

NORTH CAROLINA GENERAL ASSEMBLY

2025 Session

Legislative Incarceration Fiscal Note

Short Title: Disorderly Conduct at Voting Places.
Bill Number: House Bill 967 (First Edition)
Sponsor(s): Rep. Cotham

FISCAL IMPACT SUMMARY

Criminal offenses are classified as misdemeanors (Class 3 as the lowest and Class A1 as the highest) and felonies (Class I to Class A). There are three types of legislative changes to offenses that may result in a fiscal impact to the State’s criminal justice system: creating a new offense, changing the class of an existing offense, or changing the scope of an existing offense.

This proposed legislation would expand the scope of a Class 2 misdemeanor and create a new Class 3 misdemeanor. The expanded scope of the Class 2 misdemeanor is not anticipated to have a fiscal impact to the State as described further in the Fiscal Analysis section. For the new Class 3 misdemeanor, there is no data to predict how many individuals may be charged or convicted. **Therefore, Fiscal Research is unable to project the fiscal impact** of the proposed legislation on the criminal justice system.

Each additional person charged under the proposed offenses will have a cost to the judicial system and each additional person convicted will have a cost to the correction system. The **cost of one charge and conviction** is listed in the table below, along with the percent of cases that incur those costs at that offense level.

Cost of One Charge and Conviction in H967, v.1										
Offense Class	Prosecution and Defense		Active Sentence					Suspended Sentence		
	Admin. Office of the Courts	Indigent Defense Services	DAC - Confinement			DAC - Post-Release Supervision (PRS)		DAC - Probation		
Misdemeanor	Cost	Cost	Rate	Cost	Length (Mo.)	Cost	Length (Mo.)	Rate	Cost	Length (Mo.)
2	\$183	\$254	Active sentences for misdemeanor convictions are served in County jail.			Misdemeanants do not receive PRS.		75%	\$3,650	13
3	\$63	\$210						82%	\$3,650	13

Note: Court costs reflect the average cost per disposition. Costs for active sentences, probation, and post-release supervision reflect the total cost of the sentence or supervision period. Costs to the Statewide Misdemeanant Confinement Program (SMCP) only occur for active sentences > 90 days and impaired driving.

FISCAL ANALYSIS

Section 1 of the proposed legislation amends G.S. 14-132 (disorderly conduct – public buildings) by adding subdivision (c)(4) to include temporary voting places during the hours of voting under the definition of “public building or facility.” A violation of G.S. 14-132 is currently a Class 2 misdemeanor. The Administrative Office of the Courts (AOC)’ analysis of this proposed legislation states that temporary voting places are already included under G.S. 14-132(c)(1) and (2). Subsection (1) includes buildings or facilities “to which the public or a portion of the public has access and is owned or controlled by the State, any subdivision of the State, any other public agency, or any private institution or agency of a charitable, educational, or eleemosynary nature.” Subsection (2) includes buildings or facilities “dedicated to the use of the general public for a purpose which is primarily concerned with public recreation, cultural activities, and other events of a public nature or character.” **No fiscal impact is anticipated because of this expanded Class 2 misdemeanor.**

Section 2 of the proposed legislation amends G.S. 163-166.4(b) to create a Class 3 misdemeanor for a person to steal, deface, vandalize, or unlawfully remove political advertising that is lawfully placed in an area adjacent to the buffer zone for a voting place. Because this a new offense, there is no historic data available for cost projections, and as such **Fiscal Research is unable to provide cost projections for this new Class 3 misdemeanor.**

TECHNICAL CONSIDERATIONS

- Offense changes are typically effective on December 1. FRD assumes that costs incurred in the first year to the judicial and correction systems would be less than annualized costs due to lag time in charges and convictions.
- This estimate assumes that expanding existing or creating new criminal offenses produces no deterrent or incapacitative effect on crime rates. Likewise, FRD assumes no deterrent effects for any modifications to criminal penalties. The estimates in this Incarceration Note make no assumptions about the larger impact on crime rates or costs to society or the State.
- This estimate makes no prediction regarding the likelihood that a prosecutor will charge an offense based on any proposed increases or decreases to the offense class level. This estimate also does not attempt to predict the impact of offense class changes on plea negotiations. FRD assumes the proposed offense class is charged and convicted at the same rate as the prior level.

- For reference, Appendix A to this document shows the costs per charge/conviction for each class of offense in North Carolina.

LEGISLATIVE FISCAL NOTE – PURPOSE AND LIMITATIONS

This document is an official fiscal analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described in the Fiscal Analysis and Technical Consideration sections of this document. This document only addresses sections of the bill that have projected direct fiscal impacts on State or local governments and does not address sections that have no projected fiscal impacts.
