A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR EXTENDED-YEAR CONTRACTS FOR INITIALLY  
LICENSED TEACHERS, MENTOR TEACHERS, TEACHERS IN LOW-PERFORMING  
SCHOOLS, AND CERTAIN VETERAN TEACHERS.

Whereas, students who are struggling in school need an extended school year and individualized instructional support; and

Whereas, students and teachers would benefit from additional opportunities for teachers to participate in professional development; and

Whereas, teachers have limited time to engage in professional development during the school year because their time is largely committed to working with students; and

Whereas, teachers need more time to learn from other teachers in the context of teacher-designed and teacher-led professional development; and

Whereas, effective professional development requires learning that is situated in teachers' actual practice and focused on students' thinking and work instead of separated from teaching and learning by time and location; and

Whereas, communities of practice are essential to providing teachers with opportunities to lead, learn from, and collaborate with their professional peers; and

Whereas, transformative learning takes time to become established, and professional development that is sustained over the course of an academic year provides that time; and

Whereas, teacher evaluations should provide meaningful feedback to teachers; and

Whereas, the teacher evaluation process can incorporate professional development in order to improve teacher performance; and

Whereas, teachers should be compensated for participating in professional activities by way of an extended contractual year; and

Whereas, the General Assembly supports providing compensation for teachers in accordance with advanced teaching roles; and

Whereas, extended-year teacher contracts and advanced teaching roles can complement one another to improve teacher performance and student achievement; Now, therefore,

The General Assembly of North Carolina enacts:
