax credits 21 claimed on those credit assets, then there is added to the angel investor taxpayer's taxable income for that taxable year the amount of the tax credit claimed on those credit assets. 22 23 Application. – An angel investor seeking to claim a tax credit provided for under this (g) 24 section shall submit an application to the Department of Revenue for tentative approval for the 25 tax credit in the year for which the tax credit is claimed or allowed. The Department of Revenue 26 shall provide for the manner in which the application is to be submitted. The Department of 27 Revenue shall review the application and tentatively shall approve the application upon 28 determining that it meets the requirements of this section by January 31 of the year after the 29 application was submitted. If the credit amounts on the tax credit applications filed with the 30 Department of Revenue exceed the maximum aggregate limit of tax credits, then the tax credit must be allocated among the angel investors who filed a timely application on a pro rata basis 31 32 based upon the amounts otherwise allowed by this section. Once the tax credit application has 33 been approved and the amount has been communicated to the applicant, the angel investor then 34 may apply the amount of the approved tax credit to its tax liability for the tax year of which the 35 approved application applies. 36 Report. – By March 31 of each year, the Department of Revenue shall report to the (h) 37 Joint Legislative Committee on Governmental Operations by county, the number of angel investor tax credit applications the Department has received, the number of tax credit applications 38 39 approved, and the tax credits approved. This report must be made available in a conspicuous 40 place on the Department's website. Credit Status. - Tax credits generated under this section are not securities under the 41 (i) 42 laws of this State." 43 **SECTION 2.** This act is effective for taxable years beginning on or after January 1,

44 2023.
